

The BLM has decided to offer for competitive sale the Federal coal reserves in two coal lease tracts, the Iron Point Coal Lease Tract (COC61209) and the Elk Creek Coal Lease Tract (COC61357). The decisions generally implement Alternative D, No Subsidence in Sensitive Areas, in the North Fork Coal Final EIS. The described actions plus additional mitigation measures would prevent subsidence under perennial streams and the Curecanti-Rifle 230/345 kv power line and protect important other resources.

The BLM has also decided to grant the Iron Point Coal Exploration License (COC61945) to Bowie Resources Limited. The decision generally implements Alternative B, Proposed Action, in the North Fork Coal Final EIS. The described actions plus additional mitigation measures would protect important other resources.

The decisions are in accordance with the Mineral Leasing Act of 1920 as amended, the Federal Coal Leasing Amendments Act of 1975 and 43 CFR 3400. The decisions are subject to appeal for 30 days under the provisions of 43 CFR part 4.

Dated: March 30, 2000.
