Type of Review: Revision.

Title of Collection: Measures and Methods for the National Reporting System for Adult Education.

OMB Control Number: 1830–0027.

Agency Form Number(s): N/A.

Frequency of Responses: Annually.

Affected Public: State, Local, or Tribal Government, State Educational Agencies or Local Educational Agencies.

Total Estimated Number of Annual Responses: 57.

Total Estimated Annual Burden Hours: 18,050.

Abstract: The Office of Vocational and Adult Education requests a revision to its data collection requirements for four measures—entered employment, retained employment, entry into postsecondary education and attainment of a secondary credential—by changing the population to which these measures apply. Currently, states report on the relevant outcome for students who set goals related to the measure. Goal setting is being replaced with automatic cohort designation related to a student's employment status, having a secondary credential and taking General Educational Development tests. Approval is also sought for collecting new data on teacher experience and certification and student's years of schooling.
