

rule change has already been approved in the Approval Order. The Exchange notes that the technology for the NMS network was available in production on May 18, 2020. The Exchange states that waiver of the operative delay would allow the Exchange to implement the NMS network without delay, thus enhancing the performance of the CTA/CQ and OPRA SIPs. For those reasons, the Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission waives the 30-day operative delay and designates the proposed rule change operative upon filing.²⁷

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)²⁸ of the Act to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-NYSECHX-2020-18 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.

BILLING CODE 8011-01-P

SOCIAL SECURITY ADMINISTRATION

[Docket No. SSA-2020-0004]

Privacy Act of 1974; System of Records

AGENCY: Office of Retirement and Disability Policy, Social Security Administration (SSA).

ACTION: Notice of a modified system of records.

SUMMARY: In accordance with the Privacy Act, we are issuing public notice of our intent to modify an existing system of records entitled, Electronic Disability Claim File (60-0320), hereinafter referred to as the eDib Claim File, last published on December 22, 2003. This notice publishes details of the modified system as set forth below under the caption,

SUPPLEMENTARY INFORMATION.

DATES: The system of records notice (SORN) is applicable upon its publication in today's **Federal Register**, with the exception of the routine uses, which are effective July 6, 2020. We invite public comment on the routine uses or other aspects of this SORN. In accordance with 5 U.S.C. 552a(e)(4) and (e)(11), the public is given a 30-day period in which to submit comments. Therefore, please submit any comments by July 6, 2020.

ADDRESSES: The public, Office of Management and Budget (OMB), and Congress may comment on this publication by writing to the Executive Director, Office of Privacy and Disclosure, Office of the General Counsel, SSA, Room G-401 West High Rise, 6401 Security Boulevard, Baltimore, Maryland 21235-6401, or through the Federal e-Rulemaking Portal at <http://www.regulations.gov>, please reference docket number SSA-2020-0004. All comments we receive will be available for public inspection at the above address and we will post them to <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: Anthony Tookes, Government Information Specialist, Privacy Implementation Division, Office of Privacy and Disclosure, Office of the General Counsel, SSA, Room G-401 West High Rise, 6401 Security Boulevard, Baltimore, Maryland 21235-6401, telephone: (410) 966-5855, email: Anthony.Tookes@ssa.gov.

SUPPLEMENTARY INFORMATION: We are modifying the system of records name from "eDib Claim File, Social Security Administration, Deputy Commissioner for Disability and Income Security Programs" to "Electronic Disability (eDib) Claim File" to accurately reflect the system. We are modifying the system manager to clarify the name of the office.

In addition, we are clarifying the categories of individuals covered by the system of records and expanding the categories of records to include vendor information concerning medical examiners or medical providers from whom SSA obtains medical records to support medical disability determinations. Specific identifying information concerning the vendor could include name, address, telephone number, tax identification number or employer identification number.

We are modifying the categories of records to include beneficiary notice control number (BNC). Section 2 of the Social Security Number Fraud Prevention Act of 2017 (H.R. 624, Pub. L. 115-59, hereafter referred to as P.L. 115-59), restricts the inclusion of Social

²⁹ 17 CFR 200.30-3(a)(12).

Security numbers (SSN) on documents the Federal government sends by mail. Some of our mailed documents include a placeholder for the responder to include the full SSN. Pursuant to P.L. 115–59, we will retain the SSN for mailed documents that we determined are “mission critical” and require an SSN to facilitate our business processes. The remaining mailed documents that are not mission critical will have the SSN removed and replaced with a BNC. We also clarified that this system contains data from other SSA systems of records.

We are modifying the eDib Claim File to include the Disability Case Processing System (DCPS). DCPS modernizes the technology infrastructure that supports disability case processing nationwide. DCPS contains information from SSA and Disability Determination Services (DDS) personnel, disability applicants, disability claimants or individuals authorized to represent them, beneficiaries, third parties (e.g., medical examiners and medical providers). DCPS interfaces with existing SSA disability claims systems to gather information needed to process disability claims and make final disability determinations.

The Disability Vendor Repository (DVR) is maintained within DCPS. The DVR is where we maintain a list of medical examiners and medical providers. The DVR contains vendor information that supports the disability determination process; specifically, medical evidence requests, consultative exam requests, medical and non-medical assistance requests, and fiscal processes.

We are deleting routine use No. 17, of the prior version of the SORN, as it is no longer applicable and no longer a condition of the individual’s eligibility for payment under section 1611(e)(3) of the Social Security Act. This routine use permitted disclosures to institutions or facilities approved for the treatment of drug addicts or alcoholics. We are also adding a routine use to permit disclosures to contractors, cooperative agreement awardees, Federal and State agencies, and Federal congressional support agencies for research and statistical activities. In the past, we disclosed information from this system of records to the entities listed above under our efficient administration routine use. We are establishing this new routine use to distinguish disclosures that we make specifically for research purposes. We are also modifying the policies and practices for the retrieval of records to clarify that we will also retrieve records by BNC.

Lastly, we are modifying the notice throughout to correct miscellaneous stylistic formatting and typographical errors of the previously published notice, and to ensure the language reads consistently across multiple systems. We are republishing the entire notice for ease of reference.

In accordance with 5 U.S.C. 552a(r), we provided a report to OMB and Congress on this modified system of records.

Matthew Ramsey,

Executive Director, Office of Privacy and Disclosure, Office of the General Counsel.

SYSTEM NAME:

Electronic Disability (eDib) Claim File, 60–0320.

SECURITY CLASSIFICATION:

Unclassified.

SYSTEM LOCATION:

The eDib Claim Files are virtually established in Social Security Administration (SSA) field offices when claims for benefits are filed, or a lead is expected to result in a claim. The electronic records are maintained at: Social Security Administration, Office of Systems, National Computer Center, 6401 Security Boulevard, Baltimore, MD 21235.

SYSTEM MANAGER(S):

Social Security Administration, Deputy Commissioner of Retirement and Disability Policy, Office of Disability Policy, 6401 Security Boulevard, Baltimore, MD 21235.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

Sections 202–205, 216, 221, 223, 226, 228, 1611, 1614, 1631, 1818, 1836, and 1840 of the Social Security Act, as amended.

PURPOSE(S) OF THE SYSTEM:

The eDib Claim File contains material related to the request for or continuation of benefit payments under Titles II and XVI of the Social Security Act. We will use the information in this system for purposes of pursuing claims; collecting, documenting, organizing and maintaining information and documents for making determinations of eligibility for disability benefits, the amount of benefits, the appropriate payee for benefits; reviewing continuing eligibility; holding hearings or administrative review processes; ensuring that proper adjustments are made based on events affecting entitlement; and answering inquiries. We may also use eDib claim files for quality review, evaluation, and measurement studies, and other

statistical and research purposes. We may maintain extracts as interviewing tools, activity logs, records of claims clearance, and records of type or nature of actions taken.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

This system maintains information about claimants and those acting on their behalf, applicants, beneficiaries and potential claimants for disability benefits and payments administered by SSA. The system also maintains information about medical examiners and medical providers.

CATEGORIES OF RECORDS IN THE SYSTEM:

This system maintains records that include, but are not limited to, the name, Social Security number (SSN), and date of birth of the claimant or potential claimant and may contain the application for benefits; supporting evidence and documentation for initial and continuing entitlement (e.g., diagnosis, beginning and end dates of disability, basis for disability determination, copies of medical reports, work history, educational level, reexamination date (if applicable)); date of application; payment documentation; correspondence to and from claimants or representatives; information about representative payees; information received from third parties regarding claimants’ potential entitlement; BNC; vendor information concerning medical examiners or medical providers from whom SSA obtains medical records to support medical disability determinations; data collected as a result of inquiries and complaints or evaluation and measurement studies, which assess the effectiveness of claims policies; records of certain actions entered directly into the computer processes, which include reports of changes of address, work status and other post-adjudicative actions; and abstracts used for statistical purposes (e.g., disallowances, technical denials, and demographic and statistical information relating to disability decisions).

The system may also include names and titles of persons making or reviewing the determination and certain administrative data as well as data relative to the location of the file and the status of the claim.

Finally, this system includes medical examiners’ and medical providers’ names, address, tax identification number or employee identification number, and an indicator when the medical examiner or medical provider is listed on the Department of Health and Human Services Office of Inspector

General's List of Excluded Individuals and Entities (LEIE). The LEIE list identifies medical providers or medical examiners who may provide medical evidence to SSA that we cannot accept.

RECORD SOURCE CATEGORIES:

We obtain information in this system from claimants, beneficiaries, applicants and recipients; accumulated by SSA from reports of employers or self-employed individuals; various local, State, and Federal agencies, including from the LEIE; claimant representatives; and other sources that support factors of entitlement and continuing eligibility, (*i.e.*, information received from third parties regarding claimant's potential entitlement or eligibility). This system also contains data from other SSA systems of records, including the Claims Folder (SORN 60-0089).

tribunal, or another party is a use of the information contained in the records that is compatible with the purpose for which the records were collected.
