

for approval. To comply with this requirement, the OCC is publishing notice of the renewal of this collection of information.

**Title:** General Reporting and Recordkeeping Requirements by Savings Associations.

**OMB Control No.:** 1557–0266.

**Type of Review:** Regular review.

**Abstract:** Federal savings associations must comply with the following regulations, which require them to establish prudent internal controls, so that examiners will have an accurate picture of their performance and condition:

- 12 CFR 144.8 (communications between members of a Federal mutual savings association);
- 12 CFR 163.47(e) (pension plans—records); and
- 12 CFR 163.76(c) (offers and sales of securities of a Federal savings association or its affiliates in any office of the savings association—form of certification).

Federal savings associations use the reports and records that the regulations require for internal management control purposes, and examiners use them to determine whether savings associations are being operated safely, soundly, and in compliance with regulations. Without these reporting and recordkeeping requirements, it would be difficult for institutions to establish prudent internal controls and would limit the ability of examiners to determine the accurate performance and condition of Federal savings associations.

**Affected Public:** Businesses or other for-profit.
