BILLING CODE 4510-29-P

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice 00-126]

NASA Advisory Council (NAC), Aero-Space Technology Advisory Committee (ASTAC); Meeting

AGENCY: National Aeronautics and Space Administration.

ACTION: Notice of meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act, Pub. L. 92-463, as amended, the National Aeronautics and Space Administration announces a forthcoming meeting of the NASA Advisory Council, Aero-Space Technology Advisory Committee.

DATES: Tuesday, November 28, 2000, 8:30 a.m. to 5:00 p.m.; and Wednesday, November 29, 2000, 8 a.m. to 12:00 Noon.

ADDRESSES: National Aeronautics and Space Administration Room 6H46, 300 E Street, SW., Washington, DC 20546.

FOR FURTHER INFORMATION CONTACT: Ms. Mary-Ellen McGrath, Office of Aerospace Technology, National Aeronautics and Space Administration, Washington, DC 20546 (202/358-4729).

SUPPLEMENTARY INFORMATION: The meeting will be open to the public up to the seating capacity of the room. The agenda for the meeting is as follows:

- Status of Aerospace Technology Programs
- Small Aircraft Transportation System (SATs) Report
- Status of Icing Workshop
- 2nd, 3rd, and 4th Generation Reusable Launch Vehicles (RLVs)
- Government Performance Results Act (GPRA) Briefings
- Research Test Pilot Issues and Concerns
- Subcommittee Reports

It is imperative that the meeting be held on these dates to accommodate the scheduling priorities of the key participants.

Dated: October 16, 2000.

Beth M. McCormick,

*Advisory Committee Management Officer,
National Aeronautics and Space
Administration.*

BILLING CODE 7510-01-P

NUCLEAR REGULATORY COMMISSION

[Docket No. 72-1]

General Electric Company, Morris Operation; Notice of Docketing, Notice of Consideration of Issuance, and Notice of Opportunity for a Hearing for the Renewal of Materials License SNM-2500 for the Morris Operation Independent Spent Fuel Storage Installation

The Nuclear Regulatory Commission (NRC or Commission) is considering a renewal application dated May 22, 2000, of a materials license under the provisions of 10 CFR Part 72, from General Electric Company (GE) for renewal of its Morris Operation independent spent fuel storage installation (ISFSI) license (SNM-2500). GE has owned and operated Morris Operations since its construction under Atomic Energy Commission Provisional Construction Permit No. CPCSF-3 issued in December 1967, as a spent fuel reprocessing facility, and specifically as an ISFSI for the last 18 years under the current NRC License SNM-2500. This application was docketed under 10 CFR Part 72; the ISFSI Docket No. is 72-1 and will remain the same for this action. The GE Morris Operation is located in Gooselake Township, Grundy County, Morris, Illinois, near the confluence of the Kankakee and Des Plaines Rivers. If granted, the license will authorize the applicant to continue to store spent fuel in a wet storage facility for a term of twenty (20) years.

Prior to issuance of the requested license renewal, the NRC will have made the findings required by the Atomic Energy Act of 1954, as amended (the Act), and the NRC's rules and regulations. The issuance of the materials license will not be approved until the NRC has reviewed the application and has concluded that renewal of the license will not be inimical to the common defense and security and will not constitute an unreasonable risk to the health and safety of the public. The NRC will complete an environmental evaluation, in accordance with 10 CFR Part 51, to determine if the preparation of an environmental impact statement is warranted or if an environmental assessment and finding of no significant impact are appropriate. This action will be the subject of a subsequent notice in the **Federal Register**. Pursuant to 10 CFR 2.105, by November 20, 2000, the applicant may file a request for a hearing; and any person whose interest may be affected by this proceeding and who wishes to participate as a party in
