II. Public Hearing To Be Held on Objections to EPA's Notice of Intent To Suspend DCPA

EPA previously published (87 FR 25262, April 28, 2022) a Notice of Intent to Suspend (NOITS) the registration of DCPA pursuant to its authority under Section 3(c)(2)(B)(iv) of the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), 7 U.S.C. 136a(c)(2)(B)(iv). Section 3(c)(2)(B)(iv) of FIFRA provides that any person adversely affected by the NOITS may request a hearing on the proposed suspension within thirty days of the registrant receiving the notice. On May 24, 2022, the Western Plant Health Association filed an objection to the NOITS. On May 27, 2022, AMVAC Chemical Corporation, the DCPA registrant, filed an objection to the NOITS and requested a hearing. Also on May 27, 2022, the Grower-Shipper Association of Central California, Sunheaven Farms, LLC, J&D Produce, Ratto Bros., Inc., and Huntington Farms jointly filed an objection to the NOITS and requested a hearing.

The hearing requests commenced a proceeding under Section 6(d) of FIFRA, 7 U.S.C. 136d(d), and EPA's procedural rules, 40 CFR 164, before EPA's Office of Administrative Law Judges. The proceeding includes a public hearing that will be held to receive evidence from the parties relevant and material to issues raised by petitioners objecting to the proposed suspension of DCPA. FIFRA section 3(c)(2)(B)(iv) specifically limits the scope of the hearing to two questions: (1) whether the registrant has failed to take the action that served as the basis for the notice of intent to suspend the registration of the pesticide for which additional data is required;

and (2) whether the Administrator's determination with respect to the disposition of existing stocks is consistent with FIFRA.

As set forth in **DATES** and **ADDRESSES**, the hearing will begin at 9 a.m. July 6, 2022, and continue as necessary through July 8, 2022, in the EPA Administrative Courtroom, EPA East Building, Room 1152, 1201 Constitution Ave. NW, Washington, DC 20460. Anyone wishing to attend the hearing must notify Mary Angeles, Headquarters Hearing Clerk, Office of Administrative Law Judges, by email no later than July 1, 2022, at the email address listed under **FOR FURTHER INFORMATION CONTACT**. A notice of intent to attend the hearing shall include the individual's name, email address, telephone number, and any organization they represent. On the day of the hearing, attendees must present government-issued identification to enter EPA facilities, and they will be required to wear a mask and physically distance from others in the hearing room. Attendees may face further restrictions on entry based on the community level of COVID-19 at the time of the hearing.

Authority: 7 U.S.C. 136 *et seq.*; 40 CFR 164.

Dated: June 14, 2022.

Abstract: Section 3004 of the Resource Conservation and Recovery Act (RCRA), as amended, requires that EPA develop standards for hazardous waste treatment, storage, and disposal as may be necessary to protect human health and the environment. Subsections 3004(d), (e), and (g) require EPA to promulgate regulations that

prohibit the land disposal of hazardous waste unless it meets specified treatment standards described in subsection 3004(m).

The regulations implementing these requirements are codified in the Code of Federal Regulations (CFR) Title 40, Part 268. EPA requires that facilities maintain the data outlined in this ICR so that the Agency can ensure that land disposed waste meets the treatment standards. EPA strongly believes that the recordkeeping requirements are necessary for the agency to fulfill its congressional mandate to protect human health and the environment.

Form Numbers: None.

Respondents/affected entities: Private sector and State, Local, or Tribal governments.

Respondent's obligation to respond: Mandatory (40 CFR part 268).

Estimated number of respondents: 77,612.

Frequency of response: On occasion.

Total estimated burden: 517,369 hours per year. Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$87,510,974 (per year), which includes \$45,898,132 in annualized capital and operation & maintenance costs.

Changes in the estimates: The total annual hour burden in this ICR decreased by 82,701 hours from the currently approved ICR. This decrease is due to a decrease in the number of respondents.

Director, Regulatory Support Division.

Notice of Proposed Administrative Settlement Agreement for Recovery of Past Response Costs at the Omega Chemical Corporation Superfund Site in Los Angeles County, California

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed settlement; request for public comment.

SUMMARY: In accordance with the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended ("CERCLA"), notice is hereby given that the Environmental Protection Agency (EPA), has entered into a proposed settlement, embodied in an Administrative Settlement Agreement

for Recovery of Past Response Costs ("Settlement Agreement"), with Powerline Oil Company and Lakeland Development Company. Under the Settlement Agreement, Powerline and Lakeland agree to pay a total of \$150,000 to reimburse EPA for costs EPA has incurred at the Omega Chemical Corporation Superfund Site ("Omega").

DATES: Comments must be received on or before July 25, 2022.

ADDRESSES: Please contact Michael Massey at massey.michael@epa.gov or (415) 972-3034 to request a copy of the Settlement Agreement. Comments on the Settlement Agreement should be submitted in writing to Mr. Massey at massey.michael@epa.gov. Comments should reference the Omega Site and the EPA Docket Number for the Settlement Agreement, EPA R9-2022-01. If for any reason you are not able to submit a comment by email, please contact Mr. Massey at (415) 972-3043 to make alternative arrangements for submitting your comment. EPA will post its response to comments at <https://cumulis.epa.gov/supercpad/cursites/csinfo.cfm?id=0903349>, EPA's web page for the Omega Site.

FOR FURTHER INFORMATION CONTACT: Michael Massey, Assistant Regional Counsel (ORC-3), Office of Regional Counsel, U.S. EPA Region IX, 75 Hawthorne Street, San Francisco, CA 94105; Email: massey.michael@epa.gov; Phone (415) 972-3034.

SUPPLEMENTARY INFORMATION: Notice of this proposed Settlement Agreement is made in accordance with Section 122(i) of CERCLA, 42 U.S.C. 9622(i). The Settlement Agreement concerns costs incurred by EPA in connection with Omega, a CERCLA response action in Los Angeles County, California, where groundwater contamination has come to be located. Powerline and Lakeland, which agree to pay EPA a total of \$150,000, are the only parties to the Settlement Agreement. EPA has collected costs from other responsible parties at Omega and intends further cost recovery from additional parties in the future; however, because EPA is not recovering one hundred percent of its past costs at this time, this Settlement Agreement represents a compromise of EPA's costs. The settlement includes a covenant not to sue pursuant to Sections 106 and 107(a) of CERCLA, 42 U.S.C. 9606 and 9607(a).

EPA will consider all comments received on the Settlement Agreement in accordance with the **DATES** and **ADDRESSES** sections of this Notice and may modify or withdraw its consent to the Settlement Agreement if comments

received disclose facts or considerations that indicate that the settlement is inappropriate, improper, or inadequate.

Dated: June 15, 2022.

Michael Montgomery,

Director, Superfund and Emergency Management Division, Region 9.
