

Background

The notice announcing the antidumping duty order on fresh garlic from the PRC was published on November 16, 1994. *See Antidumping Duty Order: Fresh Garlic from the People's Republic of China*, 59 FR 59209 (November 16, 1994) (*Order*). On November 27, 2009, the Department received timely requests for a new shipper review from Jinxiang Chengda Imp & Exp Co., Ltd. (Chengda) and Jinxiang Yuanxin Imp & Exp Co., Ltd. (Yuanxin), and on December 1, 2009 the Department received a timely request from Zhengzhou Huachao Industrial Co., Ltd. (Huachao) in accordance with 19 CFR 351.214(c) and 351.214(d)(1). Chengda, Yuaxin and Huachao have each certified that it is both the producer and exporter of all of the fresh garlic they exported to the United States, which is the basis for its request for a new shipper review.

Pursuant to the requirements set forth in 19 CFR 351.214(b)(2)(i), in their requests for a new shipper review, Chengda, Yuaxin, and Huachao each certified that (1) it did not export fresh garlic to the United States during the period of investigation (POI); (2) since the initiation of the investigation, it has never been affiliated with any company that exported subject merchandise to the United States during the POI, including any exporter or producer not individually examined during the investigation; and (3) its export activities are not controlled by the central government of the PRC. In accordance with 19 CFR 351.214(b)(2)(iv), Chengda, Yuaxin, and Huachao submitted documentation establishing the following: (1) the date on which it first shipped fresh garlic for export to the United States and the date on which fresh garlic was first entered, or withdrawn from warehouse, for consumption; (2) the volume of its first shipment; and (3) the date of its first sale to an unaffiliated customer in the United States.

Initiation of New Shipper Review

Pursuant to section 751(a)(2)(B) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.214(d)(1), we find that the requests submitted by Chengda, Yuaxin, and Huachao meet the threshold requirements for initiation of a new shipper review for shipments of fresh garlic from the PRC. *See Memoranda to the File through Barbara E. Tillman, Director, AD/CVD Operations, Office 6, Fresh Garlic from the People's Republic of China: Initiation of Antidumping New Shipper Review—Yuanxin, Fresh Garlic from the*

People's Republic of China: Initiation of Antidumping New Shipper Review—Chengda, and Fresh Garlic from the People's Republic of China: Initiation of Antidumping New Shipper Review—Huachao, each dated concurrently with this notice. *See* 19 CFR 351.214(g)(1)(i)(A).

The Department will conduct these reviews according to the deadlines set forth in section 751(a)(2)(B)(iv) of the Act. It is the Department's usual practice, in cases involving non-market economies, to require that a company seeking to establish eligibility for an antidumping duty rate separate from the country-wide rate provide evidence of *de jure* and *de facto* absence of government control over the company's export activities. Accordingly, we will issue questionnaires to Chengda, Yuaxin, and Huachao, which will include a separate rate section. The review will proceed if the response provides sufficient indication that Chengda, Yuaxin, and Huachao are each not subject to either *de jure* or *de facto* government control with respect to the export of fresh garlic.

We will instruct U.S. Customs and Border Protection to allow, at the option of the importer, the posting, until the completion of the review, of a bond or security in lieu of a cash deposit for each entry of the subject merchandise from Chengda, Yuaxin, and Huachao in accordance with section 751(a)(2)(B)(iii) of the Act and 19 CFR 351.214(e). Because Chengda, Yuaxin, and Huachao each certified that it both produced and exported the subject merchandise, the sale of which is the basis for this new shipper review request, we will apply the bonding privilege to Chengda, Yuaxin, and Huachao only for subject merchandise which Chengda, Yuaxin, and Huachao each both produced and exported.

Interested parties requiring access to proprietary information in this new shipper review should submit applications for disclosure under administrative protective order in accordance with 19 CFR 351.305 and 351.306.

This initiation and notice are in accordance with section 751(a)(2)(B) of the Act and 19 CFR 351.214 and 351.221(c)(1)(i).

Dated: December 29, 2009.

Susan Kuhbach,

Senior Director, Office 1 for Antidumping and Countervailing Duty Operations.

Notice of Proposed Information Collection Requests

AGENCY: Department of Education.

SUMMARY: The Acting Director, Information Collection Clearance Division, Regulatory Information Management Services, Office of Management, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before March 8, 2010.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Acting Director, Information Collection Clearance Division, Regulatory Information Management Services, Office of Management, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Dated: December 30, 2009.

James Hyler,

Acting Director, Information Collection Clearance Division, Regulatory Information Management Services, Office of Management.

Title: Application for Grants under the Predominantly Black Institutions Program.

Frequency: Annually.

Affected Public: Businesses or other for-profit; Not-for-profit institutions.

Reporting and Recordkeeping Hour Burden:

Responses: 30.

Burden Hours: 600.

Abstract: The Higher Education Opportunity Act of 2008 (HEOA) amended Title III, Part A of the Higher Education Act to include Section 318—The Predominantly Black Institutions (PBI) Program. Unlike the previous PBI Program (authorized by the College Cost Reduction and Access Act of 2007), which was competitive and focused on programs in the science, technology, engineering and mathematics (STEM) fields, the PBI program authorized under the HEOA is an institutional aid program and grants are based on a formula rather than being competitive. All institutions who qualify as PBIs and submit the required materials will receive a portion of the total appropriation based on a formula. The PBI Program makes grant awards to eligible colleges and universities to plan, develop, undertake and implement programs to enhance the institution's capacity to serve more low- and middle-income Black American students; to expand higher education opportunities for eligible students by encouraging college preparation and student persistence in secondary school and postsecondary education; and to strengthen the financial ability of the institution to serve the academic needs of these students. Allowable activities are numerous and include academic instruction, teacher education, faculty development, equipment purchase, construction and maintenance, and tutoring and counseling services. This information collection is necessary to comply with Section 318 of Title III, Part A of the HEA as amended.
