

requirements for source material licensees who possess significant quantities of uranium hexafluoride (UF6). The proposed amendments would require these licensees to conduct integrated safety analyses (ISAs) similar to the ISAs performed by 10 CFR part 70 licensees; set possession limits for UF6 for determining licensing authority (NRC or Agreement States); add defined terms; add an additional evaluation criterion for applicants who submit an evaluation in lieu of an emergency plan; require the NRC to perform a backfit analysis under specified circumstances; and make administrative changes to the structure of the regulations. The NRC held a public meeting on February 22, 2008, to discuss the scope of the proposed rulemaking and to seek public input on the proposed threshold quantities for determining when a facility will be regulated by the NRC or an Agreement State.

The agency received nine comment letters addressing multiple issues. Comments on the proposed rule were submitted on behalf of several affected States, by industry representatives, NRC licensees, and an individual. The comments and responses were grouped into eight areas: General, procedural, definitions, performance requirements, jurisdiction/authority, backfitting, reporting, and corrections. Most of the comments were generally opposed to the proposed changes to the regulations. Several comments questioned the cost amounts used in the regulatory analysis. All the commenters opposed the probabilistic risk assessment. The NRC staff considered all the comments received.

The NRC staff submitted a draft final rule to the Commission in SECY-12-0071, "Final Rule: Domestic Licensing of Source Material—Amendments/Integrated Safety Analysis (RIN 3150-A150)," dated May 7, 2012 (ADAMS Accession No. ML12094A344). The draft final rule was revised from the proposed rule based on comments from Agreement States and the public. In the SRM for SECY-12-0071, dated May 3, 2013 (ADAMS Accession No. ML13123A127), the Commission disapproved publication of the draft final rule. The Commission directed the NRC staff to revise the rule and associated guidance to address issues given in the SRM and to resubmit the rule for Commission consideration.

In COMSECY-15-0002, "Termination of Rulemaking to Revise Title 10 of The Code of Federal Regulations Part 40, 'Domestic Licensing of Source Material' and Staff Plans to Address Other Items in Staff Requirements Memorandum for

SECY-12-0071 (RIN 3150-A150)" (ADAMS Accession No. ML13331A559), the NRC staff proposed termination of this rulemaking. The NRC staff based this recommendation on: (1) Honeywell's existing uranium conversion facility, and the licensed but as yet un-built uranium deconversion facility to be operated by International Isotopes; both already have newly approved ISAs as required by their licenses, (2) the NRC does not anticipate new applications for 10 CFR part 40 uranium conversion or deconversion facilities in the foreseeable future, (3) the hazards at Honeywell's uranium conversion facility and the hazards at International Isotopes planned uranium deconversion facility are facility-specific and sufficiently controlled, (4) the NRC staff's reanalysis of the rule has reduced the priority of the rulemaking, and (5) consideration of the cumulative effects of regulation. The agency plans to develop Interim Staff Guidance related to 10 CFR part 70 facilities. The Commission approved termination of this rulemaking in the SRM for COMSECY-15-0002, dated April 17, 2015 (ADAMS Accession No. ML15107A488).

The NRC staff is including discussion of this decision in this document to inform members of the public.

XI. Conclusion

The NRC is no longer pursuing the eight rulemaking activities for the reasons discussed in this document. In the next edition of the Unified Agenda, the NRC will update the entry for these rulemaking activities with reference to this document to indicate that they are no longer being pursued. These rulemaking activities will appear in the completed section of that edition of the Unified Agenda but will not appear in future editions. Should the NRC determine to pursue anything in these areas in the future, it will inform the public through a new rulemaking entry in the Unified Agenda.

Dated at Rockville, Maryland, this 21st day of July, 2016.

For the Nuclear Regulatory Commission.

Andrew L. Bates,

Acting, Secretary of the Commission.

BILLING CODE 7590-01-P

DEPARTMENT OF ENERGY

10 CFR Parts 429 and 430

[Docket No. EERE-2013-BT-TP-0029 and EERE-2011-BT-DET-0072]

RIN 1904-AD44, 1904-AC66, and 1904-AC51

Energy Conservation Program for Consumer Products: Final Coverage Determination; Test Procedures for Miscellaneous Refrigeration Products; Correction

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy.

ACTION: Final rule; correction.

SUMMARY: On July 18, 2016, the U.S. Department of Energy published a final rule establishing a final coverage determination and test procedures for miscellaneous refrigeration products. This correction addresses technical errors in the preamble and regulatory text. Neither the errors nor the corrections in this document affects the substance of the rulemaking or any of the conclusions reached in support of the final rule.

DATES: *Effective date:* August 17, 2016.

FOR FURTHER INFORMATION CONTACT: Mr. Joseph Hagerman, U.S. Department of Energy, Office of Energy Efficiency and Renewable Energy, Building Technologies Office, Mailstop EE-5B, 1000 Independence Avenue SW., Washington, DC 20585-0121. Telephone: (202) 586-4549. Email: Joseph.Hagerman@ee.doe.gov.

Michael Kido, U.S. Department of Energy, Office of the General Counsel, GC-33, 1000 Independence Avenue SW., Washington, DC 20585-0121. Telephone: (202) 586-8145. Email: Michael.Kido@hq.doe.gov.

SUPPLEMENTARY INFORMATION: The U.S. Department of Energy (DOE) published a final rule in the **Federal Register** on July 18, 2016 ("the July 18 final rule"), that established a final coverage determination and test procedures for miscellaneous refrigeration products. 81 FR 46767. In that rulemaking, DOE made drafting errors in the preamble and regulatory text. Specifically, DOE inadvertently amended 10 CFR 430.23 to add paragraph (dd) to coolers and combination cooler refrigeration products. That paragraph, however, is already assigned to portable air conditioners. Accordingly, references to paragraph (dd) must be corrected to refer to paragraph (ff). In order to remedy this error, DOE is correcting the preamble on page 46783, section 2., second paragraph where DOE references

10 CFR 430.23(dd). DOE is also correcting amendatory instruction 10.b. on page 46792, and the reference to paragraph (dd) on page 46794. The effective date for this rule is August 17, 2016.

Correction

In final rule FR Doc. 2016–14389, published in the issue of Monday, July 18, 2016, (80 FR 46767), the following corrections are made:

1. On page 46783, first column, second paragraph, 5th line, the existing text “10 CFR 430.23 (dd)” is corrected to read as “10 CFR 430.23 (ff)”.

2. On page 46792, third column, amendatory instruction 10.b. is corrected to read as follows:

§ 430.23 [Corrected]

■ 10. * * *

■ b. Adding paragraph (ff).

* * * * *

3. On page 46794, third column, second paragraph, “(dd)” is corrected to read as “(ff)”.

Issued in Washington, DC, on July 21, 2016.

Kathleen B. Hogan,

Deputy Assistant Secretary for Energy Efficiency, Energy Efficiency and Renewable Energy.

BILLING CODE 6450–01–P

BUREAU OF CONSUMER FINANCIAL PROTECTION

12 CFR Part 1026

Truth in Lending (Regulation Z)

CFR Correction

In Title 12 of the Code of Federal Regulations, Parts 1026 to 1099, revised as of January 1, 2016, on page 749, in supplement I to part 1026, under section 1026.41, the heading *41(e)(5) Consumers in bankruptcy* and paragraphs 1, 2, and 3 are added to read as follows:

Supplement I to Part 1026—Official Interpretation

* * * * *

Section 1026.41 Periodic Statements for Residential Mortgage Loans

* * * * *

41(e)(5) Consumers in bankruptcy.

1. *Commencing a case.* The requirements of § 1026.41 do not apply once a petition is filed under Title 11 of the United States Code, commencing a case in which the consumer is a debtor.

2. *Obligation to resume sending periodic statements.* i. With respect to any portion of the mortgage debt that is

not discharged, a servicer must resume sending periodic statements in compliance with § 1026.41 within a reasonably prompt time after the next payment due date that follows the earliest of any of three potential outcomes in the consumer's bankruptcy case: the case is dismissed, the case is closed, or the consumer receives a discharge under 11 U.S.C. 727, 1141, 1228, or 1328. However, this requirement to resume sending periodic statements does not require a servicer to communicate with a consumer in a manner that would be inconsistent with applicable bankruptcy law or a court order in a bankruptcy case. To the extent permitted by such law or court order, a servicer may adapt the requirements of § 1026.41 in any manner believed necessary.

ii. The periodic statement is not required for any portion of the mortgage debt that is discharged under applicable provisions of the U.S. Bankruptcy Code. If the consumer's bankruptcy case is revived—for example if the court reinstates a previously dismissed case, reopens the case, or revokes a discharge—the servicer is again exempt from the requirement in § 1026.41.

3. *Joint obligors.* When two or more consumers are joint obligors with primary liability on a closed-end consumer credit transaction secured by a dwelling subject to § 1026.41, the exemption in § 1026.41(e)(5) applies if any of the consumers is in bankruptcy. For example, if a husband and wife jointly own a home, and the husband files for bankruptcy, the servicer is exempt from providing periodic statements to both the husband and the wife.

BILLING CODE 1505–01–D

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 25

[Docket No. FAA–2016–6925; Special Conditions No. 25–623–SC]

Special Conditions: Embraer S.A. Model EMB–545 and EMB–550 Airplanes; Installation of an Airbag System To Limit the Axial Rotation of the Upper Leg on Single- and Multiple-Place Side-Facing Seats

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final special conditions; request for comments.

SUMMARY: These special conditions are issued for the Embraer S.A. (Embraer) Model EMB–545 and EMB–550 series airplanes. These airplanes will have a novel or unusual design feature when compared to the state of technology envisioned in the airworthiness standards for transport-category airplanes. This feature is an airbag system designed to limit the axial rotation of the upper leg on single-place and multiple-place side-facing seats. The applicable airworthiness regulations do not contain adequate or appropriate safety standards for this design feature. These special conditions contain the additional safety standards that the Administrator considers necessary to establish a level of safety equivalent to that established by the existing airworthiness standards.

DATES: This action is effective on Embraer on July 29, 2016. We must receive your comments by September 12, 2016.

ADDRESSES: Send comments identified by docket number FAA–2016–6925 using any of the following methods:

• *Federal eRegulations Portal:* Go to <http://www.regulations.gov> and follow the online instructions for sending your comments electronically.

• *Mail:* Send comments to Docket Operations, M–30, U.S. Department of Transportation (DOT), 1200 New Jersey Avenue SE., Room W12–140, West Building Ground Floor, Washington, DC 20590–0001.

• *Hand Delivery or Courier:* Take comments to Docket Operations in Room W12–140 of the West Building Ground Floor at 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

• *Fax:* Fax comments to Docket Operations at 202–493–2251.

Privacy: The FAA will post all comments it receives, without change, to <http://www.regulations.gov>, including any personal information the commenter provides. Using the search function of the docket Web site, anyone can find and read the electronic form of all comments received into any FAA docket, including the name of the individual sending the comment (or signing the comment for an association, business, labor union, etc.). DOT's complete Privacy Act Statement can be found in the **Federal Register** published on April 11, 2000 (65 FR 19477–19478), as well as at <http://DocketsInfo.dot.gov/>.

Docket: Background documents or comments received may be read at <http://www.regulations.gov/> at any time. Follow the online instructions for
