DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

April 14, 2020.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995. Comments are requested regarding (1) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of burden including the validity of the methodology and

assumptions used; (3) ways to enhance the quality, utility and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by May 18, 2020 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Departmental Administration—Office of Safety, Security and Protection

Title: USDA PIV Request for Credential.

OMB Control Number: 0505-0022.

Summary of Collection: The Homeland Security Presidential Directive (HSPD)-12 information collection is required for establishing the applicant's identity for Personal Identity Verification (PIV) credential issuance. The information requested must be provided by Federal contractors and other applicable individuals (including all employees and some affiliates) when applying for a USDA PIV credential (identification card), also known as "LincPass." The information is necessary to comply with the requirements outlined in Homeland Security Presidential Directive (HSPD) 12, and Federal Information Processing Standard (FIPS) 201-2. USDA has implemented an automated identity proofing, registration, and issuance process consistent with the requirements outlined in FIPS 201-2.

Need and Use of the Information: Information will be collected using form AD 1197, Request for USDA Identification (ID) Badge, to issue a site badge to grant individuals short term access to facilities. USDA has chosen to use GSA's USAccess program for HSPD-12 credentialing and identity management. The automated system includes six separate and distinct roles to ensure no one single individual can issue a credential without further validation from another authorized role holder. An automated notification workflow provides streamlined communication between role holder and the applicant, notifying each as to the respective steps in the process. If the information is not collected, Federal and non-Federal employees may not be permitted in some facilities and will not be allowed access to government computer systems.

Description of Respondents: Individuals or households.

Number of Respondents: 12,000.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 24,000.

Ruth Brown,

Departmental Information Collection Clearance Officer.

Animal and Plant Health Inspection Service

[Docket No. APHIS-2020-0013]

Addition of Indonesia to the List of Regions Affected With African Swine Fever

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Notice.

SUMMARY: We are advising the public that we have added Indonesia to the list of regions that the Animal and Plant Health Inspection Service considers to be affected with African swine fever (ASF). We have taken this action because of confirmation of ASF in Indonesia.

DATES: Indonesia was added to the APHIS list of regions considered affected with ASF on December 13, 2019.
