

Agency: National Oceanic and Atmospheric Administration (NOAA).
 Title: Mail Survey to Collect Economic Data from Federal Gulf of Mexico and South Atlantic For-Hire Permit Holders.

OMB Control Number: 0648–xxxx.

Form Number(s): None.

Type of Request: Regular (request for a new information collection).

Number of Respondents: 1,000.

Average Hours per Response: 12 minutes.

Burden Hours: 200.

Needs and Uses: This request is for a new information collection.

The National Oceanic and Atmospheric Administration's (NOAA) Fisheries, Southeast Fisheries Science Center, proposes to collect very basic socioeconomic data from federally-permitted for-hire operators in the Gulf of Mexico and South Atlantic fisheries, using a mail sample survey. The National Marine Fisheries Service (NMFS) does not systematically collect information on for-hire trip prices and trip costs in the Southeast. The population consists of those for-hire operators who possess a federal for-hire permit for dolphin-wahoo, coastal migratory pelagics, snapper-grouper, or reef fish species in the South Atlantic or Gulf of Mexico. Each year we will sample approximately a third of the population. The two-page survey will be designed to collect basic data on trip revenues and trip costs as well as other related information. These data are needed to conduct socioeconomic analyses in support of management of the for-hire fishing industry and to satisfy legal requirements. The data will be used to assess how fishermen will be impacted by and respond to federal regulation likely to be considered by fishery managers.

Affected Public: Business or other for-profit organizations.

Frequency: Annually.

Respondent's Obligation: Voluntary.

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Alaska Community Quota Entity (CQE) Program.

OMB Control Number: 0648–0665.

Form Number(s): None.

Type of Request: Regular (extension of a currently approved information collection).

Number of Respondents: 65.

Average Hours Per Response: 200 hours, Application to become a CQE; 2 hours for Application to transfer QS–IFQ to or from CQE; 20 hours for Application for a CQE to receive a non-trawl LLP license; 1 hour each for Application for Community Charter Halibut Permit and CQE LLP Authorization Letter; 40 hours for CQE Annual Report.

Burden Hours: 1,544.

Needs and Uses: This request is for extension of a currently approved information collection.

The Alaska Community Quota Entity (CQE) Program allocates to eligible communities a portion of the quotas for groundfish, halibut, crab, and prohibited species in the Bering Sea and Aleutian Islands Management Area (BSAI). Currently, there are 98 CQE eligible communities (45 Individual Fishing Quota (IFQ) and quota share (QS) halibut and sablefish, 32 charter halibut, and 21 License Limitation Program (LLP) communities), although only a few communities are currently participating. The allocations provide communities the means for starting or supporting commercial fisheries business activities that will result in an ongoing, regionally based, fisheries-related economy. A non-profit corporate entity that meets specific criteria to receive transferred halibut or sablefish QS on behalf of an eligible community may lease the resulting IFQ to persons who are residents of the eligible community.

Affected Public: Not-for-profit institutions; individuals or households.

Frequency: Annually.

Respondent's Obligation: Mandatory.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal**

Register document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

Any associated form(s) for this collection may be located within this same electronic docket and downloaded for review/testing. Follow the instructions at <http://www.regulations.gov> for submitting comments. Please submit comments on any given form identified by docket number, form number, and title.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to the Office of the Under Secretary of Defense (Personnel and Readiness) (Military Community and Family Policy) Office of Family Readiness Policy, Special Needs Program, ATTN: Rebecca Lombardi, 4000 Defense Pentagon, Washington, DC 20301-4000 or call 571-372-0862.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Family Member Travel Screening, DD Form X678-1TEST, Medical and Education Information, DD Form X678-2TEST, Dental Health Information, and DD Form X678-3TEST, Patient Care Review, OMB Control Number 0704-XXXX.

Needs and Uses: The DD Forms X678-1 TEST, X678-2 TEST, and X678-3 TEST are to be used during the Family Member Travel Screening (FMTS) process when active duty Service members with Permanent Change of Station (PCS) orders to OCONUS or remote installations request Command sponsorship for accompanied travel. These forms assist in determining the availability of care at a gaining installation by documenting any special medical, dental, and/or educational needs of dependents accompanying the Service member. Throughout the process, form respondents include: (1) Active duty Service members and/or dependents over the age of majority who provide demographic information; (2) medical and dental providers who provide information about dependent medical and dental needs; (3) losing FMTS Office staff who document any special medical, dental, and/or educational needs; and (4) gaining FMTS Office staff who document the availability of special needs support services at a gaining location.

Affected Public: Individuals or households; medical and dental providers.

Annual Burden Hours: 2,899 hours.

Number of Respondents: 9,876 respondents.

Responses per Respondent: 1 per year.

Annual Responses: 9,876 per year.

Average Burden per Response: 18 minutes.

Frequency: As needed.

The following is a breakdown of the public time burden for specific FMTS Pilot forms:

- The DD Form X678-1 TEST Medical and Educational Information informs sponsors and FMTS staff about possible special medical and/or educational needs of each dependent and guides the appropriate record review and the face-to-face interview. This form is completed by Service members and/or family members and internal physicians.

- Total annual public time burden for the DD Form X678-1 TEST: 1,573 hours.

- Average time per response for the DD Form X678-1 TEST (in minutes): 20 minutes.

- Total annual public cost burden for the DD Form X678-1 TEST: \$35,714.

- The DD Form X678-2 TEST Dental Health Information documents the dental health of dependent(s) in preparation for a move to a location where the patient may have limited access to dental care. This form is completed by Service members and/or family members and internal or civilian dentists.

- Total annual public time burden for the DD Form X678-2 TEST: 698 hours.

- Average time per response for the DD Form X678-2 TEST (in minutes): 6 minutes.

- Total annual public cost burden for the DD Form X678-2 TEST: \$49,218.

- The DD Form X678-3 TEST Patient Care Review summarizes each dependent's medical care received outside the Military Treatment Facility (MTF) (completed by non-MTF primary care managers). If applicable, this form is completed by Service members and/or family members and civilian physicians.

- Total annual public time burden for the DD Form X678-3 TEST: 629 hours.

- Average time per response for the DD Form X678-3 TEST (in minutes): 8 minutes.

- Total annual public cost burden for the DD Form X678-3 TEST: \$53,081.

The DD TEST Forms will be piloted to test a standardized FMTS process across the military medical departments. The pilot will determine how the TEST forms can integrate into

Service-specific assignment processes. If the forms can successfully integrate into these processes, then these TEST forms will be implemented as DD Forms. For a period of 90 days, the DD TEST Forms will be used in place of existing Service-specific FMTS forms for military families accompanying a Service member from a participating losing installation to a participating gaining installation. These TEST Forms will be monitored until the travel screening processes for all participating families are complete. During the pilot, military medical departments at participating installations will continue to screen non-pilot families using the current military medical department travel screening processes and forms.
