Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: This program provides technical assistance and information that (1) support States and local entities in building capacity to improve early intervention, educational, and transitional services and results for children with disabilities and their families; and (2) address goals and priorities for changing State systems that provide early intervention, educational, and transitional services for children with disabilities and their families.

Priority: In accordance with 34 CFR 75.105(b)(2)(iv), this priority is from allowable activities specified in the statute (see sections 661(e)(2) and 685 of the Individuals with Disabilities Education Act (IDEA)).

Absolute Priority: For FY 2004 this priority is an absolute priority. Under 34 CFR 75.105(c)(3), we consider only applications that meet this priority.

Background

IDEA includes provisions designed to ensure that each child with a disability is provided a high-quality individual program of services to meet his or her developmental and educational needs. For children who are deaf and blind to receive such services, intensive technical assistance must be afforded SEAs and LEAs, parents, and professionals regarding appropriate educational placements, accommodations, environmental adaptations, support services, and other matters. In addition, given the severity of deaf-blindness and the low-incidence nature of this population, many early intervention programs or local school districts lack personnel with the training or experience to serve children who are deaf-blind.

Text of Priority: This priority supports projects to build the capacity of SEAs and LEAs, parents, and professionals to improve outcomes for children and young adults who are deaf-blind and their families, by providing technical assistance, information, and training on early intervention, special education, related services, and transitional services. Projects must:

(a) Identify and support specific activities to, at a minimum—

(1) Enhance State capacity to improve services and results for children who are deaf-blind;

(2) Facilitate the achievement of systemic-change goals by improving education opportunities for children who are deaf-blind;

(3) Focus on implementation of research-based best practices;

(4) Ensure that service providers have the necessary skills to address the unique needs of children who are deaf-blind; and

(5) Address the needs of families of children who are deaf-blind.

(b) Maintain needs assessment information to develop Statewide priorities for technical assistance, information, and training across all age ranges by —

(1) Collecting basic demographic information on children who are deaf-blind;

(2) Assessing the critical needs of these children; and

(3) Assessing current needs of the State in providing services to children who are deaf-blind and their families.

(c) Develop and implement procedures to evaluate the impact of program activities on services and outcomes for children and young adults who are deaf-blind and their families by—

(1) Evaluating the effectiveness of strategies in achieving program goals and objectives;

(2) Including measures of change in outcomes for children; and

(3) Consulting with the project's advisory committee regarding the development of the evaluation procedures.

(d) Coordinate and collaborate with SEAs, and other relevant agencies and organizations, including other projects serving children who are deaf-blind under IDEA. This includes specific collaboration activities with the National Clearinghouse on Deaf-Blindness (DB-LINK) and the Technical Assistance Consortium with Children and Young Adults with Deaf-Blindness (NTAC).

(e) Disseminate effective practices and relevant information to families, service providers, LEAs, and agencies.

(f) Prior to developing any new product, whether paper or electronic, submit for approval a proposal describing the content and purpose of the product to the document review board of the Office of Special Education Programs' (OSEP) Dissemination Center.

(g) Provide OSEP-specified technical assistance to States. This effort may include: (1) Participation in collaborative Web-based technical assistance activities, or (2) coordination of and participation in State-to-State communities of practice.

(h) Establish and maintain an advisory committee to assist in

promoting project activities. Each committee must include at least one adult with deaf-blindness and one student with deaf-blindness, a parent of a child with deaf-blindness, a representative of each SEA and each State lead agency under Part C of IDEA in the State (or States) served by the project, and a limited number of professionals with training and experience in serving children with deaf-blindness.

Funds awarded under this priority may not be used for direct early intervention, special education, or related services provided under Parts B and C of IDEA.

During year two of the project period, each grantee must conduct a comprehensive self-evaluation of the project. The self-evaluation must include a review of the degree to which the project is meeting the proposed objectives and goals and an evaluation of the outcome data. In addition, the Department intends to conduct a limited number of on-site evaluations based on a stratified randomized sample of sites. Costs associated with this on-site evaluation are estimated to be \$6,500 and should be included in the project's second year budget.

Waiver of Proposed Rulemaking:

Under the Administrative Procedure Act (5 U.S.C. 553), the Department generally offers interested parties the opportunity to comment on proposed priorities. However, section 661(e)(2) of IDEA makes the public comment requirements inapplicable to the priority in this notice.

Program Authority: 20 U.S.C. 1485.

Applicable Regulations: The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 85, 86, 97, 98, and 99.

Note: The regulations in 34 CFR part 79 apply to all applicants except federally recognized Indian tribes.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education only.

For funding information regarding individual States, see chart in the Award Information section of this notice.

*The Secretary may make awards under the priority described in the Priority section of this notice to support single or multi-State projects. A State may be served by only one supported project. In determining the maximum funding levels for each State the Secretary considers, among other things, the following factors: (1) Total number of children from birth through age 21 in the State; (2) Number of people in poverty in the State; (3) Previous funding levels; and (4) Maximum and minimum funding amounts. We will reject an application for a State project that proposes a budget exceeding the funding level for a single budget period of 12 months. In the event an applicant proposes a multi-State project, the budget may not exceed the sum for individual participating States. The Assistant Secretary for the Office of Special Education and Rehabilitative Services may change the maximum amount through a notice published in the **Federal Register**.

Note: The Department is not bound by any estimates in this notice.

2. *Content and Form of Application Submission:* Requirements concerning the content of an application, together with the forms you must submit, are in the application package for this competition.

Page Limit: The application narrative (Part III of the application) is where you, the applicant, address the selection criteria that reviewers use in evaluating your application. You must limit Part III to the equivalent of no more than 70 pages, using the following standards:

- A "page" is 8.5" x 11" on one side only, with 1" margins at the top, bottom, and both sides.

- Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, and

captions, as well as all text in charts, tables, figures, and graphs.

- Use a font that is either 12-point or larger or no smaller than 10 pitch (characters per inch).

The page limit does not apply to Part I, the cover sheet; Part II, the budget section, including the narrative budget justification; Part IV, the assurances and certifications; or the one-page abstract, the resumes, the bibliography, the references, or the letters of support. However, you must include all of the application narrative in Part III.

Under the Administrative Procedure Act (5 U.S.C. 553) the Department generally offers interested parties the opportunity to comment on proposed regulations. However, these amendments make procedural changes only and do not establish new substantive policy. Therefore, under 5 U.S.C. 553(b)(A), the Secretary has determined that proposed rulemaking is not required.

Pilot Project for Electronic Submission of Applications: We are continuing to expand our pilot project for electronic submission of applications to include additional formula grant programs and additional discretionary grant competitions.
