The final EIS documents the effects of withdrawing from location and entry under the General Mining Law 1,006,545 acres of Federal land and interests in land in the vicinity of the Grand Canyon, Arizona for 20 years, subject to valid existing rights. The

withdrawal would also apply to lands subsequently acquired by the United States within the boundaries of the withdrawal. The Resource Management Plan for the Arizona Strip Field Office and Forest plans for the Kaibab National Forest would be amended to reflect the intent of the withdrawal. Based on the analysis in the Northern Arizona Proposed Withdrawal EIS, and as set forth in the ROD, the Department of the Interior has decided a withdrawal of 1,006,545 acres from location and entry under the Mining Law, subject to valid existing rights and in accordance with the preferred alternative is warranted. Unpatented mining claims with valid existing rights and private lands will not be affected.

The Record of Decision constitutes the final decision of the Secretary of Interior. There is no administrative protest or appeal from a decision of the Secretary.
