### Federal Energy Regulatory Commission

[Docket No. NJ21-10-000]

#### Oncor Electric Delivery Company LLC; Notice of Filing

Take notice that on July 29, 2021, Oncor Electric Delivery Company LLC submitted its tariff filing: Withdrawal of Oncor TFO Tariff Rate Changes, effective March 26, 2021.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://www.ferc.gov>) using the "eLibrary" link. ## ENVIRONMENTAL PROTECTION AGENCY

[Petition IV-2019-7; FRL-8783-01-R4]

#### Clean Air Act Operating Permit Program; Petition for Objection to State Operating Permit for ABC Coke Plant (Jefferson County, Alabama); Notice of Final Order

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of final order on petition to object to state operating permit.

**SUMMARY:** On June 30, 2021, the Environmental Protection Agency (EPA) Administrator signed an Order denying a petition dated June 13, 2019 (the Petition) from Gasp (Petitioner). The Petitioner requested that EPA object to a Clean Air Act (CAA) title V operating permit issued to Drummond Coke for its ABC Coke Plant located in Jefferson County, Alabama. The title V operating permit was issued by the Jefferson County Department of Health (JCDH) with a final permit number 4-07-0001-04. The Order constitutes a final action on the Petition.

**ADDRESSES:** Copies of the Order, the Petition, and all pertinent information relating thereto are on file at the following location: U.S. EPA Region 4; Air and Radiation Division; 61 Forsyth Street SW; Atlanta, Georgia 30303-8960.

The Order and Petition are also available electronically at the following addresses: [https://www.epa.gov/sites/production/files/2021-07/documents/abc\\_coke\\_order\\_7-07-21.pdf](https://www.epa.gov/sites/production/files/2021-07/documents/abc_coke_order_7-07-21.pdf); <https://www.epa.gov/title-v-operating-permits/title-v-petition-database>.

**FOR FURTHER INFORMATION CONTACT:** Art Hofmeister, Air Permits Section, Air Planning and Implementation Branch, Air and Radiation Division, U.S. EPA, Region 4, 61 Forsyth Street SW, Atlanta, GA 30303-8960. The telephone number is (404) 562-9115. Mr. Hofmeister can also be reached via electronic mail at [hofmeister.art@epa.gov](mailto:hofmeister.art@epa.gov).

**SUPPLEMENTARY INFORMATION:** The Clean Air Act (CAA) affords EPA a 45-day period to review and, as appropriate, the authority to object to operating permits proposed by state permitting authorities under title V of the CAA, 42 U.S.C. 7661-7661f. Section 505(b)(2) of the CAA and 40 CFR 70.8(d) authorize any person to petition the EPA Administrator to object to a title V operating permit within 60 days after the expiration of EPA's 45-day review period if EPA has not objected on its own initiative. Petitions must be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided by the state, unless the petitioner demonstrates that it was impracticable to raise these issues during the comment period or the grounds for the issues arose after this period.

Petitioner submitted a petition requesting that EPA object to the CAA title V operating permit no. 4-07-0001-04 issued by JCDH to the ABC Coke Plant. Petitioner requested that the Administrator object to the permit for the following reasons: The permit omitted applicable requirements, including requirements related to total annual benzene; the permit failed to include adequate monitoring to ensure compliance with applicable requirements; and the permit application was inadequate or incomplete.

On June 30, 2021, the Administrator issued an Order denying the Petition. The Order explains EPA's basis for denying the Petition. Pursuant to sections 307(b) and 505(b)(2) of the CAA, a petition for judicial review of those parts of the Order that deny issues in the Petition may be filed in the United States Court of Appeals for the appropriate circuit within 60 days from the date this notice is published in the **Federal Register**.

Dated: July 27, 2021.

### Clean Air Act Operating Permit Program; Petition for Objection to State Operating Permit for the Owens-Brockway Glass Container Inc. Facility, Multnomah County, Oregon

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of final Order on Petition for objection to Clean Air Act title V operating permit.

**SUMMARY:** The Environmental Protection Agency (EPA) Administrator signed an Order, dated May 10, 2021, granting in part and denying in part a petition dated February 4, 2020, filed by EarthJustice, on behalf of Cully Air Action Team, Portland Clean Air, Oregon Environmental Council, and Verde. The Petition requested that the EPA object to a final operating permit No. 26-1876-TV-01 issued by the Oregon Department of Environmental Quality (ODEQ) to the Owens Brockway Glass Container Inc. facility located in Portland, Oregon.

**ADDRESSES:** The Petition (without attachments) and final Order are available electronically at: <https://www.epa.gov/title-v-operating-permits/title-v-petition-database>. Out of an abundance of caution for members of the public and our staff, the EPA Region 10 office is closed to the public to reduce the risk of transmitting COVID-19. Please contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section to view copies of the Petition, Order, and other supporting information.

#### SUPPLEMENTARY INFORMATION:

Throughout this document wherever “we,” “us,” or “our” is used, it is intended to refer to the EPA.

The CAA affords the EPA a 45-day period to review and object to a title V operating permit proposed by a state permitting authority under title V of the CAA if the EPA determines the permit does not comply with the Act. Section 505(b)(2) of the CAA authorizes any person to petition the EPA Administrator to object to a title V operating permit within 60 days after

the expiration of the EPA’s 45-day review period if the EPA has not objected on its own initiative. Petitions must be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided by the state, unless the petitioner demonstrates that it was impracticable to raise these issues during the comment period or unless the grounds for the issue arose after this period.

The EPA received the Petition from Earthjustice on behalf of Cully Air Action Team, Portland Clean Air, Oregon Environmental Council, and Verde, dated February 4, 2020, requesting that the EPA object to the issuance of title V operating permit no. 26-1876-TV-01 for the Owens-Brockway Glass Container Inc.’s Portland, Oregon facility.

The Petition claims that: (A) The final permit lacks conditions sufficient to assure compliance with the applicable particulate matter emission limit in the New Source Performance Standard for Glass Manufacturing (40 CFR part 60, subpart CC); (B) the final permit lacks sufficient monitoring, recordkeeping, and reporting to assure compliance with the applicable particulate matter emission limit in Oregon’s Clean Air Act state implementation plan; (C) the final permit lacks conditions sufficient to assure compliance with the requirement to take “reasonable precautions” to control fugitive dust; (D) the final permit fails to assure compliance with the applicable chromium emission limit under 40 CFR part 63, subpart SSSSS; (E) the final permit fails to assure compliance with the facility’s general duty to prevent accidental releases under Clean Air Act section 112(r)(1); (F) that the final permit fails to assure compliance with the Plant Site Emissions Limits (PSELs) for lead (Pb) and sulfur dioxide (SO<sub>2</sub>); and (G) the final permit unlawfully omits an enforceable compliance schedule to bring Owens-Brockway into compliance with applicable opacity and particulate matter limits.

On May 10, 2021, the EPA Administrator issued an Order granting claims A, B, and G and denying the remaining claims in the Petition. The Order explains the basis for the EPA’s decision.

Sections 307(b) and 505(b)(2) of the CAA provide that the Order is subject to judicial review for those portions of the Order that deny issues raised in a petition. Any petition for review shall be filed in the United States Court of Appeals for the appropriate circuit no later than October 4, 2021.

Dated: July 27, 2021.

## EXPORT-IMPORT BANK

[Public Notice: 2021-3016]

### Agency Information Collection Activities: Comment Request

**AGENCY:** Export-Import Bank of the United States.

**ACTION:** Submission for OMB review and comments request.

**SUMMARY:** The Export-Import Bank of the United States (EXIM), as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal Agencies to comment on the proposed information collection, as required by the Paperwork Reduction Act of 1995.

**DATES:** Comments must be received on or before September 3, 2021 to be assured of consideration.

**ADDRESSES:** Comments may be submitted electronically on [www.regulations.gov](http://www.regulations.gov) or by mail to Donna Schneider, Export-Import Bank of the United States, 811 Vermont Ave. NW, Washington, DC 20571. The information collection tool can be reviewed at: <https://www.exim.gov/sites/default/files/pub/pending/eib10-05.pdf>.

**FOR FURTHER INFORMATION CONTACT:** To request additional information, please Donna Schneider, 202-565-3612.

**SUPPLEMENTARY INFORMATION:** Pursuant to the Export-Import Bank Act of 1945, as amended (12 U.S.C. 635, *et seq.*), the Export-Import Bank of the United States (EXIM), facilitates the finance of the export of U.S. goods and services by providing insurance or guarantees to U.S. exporters or lenders financing U.S. exports. By neutralizing the effect of export credit insurance or guarantees offered by foreign governments and by absorbing credit risks that the private sector will not accept, EXIM enables U.S. exporters to compete fairly in foreign markets on the basis of price and product. In the event that a borrower defaults on a transaction insured or guaranteed by EXIM, the insured or guaranteed exporter or lender may seek payment from EXIM by the submission of a claim.
