**Background:** The ABRWH was established under the Energy Employees Occupational Illness Compensation Program Act (EEOICPA) of 2000 to advise the President on a variety of policy and technical functions required to implement and effectively manage the new compensation program. Key functions of the Board include providing advice on the development of probability of causation guidelines which have been promulgated by Health and Human Services (HHS) as a final rule, advice on methods of dose reconstruction which have also been promulgated by HHS as a final rule, advice on the scientific validity and quality of dose estimation and reconstruction efforts being performed for purposes of the compensation program, and advice on petitions to add classes of workers to the Special Exposure Cohort (SEC).

In December 2000, the President delegated responsibility for funding, staffing, and operating the Board to HHS, which subsequently delegated this authority to the CDC. NIOSH implements this responsibility for CDC. The charter was issued on August 3, 2001, and renewed on July 27, 2005.

**Purpose:** This board is charged with (a) Providing advice to the Secretary, HHS on the development of guidelines under Executive Order 13179; (b) providing advice to the Secretary, HHS on the scientific validity and quality of dose reconstruction efforts performed for this Program; and (c) upon request by the Secretary, HHS advise the Secretary on whether there is a class of employees at any Department of Energy facility who were exposed to radiation but for whom it is not feasible to estimate their radiation dose, and on whether there is reasonable likelihood that such radiation doses may have endangered the health of members of this class.

**Matters To Be Discussed:** The agenda for the subcommittee meeting is the Bethlehem Site Profile; Selection of the 4th round of 20 dose reconstructions; Mallinckrodt Site Profile Review; and a discussion of Site Profile Candidates for review by the S. Cohen and Associates (SC&A). The agenda for the Board meeting will include reports from the Subcommittee meeting; the Mallinckrodt SEC petition; a heads-up on upcoming SEC petitions under § 83.14 of the SEC rule (42 CFR 83); and policy on SC&A Capitol Hill visits. The Board will convene in closed session on August 25, 2005 from 1 p.m. to 3 p.m. CT. The closed session will involve finalization of work tasks for the SC&A Contract for the next fiscal year. There will be a general public comment period

scheduled for August 25, 2005 from 7 p.m. to 8:30 p.m. CT.

A portion of the meeting will be closed to the public in accordance with provisions set forth regarding subject matter considered confidential under the terms of 5 U.S.C. 552b(c)(9)(B), and the Determination of the Director of the Management and Services Office, Centers for Disease Control and Prevention, pursuant to Pub. #### Proposed Information Collection Activity; Comment Request

**Title:** Performance Measurement On-Line Tool (PMOTOOL).

**OMB No.:** New Collection.

**Description:** The Performance Measurement On-line Tool was designed by the Children's Bureau to collect data, in an automated format, from specified discretionary grants funded by the Children's Bureau. The data collected by this instrument will be submitted by individual discretionary grantees funded under the following programs: Abandoned Infants Assistance Program, Infant Adoption Awareness Training Program, Adoption Opportunities Program, Child Abuse and Neglect Program and the Child Welfare Training Program. Grantees will submit this information on a semi-annual basis in conjunction with their semi-annual program progress report.

The purpose of this data collection is to assist the Children's Bureau in responding to the Program Assessment Rating Tool (PART), an OMB-mandated reporting system that focuses on quantifiable outcome measures, directly related to the expected social impact or public benefit of each Federal program.
