

an independent review of EPA's Mercury Technical Support Document. As described in that notice, the SAB Staff Office was responding to an EPA request for peer review of a March 2011 draft risk assessment for mercury, entitled *Technical Support Document: National-Scale Mercury Risk Assessment Supporting the Appropriate and Necessary Finding for Coal and Oil-Fired Electric Generating Unit*. This technical document was developed to support a proposed rule concerning regulation of hazardous air pollutants (HAPs) released from coal-burning electric generating units in the United States (U.S. EGUs) under Section 112(n)(1)(A) of the Clean Air Act (CAA). This regulation may potentially use a Maximally Achievable Control Device (MACT) approach to set a technology-based standard for reducing HAP emissions.

The SAB Staff Office has determined that the SAB, rather than CASAC, will conduct the review. Therefore, the new panel will be formed under the authority of the SAB. Nominations of experts in response to the February 28, 2011 **Federal Register** Notice will be considered for the new SAB panel and the period for nominations will be extended.

Request for Nominations: The SAB Staff Office is seeking nominations of nationally and internationally recognized experts with research experience and expertise in the following disciplines, particularly related to mercury: atmospheric fate, transport and modeling; aquatic fate, transport and modeling; bioaccumulation; human exposure; epidemiology; toxicology, including reproductive and neurotoxicology, biostatistics, and risk assessment.

EPA contact for background information pertaining to this review: For questions concerning the development of EPA's mercury assessment, on the Web site at http://www.epa.gov/ttn/atw/utility/pro/hg_risk_tsd_3-17-11.pdf, please contact Dr. Zachary Pekar at (919) 541-3704 or pekar.zachary@epa.gov.

Process and Deadline for Submitting Nominations: Any interested person or organization may nominate qualified individuals in the areas of expertise described above for possible service on this expert *ad hoc* Panel. Nominations should be submitted in electronic format (which is preferred over hard copy) following the instructions for "Nominating Experts to Advisory Panels and Ad Hoc Committees Being Formed" provided on the SAB Web site. The instructions can be accessed through the "Nomination of Experts" link on the

blue navigational bar on the SAB Web site at <http://www.epa.gov/sab>. To receive full consideration, nominations should include all of the information requested.

EPA's SAB Staff Office requests: contact information about the person making the nomination; contact information about the nominee; the disciplinary and specific areas of expertise of the nominee; the nominee's curriculum vita; sources of recent grant and/or contract support; and a biographical sketch of the nominee indicating current position, educational background, research activities, and recent service on other national advisory committees or national professional organizations.

Persons having questions about the nomination procedures, or who are unable to submit nominations through the SAB Web site, should contact Dr. Angela Nugent, DFO, as indicated above in this notice. Nominations should be submitted in time to arrive no later than April 6, 2011. EPA values and welcomes diversity. In an effort to obtain nominations of diverse candidates, EPA encourages nominations of women and men of all racial and ethnic groups.

The EPA SAB Staff Office will acknowledge receipt of nominations. The names and biosketches of qualified nominees identified by respondents to this **Federal Register** notice, and additional experts identified by the SAB Staff, will be posted in a List of Candidates on the SAB Web site at <http://www.epa.gov/sab>. Public comments on this List of Candidates will be accepted for 21 calendar days. The public will be requested to provide relevant information or other documentation on nominees that the SAB Staff Office should consider in evaluating candidates.

For the EPA SAB Staff Office, a balanced subcommittee or review panel includes candidates who possess the necessary domains of knowledge, the relevant scientific perspectives (which, among other factors, can be influenced by work history and affiliation), and the collective breadth of experience to adequately address the charge. In the SAB Mercury Technical Support Document Review Panel, the SAB Staff Office will consider public comments on the List of candidates, information provided by the candidates themselves, and background information independently gathered by the SAB Staff Office. Selection criteria to be used for Panel membership include: (a) Scientific and/or technical expertise, knowledge, and experience (primary factors); (b) availability and willingness to serve; (c) absence of financial

conflicts of interest; (d) absence of an appearance of a lack of impartiality; and (e) skills working in committees, subcommittees and advisory panels; and, for the Panel as a whole, (f) diversity of expertise and viewpoints.

The SAB Staff Office's evaluation of an absence of financial conflicts of interest will include a review of the "Confidential Financial Disclosure Form for Special Government Employees Serving on Federal Advisory Committees at the U.S. Environmental Protection Agency" (EPA Form 3110-48). This confidential form allows Government officials to determine whether there is a statutory conflict between that person's public responsibilities (which includes membership on an EPA Federal advisory committee) and private interests and activities, or the appearance of a lack of impartiality, as defined by Federal regulation. The form may be viewed and downloaded from the following URL address at <http://www.epa.gov/sab/pdf/epaform3110-48.pdf>.

The approved policy under which the EPA SAB Office selects subcommittees and review panels is described in the following document: *Overview of the Panel Formation Process at the Environmental Protection Agency Science Advisory Board* (EPA-SAB-EC-02-010), which is posted on the SAB Web site at <http://www.epa.gov/sab/pdf/ec02010.pdf>.

Dated: March 24, 2011.

Anthony F. Maciorowski,
Deputy Director, EPA Science Advisory Board Staff Office.

FEDERAL COMMUNICATIONS COMMISSION

Federal Communications Commission Rechartered and Seeks Nominations for Membership on the Communications Security, Reliability, and Interoperability Council

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: The Federal Communications Commission (FCC or Commission) has rechartered and is seeking nominations and expressions of interest for membership on the Communications Security, Reliability, and Interoperability Council (CSRIC or Council). The Council is a Federal Advisory Committee that provides guidance and expertise on best practices

and actions the Commission could take to ensure the optimal security, reliability and interoperability of communications systems (including telecommunications, public safety communications systems, and media) on key issues such as cybersecurity, Next General 9–1–1, next generation emergency alerting, and improvements to priority communications services.

DATES: Nominations and expressions of interest for membership must be submitted to the Federal Communications Commission no later than April 22, 2011.

ADDRESSES: Nominations should be sent to Lisa M. Fowlkes, Deputy Bureau Chief, Public Safety & Homeland Security Bureau, Federal Communications Commission, via e-mail at lisa.fowlkes@fcc.gov; via facsimile at 202–418–2817; or via U.S. mail at 445 12th Street, SW., Room 7–C753, Washington, DC 20554. Due to the extensive security screening of incoming U.S. mail, delivery of U.S. mail sent to the Commission may be delayed, and we encourage submission by e-mail or facsimile.

FOR FURTHER INFORMATION CONTACT: Lisa M. Fowlkes, Deputy Chief, Public Safety & Homeland Security Bureau, (202) 418–7452 (voice) or lisa.fowlkes@fcc.gov (e-mail) or Jeffery Goldthorp, Associate Chief for Cybersecurity and Communications Reliability, Public Safety & Homeland Security Bureau, (202) 418–1096 (voice) or Jeffery.goldthorp@fcc.gov (e-mail).

SUPPLEMENTARY INFORMATION: The FCC is seeking nominations and expressions of interest for membership on the Communications Security, Reliability, and Interoperability Council. The Council is a Federal Advisory Committee that provides guidance and expertise on best practices and actions the Commission could take to ensure the optimal security, reliability and interoperability of communications systems (including telecommunications, public safety communications systems, and media) on key issues such as cybersecurity, Next General 9–1–1, next generation emergency alerting, and improvements to priority communications services. On March 18, 2011, the FCC, pursuant to the Federal Advisory Committee Act (5 U.S.C. Appendix 2), renewed the charter for the CSRIC for a period of two years through March 18, 2013. Nominations and expressions of interest for membership must be submitted to the FCC no later than April 20, 2011. Procedures for submitting nominations and expressions of interest are set forth below.

CSRIC's Mission

Under its charter, CSRIC's duties may include:

- Developing and recommending best practices and actions the FCC can take that promote reliable 9–1–1, E9–1–1, and Next Generation 9–1–1 (NG9–1–1) service.
- Determining and making recommendations on whether and how NG9–1–1 can be extended to other N–1–1 services to ensure their reliability and cost-effective deployment.
- Identifying and recommending to the FCC a set of best practices to make communications networks, including broadband networks and VoIP systems, more secure, resilient, and defensible from Internet-based attacks.
- Developing recommendations for actions the FCC could consider to promote the development of a broadband-based, next generation alerting system that leverages advanced technologies and the Internet, including social media platforms, to distribute emergency alerts and warnings to the public.
- Identifying and recommending to the FCC actions to improve the functioning of the national security/emergency preparedness priority services programs: Government Emergency Telecommunications Service; Telecommunications Service Priority; and Wireless Priority Service.
- Making recommendations with respect to such additional topics as the FCC may specify.

Membership

The Commission seeks nominations and expressions of interest for membership on the Council. Members of the Council will be appointed from among Federal, State, tribal, and local government agencies and organizations; organizations representing users of communications systems, including the Internet; and other private-sector organizations to balance the expertise and viewpoints that are necessary to effectively address the issues to be considered. The Commission is particularly interested in receiving nominations and expressions of interest from individuals and organizations in the following categories:

- State, tribal, and/or local government agencies and organizations with expertise in communications issues;
- Federal government agencies with expertise in communications and/or homeland security matters;
- Communications service providers and organizations representing communications service providers,

including wireline and wireless communications service providers, broadcast radio and television licensees, cable television operators and other multichannel video programming distributors, satellite communications service providers, interconnected Voice over Internet Protocol and other IP-enabled service providers, and Internet Service Providers.

- Online retailers, online technology service providers, Internet security companies, and other providers of online services.

- Organizations and other entities representing users of communications systems, such as organizations representing the business, finance, energy, education, health care, and similar sectors and consumer or community organizations, such as those representing people with disabilities, the elderly, those living in rural areas, and those representing populations that speak, as their primary language, languages other than English.

- Qualified representatives of other stakeholders and interested parties with relevant expertise.

Members of the CSRIC will be appointed either as Representatives or as Special Government Employees, as appropriate.

Nominations/Expressions of Interest Procedures and Deadline

Nominations should be received by the Commission as soon as possible, but no later than April 22, 2011. Nominations received after this date may not be considered. Organizations should nominate senior leadership level representatives, such as a Chief Executive Officer, Chief Technical Officer, or other senior-level staff or official. No specific nomination form is required. However, each nomination must include the following information:

- Name, title and organization of the nominee and a description of the sector or interest the nominee will represent;
- Nominee's mailing address, e-mail address, telephone number, and facsimile number; and
- A statement summarizing the nominee's qualifications and reasons why the nominee should be appointed to the CSRIC.

- A statement confirming that the nominee is not a registered federal lobbyist.

Please note this Notice is not intended to be the exclusive method by which the Commission will solicit nominations and expressions of interest to identify qualified candidates. However, all candidates for membership on the Council will be subject to the same evaluation criteria.

Federal Communications Commission.

Marlene H. Dortch,

Secretary.
