Title: Interagency Guidance on Asset Securitization Activities.

OMB Control No.: 1557-0217.

Type of Review: Regular.

Affected Public: Businesses or other for-profit.

Description: In 1999, the OCC issued the Interagency Guidance on Asset Securitization Activities (guidance) in response to a determination that some institutions involved in asset securitization activities had significant weaknesses in their asset securitization practices. The information collection contained in the guidance applies to financial institutions engaged in asset securitization activities and provides that any institution engaged in these activities should maintain a written asset securitization policy, document the fair value of retained interests, and maintain a management information system to monitor asset securitization activities. Financial institution management uses the information collected to ensure the safe and sound operation of the institution's asset securitization activities. The OCC uses the information to evaluate the quality of an institution's risk management practices.
