Following enactment of the *Twenty-First Century Communications and Video Accessibility Act of 2010* (CVAA) on October 8, 2010, the FCC's Consumer and Governmental Affairs Bureau (CGB) subsequently issued a Report and Order, *Implementation of the Twenty-First Century Communications and Video Accessibility Act of 2010*, Section 105, Relay Services for Deaf-Blind Individuals, on April 6, 2011, which adopted rules to establish a National Deaf-Blind Equipment Distribution Program (NDBEDP) to support the distribution of specialized customer premises equipment (CPE) and the provision of associated services. State equipment distribution programs, other public programs, and private entities may apply to the Commission for certification for the state to participate in the NDBEDP and receive reimbursement for its activities. The Commission's purpose for establishing this system of records is for the FCC's Consumer and Governmental Affairs

Bureau (CGB) to use the information, *i.e.*, personally identifiable information (PII), that is submitted by the certified equipment distribution program in each state, as required by the NDBEDP, to maintain each state's certification to participate in this program.

DATES: In accordance with subsections (e)(4) and (e)(11) of the Privacy Act, any interested person may submit written comments concerning this proposed new system of records on or before February 21, 2012. The Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), which has oversight responsibility under the Privacy Act to review the system of records and Congress may submit comments on or before February 28, 2012. The proposed new system of records will become effective on February 28, 2012 unless the FCC receives comments that require a contrary determination. The Commission will publish a document in the **Federal Register** notifying the public if any changes are necessary. As required by 5 U.S.C. 552a(r) of the Privacy Act, the FCC is submitting reports on this proposed new system to OMB and Congress.

ADDRESSES: Address comments to Leslie F. Smith, Privacy Analyst, Performance Evaluation and Records Management (PERM), Room 1-C216, Federal Communications Commission (FCC), 445 12th Street SW., Washington, DC 20554, or via the Internet at Leslie.Smith@fcc.gov.

FOR FURTHER INFORMATION CONTACT: Leslie F. Smith, Performance Evaluation and Records Management (PERM), Room 1-C216, Federal Communications Commission (FCC), 445 12th Street SW., Washington, DC 20554, (202) 418-0217 or via the Internet at Leslie.Smith@fcc.gov.

SUPPLEMENTARY INFORMATION: As required by the *Privacy Act of 1974*, as amended, 5 U.S.C. 552a(e)(4) and (e)(11), this document sets forth notice of the proposed new system of records to be maintained by the FCC. This notice is a summary of the more detailed information about the proposed new system of records, which may be obtained or viewed pursuant to the contact and location information given above in the **ADDRESSES** section. The Commission's purpose for establishing this system of records is for the FCC's Consumer and Governmental Affairs Bureau (CGB) to use the information, *i.e.*, personally identifiable information (PII), that is submitted by the certified equipment distribution program in each state, as required by the NDBEDP, to

maintain each state's certification to participate in this program.

This notice meets the requirement documenting the change to the systems of records that the FCC maintains, and provides the public, OMB, and Congress with an opportunity to comment.

Information about individuals in this system of records may routinely be disclosed under the following conditions:

1. Informal Complaints—When a record in this system involves a formal or informal complaint, and/or inquiry filed against an NDBEDP certified program and related entities, the complaint or inquiry may be forwarded to the subject certified program for that state, the appropriate State and Federal medical boards, certifying associations, and related groups, and personal physicians (who may determine whether an individual meets the eligibility criteria for participation in the NDBEDP) for a response, as required under FCC rules;
2. Medical Records—A medical attestation or record (including but not limited to third party attestations, certifications, and declarations of disability) from this system may be disclosed to appropriate entities,

including but not limited to the subject certified program for that state, the appropriate State and Federal medical boards, certifying associations, and related groups, and personal physicians for the purposes of determining whether an individual meets the eligibility criteria of being deaf-blind required to participate in the NDBEDP program;

3. Income Eligibility Records—A record from this system may be disclosed to appropriate entities, including but not limited to the subject certified program for that state, the appropriate State and Federal certifying boards and authorities for the purposes of determining whether an individual meets the income eligibility criteria required to participate in the NDBEDP program;

4. Law Enforcement and Investigation—Where there is an indication of a violation or potential violation of a statute, regulation, rule, or order, records from this system may be shared with appropriate Federal, State, or local authorities either for purposes of obtaining additional information relevant to a FCC decision or for referring the record for investigation, enforcement, or prosecution by another agency;

5. Adjudication and Litigation—Where by careful review, the Agency determines that the records are both relevant and necessary to litigation and the use of such records is deemed by the Agency to be for a purpose that is compatible with the purpose for which the Agency collected the records, these records may be used by a court or adjudicative body in a proceeding when: (a) The Agency or any component thereof; or (b) any employee of the Agency in his or her official capacity; or (c) any employee of the Agency in his or her individual capacity where the Agency has agreed to represent the employee; or (d) the United States Government is a party to litigation or has an interest in such litigation;

6. Department of Justice—A record from this system of records may be disclosed to the Department of Justice (DOJ) or in a proceeding before a court or adjudicative body when:

(a) The United States, the Commission, a component of the Commission, or, when represented by the government, an employee of the Commission is a party to litigation or anticipated litigation or has an interest in such litigation, and

(b) The Commission determines that the disclosure is relevant or necessary to the litigation;

7. Congressional Inquiries—When requested by a Congressional office in response to an inquiry by an individual

made to the Congressional office for the individual's own records;

8. Government-wide Program Management and Oversight—When requested by the General Services Administration (GSA), the National Archives and Records Administration (NARA), and/or the Government Accountability Office (GAO) for the purpose of records management inspections conducted under authority of 44 U.S.C. 2904 and 2906 (such disclosure(s) shall not be used to make a determination about individuals); when the U.S. Department of Justice (DOJ) is contacted in order to obtain that department's advice regarding disclosure obligations under the Freedom of Information Act; or when the Office of Management and Budget (OMB) is contacted in order to obtain that office's advice regarding obligations under the Privacy Act;

FCC Enforcement Actions—When a record in this system involves a formal and/or informal complaint or inquiry filed alleging a violation of FCC Rules and Regulations by an applicant, licensee, certified or regulated entity or an unlicensed person or entity, the complaint may be provided to the alleged violator for a response. When an order or other Commission-issued document that includes consideration of a formal or informal complaint or complaints or inquiries is issued by the FCC to implement or to enforce FCC Rules and Regulations, the complainant's name or other PII may be made public in that order or document. Where a complainant in filing his or her complaint explicitly requests confidentiality of his or her name or other PII from public disclosure, the Commission will endeavor to protect

such information from public disclosure. Complaints that contain requests for confidentiality may be dismissed if the Commission determines that the request impedes the Commission's ability to investigate and/or resolve the complaint.

In each of these cases, the FCC will determine whether disclosure of the records is compatible with the purpose for which the records were collected.
