SUPPLEMENTARY INFORMATION:

I. Background

In the **Federal Register** of March 26, 2014 (79 FR 16698), we published an advance notice of proposed rulemaking with a 75-day comment period to request comments to assist us in implementing FSMA, which added new provisions to the RFR requirements of the FD&C Act. Interested persons were originally given until June 9, 2014, to comment on the advance notice of proposed rulemaking.

We have received a request for a 60-day extension of the comment period for the advance notice of proposed rulemaking. The request conveyed concern that the 75-day comment period did not allow sufficient time to develop a meaningful or thoughtful response to the advance notice of proposed rulemaking particularly in light of other FSMA-related rulemakings for which the Agency is also requesting comments.

We have considered the request and are reopening the comment period for the advance notice of proposed rulemaking for 60 days, until August 18, 2014. We believe that reopening the comment period an additional 60 days

allows adequate time for interested persons to submit comments without significantly delaying rulemaking on these important issues.

II. Request for Comments

Interested persons may submit either electronic comments regarding this document to <http://www.regulations.gov> or written comments to the Division of Dockets Management (see **ADDRESSES**). It is only necessary to send one set of comments. Received comments may be seen in the Division of Dockets Management between 9 a.m. and 4 p.m., Monday through Friday, and will be posted to the docket at <http://www.regulations.gov>.

Dated: June 13, 2014.

Leslie Kux,

Assistant Commissioner for Policy.

Background and Explanation of Provisions

The temporary regulations in the Rules and Regulations section of this issue of the **Federal Register** amend Procedure and Administration Regulations (26 CFR part 301) promulgated under section 7602 of the Internal Revenue Code. The text of the temporary regulations also serves as the text of these proposed regulations. The preamble to the temporary regulations explains these proposed regulations.

Special Analyses

It has been determined that this notice of proposed rulemaking is not a significant regulatory action as defined in Executive Order 12866, as supplemented by Executive Order 13563. Therefore, a regulatory assessment is not required. The IRS has also determined that section 553(b) of the Administrative Procedure Act (5 U.S.C. chapter 5) does not apply to these regulations, and because the regulations do not impose an information collection on small entities, the Regulatory Flexibility Act (5 U.S.C. chapter 6) does not apply. Therefore, a regulatory flexibility analysis is not required. Pursuant to section 7805(f) of the Internal Revenue Code, the IRS will submit the proposed regulations to the Chief Counsel for Advocacy of the Small Business Administration for comments about the regulations' impact on small business.

Comments and Requests for a Public Hearing

Before these proposed regulations are adopted as final, the IRS will consider any written (signed original and 8 copies) or electronic comments timely submitted. The IRS requests comments on all aspects of these proposed

regulations. All comments will be available for public inspection and copying. The IRS will schedule a public meeting if one is requested, in writing, by a person who submits written comments. If the IRS does schedule a public hearing, the IRS will publish notice of the date, time, and place for the public hearing in the **Federal Register**.

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to add twenty four new fireworks events at various locations in the Sector Columbia River Captain of the Port zone. The Coast Guard also proposes to correct the location of some existing fireworks events in the Sector Columbia River Captain of the Port zone. In addition, the Coast Guard proposes to change the format of the existing regulation by using a table to list each fireworks. When these safety zones are activated and subject to enforcement, this rule would limit the movement of vessels within the established firework display areas.
