

Regulations contained in 43 CFR 2711.3–3 make allowances for direct sales when a competitive sale is inappropriate and when the public interest would best be served by a direct sale, including the need to recognize an authorized use, such as an existing business which could suffer a substantial economic loss if the tract were purchased by someone other than the authorized user. In accordance with 43 CFR 2710, the BLM authorized officer finds that the public interest would best be served by authorizing the direct sale to the Western Mortgage and Realty Company, which would allow the identified lands to be consolidated with Western Mortgage and Realty Company's adjacent private property to continue to be used for agricultural purposes.

It has been determined that the subject parcel contains no known mineral values; therefore, the BLM proposes that the conveyance of the Federal mineral interests occur simultaneously with the sale of the land. On August 25, 2008, the above described land was segregated from appropriation under the public land laws, including the mining laws. The segregation terminates: (1) Upon issuance of a patent; (2) publication in the **Federal Register** of a termination of the segregation; or (3) 2 years from the date of segregation, whichever occurs first. The lands will not be sold until at least 60 days after the date of publication of this notice in the **Federal Register**.

The Western Mortgage and Realty Company will be required to pay a \$50 nonrefundable filing fee for the conveyance of the available mineral interests. Any patent issued will contain the following terms, conditions and reservations:

a. A reservation of right-of-way to the United States for ditches and canals constructed by the authority of the United States under the Act of August 30, 1890, 43 U.S.C. 945;

b. A condition that the conveyance be subject to all valid existing rights of record;

c. A notice and indemnification statement under the Comprehensive Environmental Response, Compensation and Liability Act (42 U.S.C. 9620(W)), indemnifying and holding the United States harmless from any release of hazardous materials that may have occurred; and

d. additional terms and conditions that the authorized officer deems appropriate.

Detailed information concerning the proposed land sale including the appraisal, planning and environmental

documents and a mineral report are available for review at the Shoshone Field Office at the location identified in the **ADDRESSES** section above. Normal business hours are 7:45 a.m. to 4:30 p.m., Monday through Friday, except for Federal holidays.

Public Comments

Public comments regarding the proposed sale may be submitted in writing to the BLM Shoshone Field Manager (see **ADDRESSES** above) on or before August 23, 2010. Comments received in electronic form, such as e-mail or facsimile, will not be considered. Any adverse comments regarding the proposed sale will be reviewed by the BLM Idaho State Director or other authorized official of the Department of the Interior, who may sustain, vacate, or modify this realty action in whole or in part. In the absence of timely filed objections, this realty action will become the final determination of the Department of the Interior.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, be advised that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold from public review your personal identifying information, we cannot guarantee that we will be able to do so.

Authority 43 CFR 2711.1–2(a) and (c).

National Park Service

Yosemite Valley Plan; Yosemite National Park; Mariposa, Madera, and Tuolumne Counties, California; Notice of Revised Record of Decision

SUMMARY: On December 29, 2000, the National Park Service (NPS) executed a Record of Decision selecting Alternative 2 from the Final Yosemite Valley Plan/Supplemental Environmental Impact Statement for implementation (as noticed in the **Federal Register** on January 12, 2001). As explained below, the NPS has subsequently approved a revised Record of Decision for the Final Yosemite Valley Plan and will implement Modified Alternative 2 instead.

Decision: The NPS has approved adoption of a Modified Alternative 2 which consists of completed actions and projects that conform to four broad purposes and goals. These are to restore natural processes in Yosemite Valley, to ameliorate environmental impacts, to preserve cultural resource values, and to continue providing opportunities for high-quality visitor experiences. Excluded from the approved Modified Alternative 2 were certain projects yet to be initiated, including but not limited to consolidation of some parking and facilities in the eastern end of Yosemite Valley, relocation of equestrian facilities, removal of Sugar Pine Bridge, and several traffic recirculation plans. Also revised were Findings of No Significant Impact (FONSI decisions) for Yosemite Lodge area redevelopment and improvements at Curry Village and East Yosemite Valley campgrounds.

Background: In 2006, a lawsuit was filed in the U.S. District Court for the Eastern District of California challenging the 2000 Final Yosemite Valley Plan. Concurrently, the NPS was involved in a separate lawsuit filed by the same plaintiffs challenging the 2005 Merced Wild and Scenic River Comprehensive Management Plan (Merced River Plan). Because the Yosemite Valley Plan and the Merced River Plan were integrally related, the NPS and the plaintiffs agreed to suspend proceedings on the Yosemite Valley Plan lawsuit until the courts reached a final decision on the Merced River Plan lawsuit. In March 2008, the U.S. Court of Appeals for the Ninth Circuit issued a ruling affirming that the 2005 Merced River Plan did not adequately fulfill requirements of the National Environmental Policy Act nor the Wild and Scenic Rivers Act. Following that decision, the NPS and the plaintiffs began settlement discussions to resolve the two lawsuits and to establish a framework for moving forward on a new version of the Merced River Plan. A settlement was reached in September 2009 (the Settlement Agreement is available on the park's Web site: <http://www.nps.gov/yose/parkmgmt/upload/mrpsettlementagreement.pdf>). Pursuant to the Settlement Agreement, the NPS agreed to revise the Record of Decision for the Yosemite Valley Plan, as well as two related FONSI decisions. The three revised documents were filed with the District Court on January 29, 2010.

Copies: Interested parties may review the revised Record of Decision and FONSI decisions on the park's Web site, and copies can also be obtained by contacting the Superintendent, Yosemite National Park, P. O. Box 577, Yosemite, California 95389; via

telephone request at (209) 372-0261; or via e-mail request at yose_planning@nps.gov.
