

1998. WIA section 168 amended the training programs made available to veterans (see 29 U.S.C. 2913). WIA section 168 authorizes the Department of Labor to make grants to meet the needs for workforce investment activities of veterans with service-connected disabilities, veterans who have significant barriers to employment, veterans who served on active duty in the armed forces during a war or in a campaign or expedition for which a campaign badge has been authorized, and recently separated veterans within 48 months of discharge (under conditions other than dishonorable). Veterans who received a "dishonorable" discharge are ineligible for VWIP services. Priority of service for veterans in all Department of Labor funded training programs is established in 38 U.S.C. 4215.

VWIP grants are intended to address two objectives: (a) To provide services to assist in reintegrating eligible veterans into meaningful employment within the labor force; and (b) to stimulate the development of effective service delivery systems that will address the complex employability problems facing eligible veterans.

Projects that support the President's commitment to "Green Energy Jobs" and propose a clear strategy for training and employment in the renewable energy economy, are considered unique and innovative and will receive priority consideration.

The full Solicitation for Grant Application is posted on <http://www.grants.gov> under U.S. Department of Labor/VETS. Applications submitted through <http://www.grants.gov> or hard copy will be accepted. Abstract: In the past, the National Archives has made use of various lists

of independent researchers who perform freelance research for hire in the Washington, DC, area. We have sent these lists upon request to researchers who could not travel to the metropolitan area to conduct their own research. To better accommodate both the public and NARA staff, the Customer Services Division (NWCC) of the National Archives maintains a listing of independent researchers for the public. All interested independent researchers provide their contact information via this form. Collecting contact and other key information from each independent researcher and providing such information to the public when deemed appropriate will only increase business. This form is not a burden in any way to any independent researcher who voluntarily submits a completed form. Inclusion on the list will not be viewed or advertised as an endorsement by the National Archives and Records Administration (NARA). The listing is compiled and disseminated as a service to the public.

Dated: April 29, 2009.

Assistant Archivist for Information Services.
