### **Notice of Receipt of Application for a Presidential Permit for Pipeline Facilities To Be Operated and Maintained on the Border of the United States**

**AGENCY:** Department of State.

**ACTION:** Notice.

Notice is hereby given that the Department of State has received an application from PMC (Nova Scotia) Company ("PMC Nova Scotia") for itself, and on behalf of Plains Marketing Canada L.P. (both Canadian companies), for a Presidential permit, pursuant to Executive Order 11423 of August 16, 1968, as amended by Executive Order 12847 of May 17, 1993 and Executive Order 13284 of January 23, 2003, to operate and maintain the Milk River Pipeline crossing the U.S.-Canada border. The Murphy Oil Corporation had a Presidential permit to construct, operate and maintain this oil pipeline, but the pipeline was acquired in May, 2001 by PMC Nova Scotia, for itself and on behalf of Plains Marketing Canada, L.P.

PMC Nova Scotia and Plains Marketing Canada are direct subsidiaries of Plains All American Pipeline, L.P., of Texas, U.S.A. The existing pipeline originates in Toole County, Montana, and runs to the international boundary between the U.S. and Canada, then connects to similar facilities in the Province of Alberta, Canada. PMC Nova Scotia has, in written correspondence to the Department of State, committed to abide by the relevant terms and conditions of the permit previously held by Murphy Oil. Further, PMC Nova Scotia indicated in that correspondence that the operation of the pipeline will remain essentially unchanged from that previously permitted. Therefore, in accordance with 22 CFR 161.7(b)(3) and the Department's Procedures for Issuance of a Presidential Permit Where There Has Been a Transfer of the Underlying Facility, Bridge or Border Crossing for Land Transportation (70 FR 30990, May 31, 2005), the Department of State does not intend to conduct an environmental review of the application unless information is brought to its attention that the transfer potentially would have a significant impact on the quality of the human environment.

As required by E.O. 13337, the Department of State is circulating this application to concerned federal agencies for comment.

<sup>12</sup> 15 U.S.C. 78s(b)(2).

<sup>13</sup> 17 CFR 200.30-3(a)(12).

**DATES:** Interested parties are invited to submit, in duplicate, comments relative to this proposal on or before January 18, 2006 to Charles Esser, Office of International Energy and Commodities Policy, Department of State, Washington, DC 20520. The application and related documents that are part of the record to be considered by the Department of State in connection with this application are available for inspection in the Office of International Energy and Commodities Policy during normal business hours.
