17 CFR Part 240

[Release No. 34-55777; File No. S7-08-07]

RIN 3235-AJ85

Amendments to Financial Responsibility Rules for Broker-Dealers

AGENCY: Securities and Exchange Commission.

ACTION: Proposed rule; extension of comment period.

SUMMARY: The Securities and Exchange Commission is extending the comment period for a release proposing amendments to its net capital, customer protection, books and records, and notification rules for broker-dealers under the Securities Exchange Act of 1934 ("Exchange Act"), which was issued by the Commission on March 9, 2007 (Exchange Act Release No. 55431, 72 FR 12862 (Mar. 19, 2007)). The original comment period for Release No. 34-55431 is scheduled to end on May 18, 2007. The Commission is extending the time period in which to provide the Commission with comments on the proposed amendments described in Release No. 34-55431 for thirty-one days until Monday, June 18, 2007. This action will allow all interested persons additional time to analyze the issues and prepare their comments.

DATES: Comments should be received on or before June 18, 2007.

ADDRESSES: Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/proposed>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number S7-08-07 on the subject line; or
- Use the Federal eRulemaking Portal (<http://www.regulations.gov>). Follow the instructions for submitting comments.

Paper Comments

- Send paper comments in triplicate to Nancy M. Morris, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549-1090.

All submissions should refer to File Number S7-08-07. This file number should be included on the subject line if e-mail is used. To help us process and review your comments more efficiently, please use only one method. The

Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/proposed>). Comments will also be available for public inspection and copying in the Commission's Public Reference Room, 100 F Street, NE., Washington, DC 20549. All comments received will be posted without change; we do not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly.

FOR FURTHER INFORMATION CONTACT:

Michael A. Macchiaroli, Associate Director, at (202) 551-5525; Thomas K. McGowan, Assistant Director, at (202) 551-5521; Randall Roy, Branch Chief, at (202) 551-5522; or Bonnie Gauch, Attorney, (202) 551-5524; Division of Market Regulation, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549-6628.

SUPPLEMENTARY INFORMATION: On March 9, 2007, the Commission requested comment on proposed amendments to the Commission's net capital, customer protection, books and records, and notification rules for broker-dealers under the Exchange Act.¹ Specifically, the proposed amendments are designed to address several emerging areas of concern regarding the financial requirements for broker-dealers. They also would update the financial responsibility rules and make certain technical amendments.

The Commission originally requested that comments on this proposal be received by May 18, 2007. The Commission thus far has received few public comments and believes that extending the comment period would be appropriate in order to give the public additional time to thoroughly consider the matters addressed by the release.² Therefore, the Commission is extending the comment period for Release No. 34-55431 (Amendments to Financial Responsibility Rules for Broker-Dealers) for thirty-one days, to Monday, June 18, 2007.³

Dated: May 17, 2007.

¹ See Exchange Act Release No. 55431, 72 FR 12862 (Mar. 19, 2007).

² See also Letter from Gerard J. Quinn, Vice President and Associate General Counsel of SIFMA to Michael Macchiaroli, date May 4, 2007 (noting the importance of the issues discussed in the release and the complexity of the issues involved).

³ If the comment period was extended for thirty days, the due date would fall on a Sunday. Therefore, the Commission is extending the comment period for thirty-one days.

By the Commission.

Nancy M. Morris,
Secretary.

39 CFR Part 111

New Address Quality Standards for First-Class Mail and Standard Mail

AGENCY: Postal Service.

ACTION: Proposed rule.

SUMMARY: This proposed rule provides revisions to Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM) that we will adopt no earlier than 18 months from the publication date of this notice. Move Update, the process for updating names and addresses, is currently required for mailers to obtain discounted rates for First-Class Mail. All address records used on pieces in discounted-rate mailings of First-Class Mail must be matched with customer-filed change-of-address orders received and maintained by the USPS using a USPS-approved method within 185 days of the date of mailing.

Our proposal includes the following changes related to move update processing: (1) Extending the Move Update requirement to all Standard Mail and (2) reducing the window for move update processing of names and addresses used for mailings of discounted First-Class Mail from 185 days to 95 days prior to mailing. The revised timeframe would apply to all pieces in Standard Mail mailings.

DATES: We must receive your comments on or before June 22, 2007.

ADDRESSES: Mail or deliver written comments to the Office of Product Management—Addressing, National Customer Support Center, United States Postal Service, 6060 Primacy Parkway, Ste. 201, Memphis, TN 38188-0001. You may inspect and photocopy all written comments at USPS Headquarters Library, 475 L'Enfant Plaza, SW., 11th Floor N, Washington, DC 20260-1450 between 9 a.m. and 4 p.m., Monday through Friday.

FOR FURTHER INFORMATION CONTACT: Charles B. Hunt, 901-681-4651; or Bert Olsen, 202-268-7276.

SUPPLEMENTARY INFORMATION: The decisions mailers make about address quality directly affect their ability to reach valued customers. Over the years, the Postal Service has invested heavily to create an automated mailstream to

help drive costs out of the delivery system. An efficient automated mailstream depends on accurate barcodes for success; but barcodes are only as accurate as the quality of the addressing information that is their foundation.

The Postal Service is committed to working with the mailing industry to maintain a cost-efficient mailstream that provides timely delivery of the mail and ensures customer value. We work with customers to make sure databases are updated frequently and accurately to improve the overall accuracy of address information. If either the recipient has moved or the address is incorrect or missing an important addressing element then the mailpiece could become undeliverable-as-addressed (UAA) mail—an unnecessary expense of time, effort, and money for both mailers and the Postal Service.

Move Update is one of a number of ways to help mailers reach their customers in an efficient and cost-effective way. Approximately 44 million Americans change their addresses each year. Mailers who want to keep in touch with their customers and reach new customers have to make sure their mail is delivered. It's good business to update address lists frequently.

The changes we are proposing to the Move Update standards are needed to improve the level of address quality for mailings entered at discounted First-Class Mail and Standard Mail rates and will result in higher-quality addressing on mailpieces and in timely delivery to intended recipients.

We will provide a minimum 18-month implementation phase from the date of this notice to allow mailers of discounted First-Class Mail and Standard Mail sufficient time to make modifications necessary to comply with the proposed Move Update standards.

Part A of this notice summarizes our proposal. Part B provides our proposed revisions to DMM standards.

Part A

(1) *Extend Move Update Requirement to Standard Mail*

We propose extending the Move Update standard, which currently applies only to discounted rate First-Class Mail, to Standard Mail. A key reason is that one of the conclusions of a independent study we commissioned in 2004 of the cost, volume, and characteristics of poorly addressed mail—what we call “Undeliverable-as-Addressed” mail or “UAA” mail—pointed out that mail entered as Standard Mail accounted for 62.8 percent of all UAA mail volume.

Furthermore, the percent of Standard Mail that was UAA was higher than the percent for any other class of mail (Standard Mail was 6.4 percent, First-Class Mail was 3.4 percent, Periodicals was 2.2 percent, and Package Services was 3.0 percent).

The majority of UAA Standard Mail is disposed of as waste—only a small percent of mail is endorsed for forwarding or return. In fact, in 2004, we disposed of approximately 6 billion Standard Mail mailpieces at a cost of almost \$248 million.

The cost of UAA Standard Mail is even greater to our customers, who must consider the wasted cost of producing those mailpieces destined for disposal. Furthermore, customers are impacted by the lost opportunities that UAA mail causes. When a Standard Mail mailpiece is discarded, the mailer's opportunity to connect with a potential customer is lost. This is where the greatest impact is felt from poor address quality.

Given the significant cost impact of UAA Standard Mail to both the Postal Service and customers, we believe it is reasonable to implement the Move Update requirement for those using the discounted Standard Mail rates.

Authorized Methods

The following are authorized methods to meet the Move Update standard for Standard Mail:

- NCOA^{Link™} processing.
- FASTforward[™] MLOCR processing (letter mail only).
- Address Change Service (ACS), including the new OneCode^{ACSTM}.
- Ancillary service endorsements under DMM 507.1.5, except “Forwarding Service Requested.”

(2) *Increase Frequency of Use of Move Update Processing*

Currently the DMM requires that addresses on all discounted-rate First-Class Mail be updated within 185 days before the mailing date using a USPS-approved method. We propose that this 185-day window be reduced to 95 days and linked to the previous proposal of expanding the Move Update requirement to Standard Mail.

Approximately 14 percent of all Americans move every year. In 2006, families and individuals filed over 41 million change-of-address orders. In that same year, there were 2.3 million business filings. With such a dynamic environment, managing addresses affected by customer moves is challenging. On average, the monthly rate of deterioration of address currency, due to family and individual moves alone, is approximately 1.2 percent. In 6 months (the current Move Update

requirement for discounted First-Class Mail), about 7.2 percent of addresses in your files have the potential to be inaccurate. To minimize this natural deterioration, we are proposing that Move Update processing be completed closer to the mailing date. By reducing the processing window from 185 days to 95 days prior to the mailing date, the natural deterioration of address currency can be expected to significantly decrease UAA volume and the costs associated with the redirection and rehandling (including disposal) of mail.

Part B

Although we are exempt from the notice and comment requirements of the Administrative Procedure Act [5 U.S.C. 553(b), (c)] regarding proposed rulemaking by 39 U.S.C. 410(a), we invite comments on the following proposed revisions to the Domestic Mail Manual, which is incorporated by reference in the Code of Federal Regulations. See 39 CFR 111.

3.9 Move Update Standard

3.9.1 Basic Standards

The Move Update standard is a means of reducing the number of mailpieces in a mailing that require forwarding, return, or discard by the periodic matching of a mailer's address records with customer-filed change-of-address orders received and maintained by the USPS. For the purposes of this standard, "address" means a specific address associated with a specific occupant name. Addresses subject to the Move Update standard must meet these requirements:

a. Each address and associated occupant name used on the mailpieces in a mailing must be updated within 95 days before the mailing date, with one of the USPS-approved methods in 3.9.2.

b. Each individual address in the mailing is subject to the Move Update standard.

c. The Move Update standard is met when an address used on a mailpiece in a mailing at any class of mail is updated with an approved method in 3.9.2, and the same address is used in a Standard Mail mailing within 95 days after the address has been updated.

d. Except for mail bearing an alternative address format, addresses used on pieces claiming Standard Mail rates, regardless of any required surcharge, must meet the Move Update standard.

3.9.2 USPS-Approved Methods

The following methods are authorized for meeting the Move Update standard:

a. Address Change Service (ACS).

b. National Change of Address Linkage System (NCOALink).

c. FASTforward MLOCR processes if used each time before mail entry (for letter mail only). If a mailpiece that initially uses FASTforward MLOCR processing is rejected and then entered into a Direct View Encoding Desk (DVED) operation (or similar system),

the piece does not meet the Move Update standard. The name and address information on the piece must then be processed through a FASTforward RVE system to meet the Move Update standard. FASTforward RVE processes also meet the Move Update standard if used each time before mail entry.

d. Ancillary service endorsements under 507.1.5.3, Standard Mail, except "Forwarding Service Requested."

3.9.3 Mailer Certification

The mailer's signature on the postage statement certifies that the Move Update standard has been met for each address in the corresponding mailing presented to the USPS.

Plant-Incorporated Protectants; Potential Revisions to Current Production Regulations; Extension of Comment Period

AGENCY: Environmental Protection Agency (EPA).

ACTION: Advance Notice of Proposed Rulemaking (ANPRM); extension of comment period.

SUMMARY: EPA is extending the comment period for an ANPRM document concerning potential revisions to current production regulations for producers of plant-incorporated protectants (PIPs) published in the **Federal Register** of April 4, 2007. This document extends the comment period for an additional 30 days. The comment period is extended because EPA received a request from the Association of American Pesticide Control Officials (AAPCO), the association representing State pesticide regulatory officials. The extended comment period will allow State regulators to consider the ANPRM at the State-FIFRA Issues Research and Evaluation Group (SFIREG) national meeting June 25-26, 2007, and submit comments representing the consensus of their membership.

DATES: Comments must be received on or before July 13, 2007.

ADDRESSES: Follow the detailed instructions provided under **ADDRESSES** in the ANPRM published in the **Federal Register** of April 4, 2007.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

The Agency identified in the ANPRM those who may be potentially affected by that action. If you have questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How and to Whom Do I Submit Comments?

To submit comments, or access the public docket, follow the detailed instructions provided in Unit I.B of the **SUPPLEMENTARY INFORMATION** of the April 4, 2007 ANPRM.

II. What Action is EPA Taking?

This document extends the comment period established in the ANPRM published in the **Federal Register** of April 4, 2007 (72 FR 16312) (FRL-8118-2). In that document, EPA stated that it is considering amendments to the current pesticide establishment and production regulations promulgated under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), and to other related FIFRA regulations as needed for producers of PIPs. EPA is extending the comment period, which expires on June 13, 2007, for an additional 30 days. The new comment period ends on July 13, 2007. The comment period is extended because EPA received a request from the AAPCO, the association representing State pesticide regulatory officials. The extended comment period will allow State regulators to consider the ANPRM at the State-FIFRA Issues Research and Evaluation Group (SFIREG) national meeting June 25-26, 2007, and submit comments representing the consensus of their membership.
