A public hearing was held on January 9, 2001. The proposed amendments were substantively revised on the basis of the written and oral testimony received, and a notice of revised proposed rulemaking was published in the **Federal Register** on March 1, 2001 (66 FR 12930), the *Delaware Register of Regulations* on March 1, 2001, the *New Jersey Register* on March 5, 2001, the *New York State Register* on February 28, 2001 and the *Pennsylvania Bulletin* on March 3, 2001. The final rule amends Section 2.50.1, "Service Metering" and Section 2.50.2, "Source Metering, Recording and Reporting" of the Commission's *Water Code* and adds a new Section 2.50.3, "Reporting Requirements." The title of Section 2.50 is revised to read, "Water Metering and Reporting Requirements." Section 2.50.1 is amended to authorize, rather than require, the Executive Director to enter into administrative agreements with the implementing agencies of the signatory states, whereby the appropriate state agencies will administer and enforce the provisions of the regulation. Section 2.50.1 is further amended to provide that in the absence of such an administrative agreement, the Commission shall serve as the agency for administration and enforcement. Section 2.50.2 is amended to provide that the Commission shall administer and enforce the regulation in the New York portion of the basin. New Section 2.50.3 enumerates the types of source and service data to be reported for water supply systems serving the public and for other withdrawals subject to the requirements of Section 2.50.1, Section 2.50.2 and the Commission's Ground Water Protected Area Regulations. In order to avoid redundant reporting, Section 2.50.3 enumerates different reporting requirements for the year 2000 than for subsequent years. For the year 2000, a greater one-time effort is required to initiate reporting. For

subsequent years, a much smaller effort is required to continue reporting.

DATES: An emergency review has been requested in accordance with the Act (44 U.S.C. Chapter 3507 (j)), since public harm is reasonably likely to result if normal clearance procedures are followed. SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Director of OMB provide interested Federal agencies and the public an early opportunity to comment on information collection requests. The Office of Management and Budget (OMB) may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. Title: Application Package for LEAs under the REAP Rural and Low-Income School Program (KA)

Abstract: This information collection package collection will serve as the application package for LEAs under the REAP Rural and Low-Income School Program. This application package will be used by LEAs applying for benefits under this program in States where the SEA chooses not to participate in the program.

Additional Information: The Department is requesting an emergency clearance for the LEA Application for the Rural and Low-Income School Program by March 22, 2002 due to the unanticipated event and potentially causing public harm if awards were not made in time. This is a state-administered formula grant program under the statute. The Secretary is to award formula grants to SEAs, which in turn must award subgrants to eligible LEAs either competitively or on a formula basis. However, the statute makes provisions in the event an SEA chooses not to participate in the program. In such cases, the Secretary may use the SEA's allotment to award grants directly to eligible LEAs in that State either competitively or by formula.

Eligible LEAs in non-participating States are referred to as "specially qualified agencies" in the legislation. Some SEAs have recently indicated that they may choose not to participate in this program. The application package that is the subject of this emergency clearance will be used to make direct grants to LEAs in those states, should it be necessary. If normal procedures were to be followed, the Department would not be able to make grant awards under this program by July 1st. The Rural and Low-Income program is one of the programs covered under the Consolidated Application provisions in the No Child Left Behind Act. The Department cannot make allocations for any applicant (either State or LEA) until all eligible applicants have submitted their allocation and eligibility data to the Department, and therefore the need for emergency processing.

Frequency: Annually.

Affected Public: State, Local, or Tribal Gov't, SEAs or LEAs (primary).

Reporting and Recordkeeping Hour Burden:

Responses: 200.

Burden Hours: 2400.
