

SUMMARY: The Mid-Atlantic Fishery Management Council's Research Steering Committee (RSC) will hold a series of four workshops to potentially redevelop the research set-aside (RSA) program.

DATES: The first three workshops will be held via webinar on Thursday, July 15, Tuesday, August 31, and Thursday, October 14, 2021, all beginning at 10 a.m. and concluding by 4 p.m. The fourth workshop will be held in-person at a to be determined date and time in the late fall. For agenda details, see **SUPPLEMENTARY INFORMATION**.

ADDRESSES: The first three workshops will be held via webinar and the final meeting will be an in-person workshop in the late fall. Details on the agenda, webinar listen-in access, and briefing materials will be posted at the MAFMC's website: www.mafmc.org.
Council address: Mid-Atlantic Fishery Management Council, 800 N State Street, Suite 201, Dover, DE 19901; telephone: (302) 674-2331; www.mafmc.org.

FOR FURTHER INFORMATION CONTACT: Christopher M. Moore, Ph.D., Executive Director, Mid-Atlantic Fishery Management Council; phone: (302) 526-5255.

SUPPLEMENTARY INFORMATION: The Council is hosting a series of 4 workshops (3 webinars and 1 in-person meeting) to develop recommendations for the possible redevelopment of the RSA program. Each webinar will target a separate topic related to RSA (research, funding, and enforcement). The Scientific and Statistical Committee Economic Working Group will work collaboratively with the Council's RSC to provide economic input specific to each webinar topic, as well as develop meeting reports and briefing materials for the in-person workshop in the fall. During the final in-person workshop, participants will review the recommendations from the first three webinars and develop final recommendations for RSA program redevelopment. Workshop participants will include a core group of individuals who will be invited to attend all four workshops. Staff may solicit additional participants with topic-specific expertise to participate in each workshop. All workshops will be open to the public.

Special Accommodations

The meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Kathy Collins at the Mid-Atlantic Council Office, (302)

526-5253, at least 5 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: June 21, 2021.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Fisheries of the Gulf of Mexico; Southeast Data, Assessment, and Review (SEDAR); Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of SEDAR 72 assessment webinar IV for Gulf of Mexico gag grouper.

SUMMARY: The SEDAR 72 stock assessment process for Gulf of Mexico gag grouper will consist of a series of data and assessment webinars. See **SUPPLEMENTARY INFORMATION**.

DATES: The SEDAR 72 Assessment Webinar IV will be held July 12, 2021, from 1 p.m. until 3 p.m., Eastern Time.

ADDRESSES: The meeting will be held via webinar. The webinar is open to members of the public. Those interested in participating should contact Julie A. Neer at SEDAR (see **FOR FURTHER INFORMATION CONTACT**) to request an invitation providing webinar access information. Please request webinar invitations at least 24 hours in advance of each webinar.

SEDAR address: 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405.

FOR FURTHER INFORMATION CONTACT: Julie A. Neer, SEDAR Coordinator; (843) 571-4366; email: Julie.neer@safmc.net.

SUPPLEMENTARY INFORMATION: The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a multi-step process including: (1) Data Workshop, (2) a series of assessment webinars, and (3) A Review Workshop.

The product of the Data Workshop is a report that compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The assessment webinars produce a report that describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The product of the Review Workshop is an Assessment Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office, HMS Management Division, and Southeast Fisheries Science Center. Participants include data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and NGO's; International experts; and staff of Councils, Commissions, and state and federal agencies.

The items of discussion during the Assessment Webinar are as follows:

- Using datasets and initial assessment analysis recommended from the data webinars, panelists will employ assessment models to evaluate stock status, estimate population benchmarks and management criteria, and project future conditions.

- Participants will recommend the most appropriate methods and configurations for determining stock status and estimating population parameters.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to the Council office (see **ADDRESSES**) at least 5 business days prior to each workshop.

Note: The times and sequence specified in this agenda are subject to change.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: June 21, 2021.

[RTID: 0648-XB178]

Mid-Atlantic Fishery Management Council (MAFMC); Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; public meeting.

SUMMARY: The Mid-Atlantic Fishery Management Council's Summer Flounder, Scup, and Black Sea Bass Monitoring Committee will hold a public webinar meeting.

DATES: The meeting will be held Tuesday, July 27, 2021 from 9 a.m. to 3 p.m. For agenda details, see **SUPPLEMENTARY INFORMATION.**

ADDRESSES: The meeting will be held via webinar. Connection information will be posted to the calendar at www.mafmc.org prior to the meeting. *Council address:* Mid-Atlantic Fishery Management Council, 800 N State Street, Suite 201, Dover, DE 19901; telephone: (302) 674-2331; www.mafmc.org.

FOR FURTHER INFORMATION CONTACT: Christopher M. Moore, Ph.D., Executive Director, Mid-Atlantic Fishery Management Council, telephone: (302) 526-5255.

SUPPLEMENTARY INFORMATION: The Summer Flounder, Scup, and Black Sea Bass Monitoring Committee will meet via webinar to discuss management measures for all three species. The objectives of this meeting are for the Monitoring Committee to: (1) Review recent stock assessment information, fishery performance, and recommendations from the Advisory Panel, the Scientific and Statistical Committee, and staff; (2) Recommend 2022-2023 commercial and recreational Annual Catch Limits, Annual Catch Targets, commercial quotas, and recreational harvest limits for summer flounder, scup, and black sea bass; (3) Review commercial management measures for all three species and recommend changes if needed; and (4) Review and discuss 2020 recreational

data collection gaps and catch estimation methodology from the Marine Recreational Information Program. Meeting materials will be posted to www.mafmc.org.

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Kathy Collins at the Mid-Atlantic Council Office (302) 526-5253 at least five days prior to the meeting date.

Dated: June 15, 2021.

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of SEDAR 77 Highly Migratory Species (HMS) Hammerhead Shark Stock Identification (ID) webinar 1.

SUMMARY: The SEDAR 77 assessment of the Atlantic stock of hammerheads sharks will consist of a stock ID process, data webinars/workshop, a series of assessment webinars, and a review workshop.

DATES: The SEDAR 77 HMS Hammerhead Shark Stock ID webinar 1 has been scheduled for Tuesday July 20, 2021, from 10 a.m. until 1 p.m. ET.

ADDRESSES:

Meeting address: The meeting will be held via webinar. The webinar is open to members of the public. Registration is available online at: <https://attendee.gotowebinar.com/register/7340326848399428367>.

SEDAR address: South Atlantic Fishery Management Council, 4055 Faber Place Drive, Suite 201, N. Charleston, SC 29405; www.sedarweb.org.

FOR FURTHER INFORMATION CONTACT:

Kathleen Howington, SEDAR Coordinator, 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405; phone: (843) 571-4371; email: Kathleen.Howington@safmc.net.

SUPPLEMENTARY INFORMATION: The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions, have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a three-step process including: (1) Data Workshop; (2) Assessment Process utilizing webinars; and (3) Review Workshop. The product of the Data Workshop is a data report which compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The product of the Assessment Process is a stock assessment report which describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The assessment is independently peer reviewed at the Review Workshop. The product of the Review Workshop is a Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office, Highly Migratory Species Management Division, and Southeast Fisheries Science Center. Participants include: Data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and non-governmental organizations (NGOs); international experts; and staff of Councils, Commissions, and state and federal agencies.

The items of discussion at the SEDAR 77 HMS Hammerhead Shark Stock ID webinar 1 are as follows:

- Participants will use review genetic studies, growth patterns, and any other relevant information on hammerhead shark stock structure.

- Participants will make preliminary recommendations on biological stock structure and define the unit stock or stocks to be addressed through this assessment.

- Participants will review and request additional stock structure analyses if needed.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will
