

Workgroup to reassess the effects of Pacific Council-area ocean salmon fisheries on the Chinook salmon prey base of SRKW. A draft Terms of Reference was reviewed by the Pacific Council which describes the purpose of the Workgroup, a proposed timeline to accomplish this task, and a list of participants. Supporting documents can be found on the Pacific Council's website under the April 2019 Briefing Book (<https://www.pcouncil.org/resources/archives/briefing-books/april-2019-briefing-book>, Agenda Item F.3.a, Supplemental NMFS Report 1, April 2019 and Agenda Item D.6.a, Supplemental NMFS Report 1, April 2019). Materials presented during past Workgroup meetings may be found on the NMFS West Coast Regional website (<https://www.fisheries.noaa.gov/west-coast/southern-resident-killer-whales-and-fisheries-interaction-workgroup>).

Although non-emergency issues not contained in the meeting agendas may be discussed, those issues may not be the subject of formal action during these meetings. Action will be restricted to those issues specifically listed in this document and any issues arising after publication of this document that

require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

POLICY JUSTIFICATION

Taipei Economic and Cultural Representative Office in the United States (TECRO)—CONUS Based F-16 Training

TECRO has requested a possible sale for the continuation of a pilot training program and maintenance/logistics support for F-16 aircraft currently at Luke Air Force Base, Arizona, to include flight training; participation in U.S. Government approved training exercises; inert/dummy training

munitions; supply and maintenance support; spares and repair parts; support equipment; U.S. Government program management; publications; documentation; personnel training and training equipment; fuel and fueling services; U.S. Government and contractor engineering, technical, and logistics support services; and other related elements of program and logistical support necessary to sustain a long-term CONUS training program. The total estimated program cost is \$500 million.

This proposed sale is consistent with U.S. law and policy as expressed in Public Law 96-8.

This proposed sale will support the foreign policy and national security of the United States by helping to improve the security and defensive capability of the recipient, which has been and continues to be an important force for political stability, military balance, and economic progress in the region.

The recipient and the United States Air Force (USAF) will have the opportunity to fly together, which will support disaster relief missions, non-combatant evacuation operations, and other contingency situations. These services and equipment are used in the continuing pilot training program currently at Luke Air Force Base,

Arizona. This program enables the recipient to develop mission ready and experienced pilots through CONUS training. The training provides a "capstone" course that takes experienced pilots and significantly improves their tactical proficiency. Training is a key component of combat effectiveness.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractors will be URS Federal Services, Inc., Germantown, MD and L3, Greenville, Texas. At this time, there are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to the recipient. The USAF will provide instruction, flight operations, maintenance support and facilities. Approximately 100 U.S. contractors will provide aircraft maintenance and logistics support for the F-16 aircraft.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.
