Topic	Notes
Application Requirements	Applicants are required to complete the four program specific application package instruction forms. OMB Control Number: 1894–0006. <ol style="list-style-type: none"> 1. Table 1—Charter School Aid Paid by State. 2. Table 2—Budget Form: Grant Funds Expenditures. 3. Table 3—Grant Funds as a Percentage of the Cost of Per-Pupil Facilities Aid. 4. Program-Specific Assurance.
Selection Criteria <i>The full text is in the selection criteria section below.</i>	We evaluate applications using selection criteria. The maximum score for addressing all selection criteria is 100 points. <ol style="list-style-type: none"> (a) Need for facility funding (30 points). (b) Quality of plan (40 points). (c) The grant project team (10 points). (d) The budget (10 points). (e) State Experience (10 points).
Cost Sharing or Matching	A State must provide a State share of the total cost of the project. The minimum State share of the total cost of the project increases each year of the grant, as follows: <ul style="list-style-type: none"> • 10 percent in the first year. • 20 percent in the second year. • 40 percent in the third year. • 60 percent in the fourth year. • 80 percent in the fifth year.
Supplement-Not-Supplant	This program involves supplement-not-supplant requirements.

2. *Background:* Accessing affordable, and appropriate facilities is one of the biggest obstacles to creating and expanding charter schools as cited by charter school leaders.² In 2021, the Government Accountability Office (GAO) issued a report identifying the challenges charter schools encounter with locating and securing charter school facilities and government assistance that can address these challenges, such as per-pupil allowances, which provide extra funds to help cover facility expenses. In the report, the GAO identified the following four challenges unique to charter schools when trying to secure charter school facilities and funding: (1) affordability and limited access to State and local funding, and affordable private loans as well as rising real estate costs and renovation expenses; (2) availability of safe and secure building space and lack of amenities (e.g., a cafeteria or playground), and limited access to buildings; (3) inconsistent assistance for charter school facilities’ needs and, (4) limited staff expertise in facilities management.³ This program addresses these challenges by providing grants to encourage States to establish and enhance or administer per-pupil facilities aid programs for charter schools.

3. *Award Information:*
Type of Award: Discretionary grants.
Estimated Available Funds: \$10,000,000.

Contingent upon the availability of funds and the quality of applications, we may make additional awards in

subsequent years from the list of unfunded applications from this competition.

Estimated Range of Awards: \$1,000,000 to \$10,000,000.

Estimated Average Size of Awards: \$10,000,000.

Estimated Number of Awards: 1–2.

Note: The Department is not bound by any estimates in this notice.

Project Period: Up to 60 months.

4. *Eligible Applicants:* States. In order to be eligible to receive a grant, a State shall establish or enhance, and administer, a per-pupil facilities aid program for charter schools in the State, that—

- (a) Is specified in State law; and
- (b) Provides annual financing, on a per-pupil basis, for charter school facilities. (ESEA section 4304(k)(4)(B)(i)).

A State that is required under State law to provide charter schools with access to adequate facility space, but that does not have a per-pupil facilities aid program for charter schools specified in State law, is eligible to receive a grant if the State agrees to use the funds to develop a per-pupil facilities aid program consistent with the requirements in this NIA. (ESEA section 4304(k)(4)(B)(ii))

5. *Priorities:* This notice includes two competitive preference priorities. In accordance with 34 CFR 75.105(b)(2)(ii), these priorities are from 34 CFR 226.14.

Competitive Preference Priorities: For FY 2025 and any subsequent year in which we make awards from the list of unfunded applications from this competition, these priorities are competitive preference priorities. We award up to an additional 6 points,

depending on how well an application meets Competitive Preference Priority 1, and 3 additional points to applicants that meet Competitive Preference Priority 2.

These priorities are:

Competitive Preference Priority 1—Capacity of Charter Schools to Offer Public School Choice in Communities with the Greatest Need for Choice (Up to 6 points).

To meet this priority, the applicant must demonstrate the capacity of charter schools to offer public school choice in those communities with the greatest need for this choice based on—

(a) The extent to which the applicant would target services to geographic areas in which a large proportion or number of public schools have been identified for comprehensive support and improvement or targeted support and improvement under the ESEA;

(b) The extent to which the applicant would target services to geographic areas in which a large proportion of students perform poorly on State academic assessments; and

(c) The extent to which the applicant would target services to communities with large proportions of low-income students.

Competitive Preference Priority 2—Applicants that Have Not Previously Received a SFIG Grant (0 or 3 points).

This priority is for applicants that have not previously received a grant under the program.

6.a. *Cost Sharing or Matching:* Under section 4304(k)(2)(C) of the ESEA, a State must provide a State share of the total cost of the project. The minimum State share of the total cost of the project

² 2024–CSP–Impact–Report.pdf.

³ <https://www.gao.gov/assets/gao-21-104446.pdf>.

increases each year of the grant, as follows:

- 10 percent in the first year
- 20 percent in the second year
- 40 percent in the third year
- 60 percent in the fourth year
- 80 percent in the fifth year

A State may partner with one or more organizations, and such organizations may provide up to 50 percent of the State share of the cost of establishing or enhancing, and administering, the per-pupil facilities aid program. (ESEA section 4304(k)(2)(D)).

Note: Applicants that are provisionally selected to receive grants will not receive grant funds unless they demonstrate before grant funds are obligated that they are, or will be able to, provide the State share required under this program.

b. *Supplement-Not-Supplant:* This program involves supplement-not-supplant funding requirements. Under section 4304(k)(3)(C) of the ESEA (20 U.S.C. 7221c(k)(3)(C)), program funds must be used to supplement, and not supplant, State and local public funds expended to provide per-pupil facilities aid programs, operations financing programs, or other programs, for charter schools. Therefore, the Federal funds provided under this program, as well as the matching funds provided by the grantee, must be in addition to the State and local funds that would otherwise be used for this purpose in the absence of this Federal program. The Department generally considers that State and local funds would be available for this purpose at least in the amount of the funds that was available in the preceding year and that the Federal funds and matching funds under this program would supplement that amount.

c. *Indirect Cost Rate Information:* This program uses a restricted indirect cost rate. For more information regarding indirect costs, or to obtain a negotiated indirect cost rate, please see <https://www.ed.gov/about/ed-offices/fofo#Indirect-Cost-Division>.

d. *Administrative Cost Limitation:* State grantees may use up to five percent of their grant award for administrative expenses that include: indirect costs, evaluation, technical assistance, dissemination, personnel costs, and any other costs involved in administering the State's per-pupil facilities aid program. (34 CFR 226.22)

Charter school subgrantees may use grant funds for administrative costs that are necessary and reasonable for the proper and efficient performance and administration of this Federal grant. This use of funds, as well as indirect

costs and rates, must comply with EDGAR and the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR part 200 (Uniform Guidance), as adopted and amended as regulations of the Department in 2 CFR part 3474.

Consistent with the requirements in 34 CFR 75.564(c)(2), any charter school subgrantees that use grant funds for construction activities may not be reimbursed for indirect costs for those activities. (34 CFR 226.23)

7. *Other: a. Build America, Buy America Act:* This program is subject to the Build America, Buy America Act (Pub. L. 117–58) domestic sourcing requirements. Accordingly, under this program, grantees and their subrecipients (subgrantees) and contractors may not use their grant funds for infrastructure projects or activities (e.g., construction, remodeling, and broadband infrastructure) unless—

- i. All iron and steel used in the infrastructure project or activity are produced in the United States;
- ii. All manufactured products used in the infrastructure project or activity are produced in the United States; and
- iii. All construction materials are manufactured in the United States.

Grantees may request waivers to these requirements by submitting a Build America, Buy America Act Waiver Request Form. For more information, including a link to the Waiver Request Form, see the Department's Build America Buy America Waiver website at: <https://www2.ed.gov/policy/fund/guid/buy-america/index.html>.

2. *Submission of Proprietary Information*: Given the types of projects that may be proposed in applications for the State Charter School Facilities Incentive Grants Program, an application may include business information that is considered proprietary. In 34 CFR 5.11, we define

“business information” and describe the process we use in determining whether any of that information is proprietary and, thus, protected from disclosure under Exemption 4 of the Freedom of Information Act (5 U.S.C. 552, as amended).

Because we plan to make successful applications available to the public, you may wish to request confidentiality of business information.

Consistent with Executive Order 12600 (Predisclosure Notification Procedures for Confidential Commercial Information), please designate in your application any information that you believe is exempt from disclosure under Exemption 4. In the appropriate Appendix section of your application, under “Other Attachments Form,” please list the page number or numbers on which we can find this information. For additional information please see 34 CFR 5.11(c).

3. *Intergovernmental Review*: This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this competition.

4. *Funding Restrictions*: We reference funding restrictions in the *Administrative Cost Limitation* section of this notice. We reference additional regulations outlining funding restrictions in the *Applicable Regulations* section of this notice.

5. *Notice of Intent to Apply*: The Department will be able to review grant applications more efficiently if we know the approximate number of applicants that intend to apply. Therefore, we strongly encourage each potential applicant to notify us of their intent to submit an application. To do so, please email the program contact person listed under **FOR FURTHER INFORMATION CONTACT** with the subject line “Intent to Apply,” and include the applicant’s name and a contact person’s name and email address. Applicants that do not submit a notice of intent to apply may still apply for funding; applicants that do submit a notice of intent to apply are not bound to apply or bound by the information provided.

6. *Date of Pre-Application Webinar Information*: The SFIG Program intends to hold a webinar designed to provide technical assistance to interested applicants. Detailed information regarding this webinar will be provided on the SFIG Program web page at <https://www.ed.gov/grants-and-programs/grants-birth-grade-12/charter-school-programs/state-charter-school-facilities-incentive-grants>.

Note: For new potential grantees unfamiliar with grantmaking at the Department, please consult our “Getting Started with Discretionary Grant Applications” web page at <https://www.ed.gov/grants-and-programs/apply-grant/getting-started-discretionary-grant-applications>.

III. Application Review Information

1. *Review and Selection Process*: We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant’s use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary requires various assurances, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

Note: As described in 34 CFR 226.14(c), the Secretary may elect to consider the points awarded under the competitive preference priorities only for proposals that exhibit sufficient quality to warrant funding under the selection criteria.

2. *Risk Assessment and Specific Conditions*: Before awarding grants under this program the Department conducts a review of the risks posed by applicants. The Secretary may impose specific conditions and, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

3. *Integrity and Performance System*: If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently \$250,000), under 2 CFR 200.206(a)(2) we must make a judgment about your integrity, business ethics, and record of performance under Federal awards—that is, the risk posed by you as an applicant—before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system

(currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through the System for Award Management. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS.

Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds \$10,000,000, the reporting requirements in 2 CFR part 200, Appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2 CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed \$10,000,000.

IV. Award Administration Information

1. *Award Notices*: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We also may notify you informally.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements*: We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Open Licensing Requirements*: Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal restrictions on the use of pre-existing works. Additionally, a grantee or subgrantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and

selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.

4. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. See the standards in 2 CFR 170.105 to determine whether you are covered by 2 CFR part 170.

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary. The Secretary may also require more frequent performance reports. For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

5. *Performance Measures:* The Department has developed the following performance measure for the purpose of Department reporting under 34 CFR 75.110:

(a) *Program Performance Measures.*

(1) The ratio of funds leveraged by States for charter school facilities to funds awarded by the Department under the program. Grantees must provide information that is responsive to this measure as part of their annual performance reports.
