

INTERNATIONAL TRADE COMMISSION

[Investigation No. 731-TA-1070B (Final)]

Certain Tissue Paper Products From China

Determination

On the basis of the record¹ developed in the subject investigation, the United States International Trade Commission (Commission) determines, pursuant to section 735(b) of the Tariff Act of 1930 (19 U.S.C. 1673d(b)) (the Act), that an industry in the United States is materially injured by reason of imports from China of tissue paper,² provided for in subheadings 4802.30; 4802.54; 4802.61; 4802.62; 4802.69; 4804.39; 4806.40; 4808.30; 4808.90; 4811.90; 4823.90; 4820.50.00; 4802.90.00; 4805.91.90; and 9505.90.40 of the Harmonized Tariff Schedule of the United States, that have been found by the Department of Commerce (Commerce) to be sold in the United States at less than fair value (LTFV).³ The Commission makes a negative finding with respect to critical circumstances.⁴

Background

The Commission instituted this investigation effective February 17, 2004, following receipt of a petition filed with the Commission and Commerce by Seaman Paper Company of Massachusetts, Inc.; American Crepe Corporation; Eagle Tissue LLC; Flower City Tissue Mills Co.; Garlock Printing & Converting, Inc.; Paper Service Ltd.;

Putney Paper Co., Ltd.; and the Paper, Allied-Industrial, Chemical and Energy Workers International Union AFL-CIO, CLC. The final phase of the investigation was scheduled by the Commission following notification of a preliminary determination by Commerce that imports of tissue paper from China were being sold at LTFV within the meaning of section 733(b) of the Act (19 U.S.C. 1673b(b)). Notice of the scheduling of the final phase of the Commission's investigation and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of October 8, 2004 (69 FR 60423), subsequently revised on November 15, 2004 (69 FR 65632). The hearing was held in Washington, DC, on December 9, 2004, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determination in this investigation to the Secretary of Commerce on March 21, 2005. The views of the Commission are contained in USITC Publication 3758 (March 2005), entitled Certain Tissue Paper Products from China: Investigation No. 731-TA-1070B (Final).

Issued: March 21, 2005.

By order of the Commission.

Marilyn R. Abbott,

Secretary to the Commission.

BILLING CODE 7020-02-P

¹ The record is defined in § 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

² Tissue paper as defined by Commerce in *Notice of Final Determination of Sales at Less Than Fair Value: Certain Tissue Paper Products from the People's Republic of China*, 70 FR 7475, February 14, 2005. The tissue paper products subject to investigation are cut-to-length sheets of tissue paper having a basis weight not exceeding 29 grams per square meter. "Consumer" tissue paper is sold packaged for retail sale to consumers; "bulk" tissue paper is typically used by businesses as a wrap to protect customer purchases.

³ Vice Chairman Deanna Tanner Okun, Commissioner Marcia E. Miller, and Commissioner Daniel R. Pearson find two domestic like products in this investigation—consumer tissue paper and bulk tissue paper. They determine that an industry in the United States is materially injured by reason of imports of bulk tissue paper from China. They also determine that an industry in the United States is not materially injured or threatened with material injury, and that the establishment of an industry in the United States is not materially retarded, by reason of imports of consumer tissue paper from China.

⁴ Vice Chairman Deanna Tanner Okun, Commissioner Marcia E. Miller, and Commissioner Daniel R. Pearson make a negative finding with respect to critical circumstances for bulk tissue paper.
