

mitigation, monitoring and reporting requirements are carried out. NMFS has preliminarily determined that the proposed activities would result in the harassment of only small numbers of ringed and bearded seals, will have a negligible impact on these marine mammal stocks; and will not have an unmitigable adverse impact on the availability of these stocks for subsistence uses.

Information Solicited

NMFS requests interested persons to submit comments, information, and suggestions concerning this request (see **ADDRESSES**).

Fisheries of the Exclusive Economic Zone Off Alaska; Catch-Monitoring Standards Workshop

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of workshop.

SUMMARY: NMFS will present a workshop on proposed catch-monitoring standards for shoreside processors that take deliveries of pollock from the Bering Sea.

DATES: The workshop will be held on Thursday, November 16, 2000, from 9 a.m. to 5 p.m.

ADDRESSES: The workshop will be held at the Nordby Center, located in Fishermen's Terminal, 1711 West Nickerson Street, Seattle, WA.

FOR FURTHER INFORMATION CONTACT: Alan Kinsolving, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS is developing a proposed rule to implement the American Fisheries Act (AFA). One aspect of this rulemaking is the development of catch monitoring standards for inshore processors that receive deliveries of pollock harvested in the directed fishery for pollock in Bering Sea. As currently envisioned by NMFS, these standards would require that the AFA shoreside processors develop and implement a Catch Monitoring and Control Plan (Plan). The

Plan would address performance standards designed to ensure that all catch delivered to the processor is accurately weighed and accounted for.

NMFS is conducting the November 16, 2000, workshop for interested industry members to provide guidance on the development and implementation of these performance standards.

Special Accommodations

This workshop is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Alan Kinsolving at 907-586-7228 at least 7 working days prior to the workshop.

Dated: October 5, 2000.

AGENCY: Department of Education.

SUMMARY: The Leader, Regulatory Information Management Group, Office of the Chief Information Officer, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before December 11, 2000.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Leader, Regulatory Information Management Group, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, *e.g.* new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment. The Department of Education is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the

burden of this collection on the respondents, including through the use of information technology.

Abstract: The Rehabilitation Services Administration (RSA), in the Office of Special Education and Rehabilitation Services (OSERS), U.S. Department of Education, has funded a comprehensive two-year evaluation of Parts B and C of the Centers for Independent Living (CIL) program. CIL programs promote a philosophy of independent living—consumer control, peer support, self-help, self-determination, equal access, and individual and system advocacy—the goal is to maximize the leadership, empowerment, independence, and productivity of individuals with disabilities, and enhance the integration and full inclusion of individuals with disabilities into the mainstream of American society. This evaluation will include questionnaire surveys of all CIL directors and a nationally representative sample of current and former consumers of CIL services. The study will examine two major areas: (1) consumer satisfaction and outcomes of services, and (2) systems advocacy and change. The results of the study will be used to complement Section 704 Annual Performance Report data; support RSA Government Performance and Results Act (GPRA) reporting requirements; assist CILs to identify successful service and advocacy strategies; and inform advocates and policy makers about the Independent Living Programs.
