SUMMARY: On May 10, 2000, the Department of Commerce published the preliminary results of its administrative review of the antidumping duty order on granular polytetrafluoroethylene resin (PTFE resin) from Italy. This review covers one producer/exporter of subject merchandise. The period of review (POR) is August 1, 1998, through July 31, 1999. Based on our analysis of comments received, these final results differ from the preliminary results. The final results are listed below in the section "Final Results of Review."

SUPPLEMENTARY INFORMATION:

Background

This review covers sales of PTFE resin made during the POR by Ausimont SpA/Ausimont USA (Ausimont). On May 10, 2000, the Department published the preliminary results of this review. See Notice of Preliminary Results of Antidumping Duty Administrative Review: Polytetrafluoroethylene Resin from Italy, 65 FR 30064 (May 10, 2000) (Preliminary Results). We invited parties to comment on the Preliminary Results. On June 12, 2000, we received case briefs from Ausimont and the petitioner, E.I. DuPont de Nemours & Company (DuPont). On June 19, 2000, we received rebuttal briefs from Ausimont and DuPont.

Scope of the Review

The product covered by this review is granular PTFE resin, filled or unfilled. This order also covers PTFE wet raw polymer exported from Italy to the United States. See Granular Polytetrafluoroethylene Resin from Italy; Final Affirmative Determination of Circumvention of Antidumping Duty Order, 58 FR 26100 (April 30, 1993). This order excludes PTFE dispersions in water and fine powders. During the period covered by this review, the subject merchandise was classified under item number 3904.61.00 of the Harmonized Tariff Schedule of the United States (HTS). We are providing this HTS number for convenience and Customs purposes only. The written description of the scope remains dispositive.

Fair Value Comparisons

We calculated constructed export price (CEP) and normal value (NV) based on the same methodology used in the preliminary results, except for corrections to the calculation of CEP profit. See our response to Comment 2 in the September 5, 2000, memorandum: Issues and Decision Memorandum for the Final Results in the 1998/1999 Antidumping Duty Administrative Review of Granular Polytetrafluoroethylene Resin from Italy (Decision Memorandum), as well as the September 5, 2000, Analysis Memorandum for Ausimont S.p.A.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties to this administrative review are addressed in the September 5, 2000, Decision Memorandum, which is hereby adopted by this notice. Attached to this notice as an appendix is a list of the issues which parties have raised and to which we have responded in the Decision
