SUPPLEMENTARY INFORMATION:

Background

On September 4, 2012, the Department initiated and the ITC instituted sunset reviews of the AD and CVD orders on certain pasta from Italy and Turkey pursuant to sections 751(c) and 752 of the Tariff Act of 1930, as amended (the Act), respectively.¹ As a result of its reviews, the Department found that revocation of the AD orders would likely lead to continuation or recurrence of dumping and that revocation of the CVD orders would likely lead to continuation or recurrence of countervailable subsidies, and notified the ITC of the margins of dumping and the subsidy rates likely to prevail were the orders revoked.²

On September 9, 2013, the ITC published its determination, pursuant to section 751(c) of the Act, that revocation of the AD orders on certain pasta from Italy and Turkey and the CVD orders on certain pasta from Italy would likely lead to continuation or recurrence of material injury within a reasonably foreseeable time.³

Scope of the Orders

Italy (A-475-818, C-475-819)

The merchandise subject to the orders is pasta. The product is currently classified under items 1901.90.90.95 and 1902.19.20 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS numbers are provided for convenience and customs purposes, the written product

description in the orders remains dispositive.⁴

Turkey (A-489-805, C-489-806)

The merchandise subject to the orders is pasta. The product is currently classified under items 1902.19.20 of the HTSUS. Although the HTSUS numbers are provided for convenience and customs purposes, the written product description in the orders remains dispositive.⁵

Continuation of the Orders

As a result of the determinations by the Department and the ITC that revocation of these AD and CVD orders would likely lead to continuation or recurrence of dumping or a countervailable subsidy, and of material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the AD and CVD orders on certain pasta from Italy and Turkey.

U.S. Customs and Border Protection will continue to collect cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of these orders is the date of publication in the **Federal Register** of this notice of continuation. Pursuant to sections 751(c)(2) and 751(c)(6) of the Act, the Department intends to initiate the next five-year review of these orders not later than 30 days prior to the fifth anniversary of the effective date of the continuation.

These five-year (sunset) reviews and notice are in accordance with section 751(c) of the Act and published pursuant to sections 751(c) and 777(i)(1) of the Act, as well as 19 CFR 351.218(f)(4).

Dated: September 10, 2013.

Paul Piquado,

Assistant Secretary for Import Administration.

SUPPLEMENTARY INFORMATION:

I. Abstract

This is an extension of a currently approved collection.

The Office of Management and Budget (OMB) issued government-wide guidance to enhance the practice of peer review of government science documents. OMB's Final Information Quality Bulletin for Peer Review ("Peer Review Bulletin" or PRB) (available at <http://www.whitehouse.gov/omb/memoranda/fy2005/m05-03.pdf>) establishes minimum peer review standards for influential scientific information that Federal agencies intend to disseminate.

The Peer Review Bulletin also directs Federal agencies to adopt or adapt the National Academy of Sciences (NAS) policy for evaluating conflicts of interest when selecting peer reviewers who are not Federal government employees (federal employees are subject to Federal ethics requirements). For peer review purposes, the term "conflicts of interest" means any financial or other

interest which conflicts with the service of the individual because it could: (1) Significantly impair the individual's objectivity; or (2) create an unfair competitive advantage for any person or organization.

NOAA has adapted the NAS policy and developed two confidential conflict disclosure forms which the agency will use to examine prospective reviewers' potential financial conflicts and other interests that could impair objectivity or create an unfair advantage. One form is for peer reviewers of studies related to government regulation and the other form is for all other influential scientific information subject to the Peer Review Bulletin. In addition, the latter form has been adapted by NOAA's Office of Oceanic and Atmospheric Research for potential reviewers of scientific laboratories.

The forms include questions about employment as well as investment and property interests and research funding. Both forms also require the submission of curriculum vitae. NOAA is seeking to collect this information from potential peer reviewers who are not government employees when conducting a peer review pursuant to the PRB. The information collected in the conflict of interest disclosure is essential to NOAA's compliance with the OMB PRB, and helps to ensure that government studies are reviewed by independent, impartial peer reviewers.

II. Method of Collection

Forms may be downloaded from the Internet and are fillable and signable electronically or manually. They may be submitted, along with the Curriculum Vitae, via email or regular mail.
