

is publishing this notice of a proposed revision to the previously approved collection of information.

**Description:** The SEC previously received OMB approval for a voluntary information collection with respect to the Joint Standards, pursuant to which entities regulated by the SEC voluntarily self-assess their diversity policies and practices.<sup>1</sup> This proposed revision to the previously approved collection would add a form entitled “Diversity Assessment Report for Entities Regulated by the SEC” (Diversity Assessment Report) to assist with collection of information regarding regulated entities’ policies and practices relating to diversity and inclusion. The Diversity Assessment Report (1) asks for general information about a respondent; (2) includes a checklist and questions relating to the standards set forth in the Joint Standards; (3) seeks data related to workforce diversity and supplier diversity; and (4) provides an opportunity for comments. The SEC estimates that use of the Diversity Assessment Report would reduce the average response time for this collection per respondent from 12 hours to 10 hours. A draft of this Diversity Assessment Report can be viewed at <https://www.sec.gov/omwi/sec-entity-diversity-assessment-report-draft.pdf>.

The SEC may use the information submitted by the entities it regulates to monitor progress and trends in the financial services industry with regard to diversity and inclusion in employment and contracting activities and to identify and highlight those policies and practices that have been successful. The SEC will continue to reach out to the regulated entities and other interested parties to discuss diversity and inclusion in the financial services industry and share leading practices. The SEC may also publish information disclosed by the entity, such as any identified leading practices, in any form that does not identify a particular institution or disclose confidential business information. The SEC will *not* publish diversity and inclusion information that identifies any particular regulated entity unless the regulated entity consents in writing to such use.

**Type of Review:** Revision.

**Frequency of Response:** Annually.

**Burden Estimates:**

**Revised Number of Respondents:**

1,300.<sup>2</sup>

**Revised Annual Burden Per Respondent for the Diversity Assessment Report and Joint Standards:** 10 hours.

**Revised Total Annual Burden:** 13,000 hours.

**Obligation to Respond:** Voluntary.

**Request for Comments:** The comments submitted in response to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record. Comments are invited on:

(a) Whether the collection of information is necessary for the proper performance of the functions of the SEC, including whether the information has practical utility;

(b) The accuracy of the SEC’s estimate of the information collection burden, including the validity of the methods and the assumptions used;

(c) Ways to enhance the quality, utility, and clarity of the information proposed to be collected;

(d) Ways to minimize the burden of the collection on respondents, including through the use of automated collection techniques or other forms of information technology; and

(e) Estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

Dated: January 18, 2017.

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–79806; File No. SR–NSX–2017–01]

### Self-Regulatory Organizations; National Stock Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Exchange Rule 11.26 Regarding the Data Collection Requirements of the Regulation NMS Plan To Implement a Tick Size Pilot Program January 17, 2017

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”) <sup>1</sup> and Rule 19b–4 thereunder,<sup>2</sup> notice is hereby given that on January 6, 2017, National Stock Exchange, Inc. (“NSX” or the “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) a proposed rule change, as described in

Items I, and II below, which Items have been substantially prepared by the Exchange. The Exchange has designated this proposal as a non-controversial proposed rule change pursuant to Section 19(b)(3)(A) of the Act <sup>3</sup> and Rule 19b–4(f)(6)(iii) <sup>4</sup> thereunder, which renders it effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization’s Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange proposes to amend NSX Rule 11.26(b) and Rule 11.26, Interpretations and Policies .08 to modify certain data collection requirements of the Regulation NMS Plan to Implement a Tick Size Pilot Program (the “Plan”). The proposed rule change is the same as proposed rule changes recently approved or published by the Commission for Bats BZX Exchange f/k/a BATS Exchange, Inc. (“BZX”) to amend BZX Rule 11.27 which also sets forth amendments to the requirements for the Web site data publication requirements pursuant to Appendices B and C of the Plan.<sup>5</sup>

The text of the proposed rule change is available on the Exchange’s Web site at [www.nsx.com](http://www.nsx.com), at the principal office of the Exchange, and at the Commission’s Public Reference Room.

#### II. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and statutory basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

##### A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

###### 1. Purpose

Inc., Bats EDGA Exchange, Inc., Bats EDGX Exchange, Inc., Chicago Stock Exchange, Inc., Financial Industry Regulatory Authority, Inc. ("FINRA"), NASDAQ OMX BX, Inc., NASDAQ OMX PHLX LLC, the Nasdaq Stock Market LLC, New York Stock Exchange LLC ("NYSE"), NYSE MKT LLC, and NYSE Arca, Inc. (collectively "Participants"), filed with the Commission, pursuant to Section 11A of the Act<sup>6</sup> and Rule 608 of Regulation NMS thereunder,<sup>7</sup> the Plan to Implement a Tick Size Pilot Program ("Pilot").<sup>8</sup> The Participants filed the Plan to comply with an order issued by the Commission on June 24, 2014.<sup>9</sup> The Plan<sup>10</sup> was published for comment in the **Federal Register** on November 7, 2014 and was thereafter approved by the Commission, as modified, on May 6, 2015.<sup>11</sup> On November 6, 2015, the Commission granted the Participants an exemption from implementing the Plan until October 3, 2016.<sup>12</sup> On March 3, 2016, the Commission published an amendment to the Plan adding NSX as a Participant.<sup>13</sup> On September 13, 2016, the Commission exempted the Plan Participants from the requirement to fully implement the Pilot on October 3, 2016, to permit the Plan Participants to implement the pilot on a phased-in basis, as described in the Plan Participants' exemptive request.<sup>14</sup>

The Plan is designed to allow the Commission, market participants, and the public to study and assess the impact of increment conventions on the liquidity and trading of the common stocks of small-capitalization companies. Each Participant is required to comply, and to enforce compliance by its member organizations, as

applicable, with the provisions of the Plan.

The Exchange adopted rule amendments to implement the requirements of the Plan, including relating to the Plan's data collection requirements and requirements relating to Web site data publication.<sup>15</sup> Specifically, with respect to the Web site data publication requirements pursuant to Section VII and Appendices B and C to the Plan, Exchange Rule 11.26(b)(2)(B) provides, among other things, that the Exchange shall make the data required by Items I and II of Appendix B to the Plan, and collected pursuant to paragraph (b)(2) of Rule 11.26, publicly available on the Exchange's Web site on a monthly basis at no charge and shall not identify the Trading Center that generated the data. Exchange Rule 11.26(b)(3)(C), provides, among other things, that the Exchange shall make the data required by Item IV of Appendix B to the Plan, and collected pursuant to paragraph (b)(3)(A) of Rule 11.26, publicly available on the Exchange Web site on a monthly basis at no charge and shall not identify the Trading Center [sic] that generated the data. Exchange Rule 11.26(b)(5) provides, among other things, that the Exchange shall collect and transmit to the Commission data described in Item III of Appendix B of the Plan relating to daily Market Maker registration statistics, but does not currently include a provision requiring the Exchange to publish such data to its Web site. Rule 11.26, Interpretation and Policy .08 provides, among other things, that the requirement that the Exchange or the Designated Examining Authority ("DEA") make certain data publicly available on the Exchange's or the DEA's Web site pursuant to Appendix B and C to the Plan shall commence at the beginning of the Pilot Period.

The Exchange is proposing amendments to Rule 11.26(b)(2)(B) (regarding Appendix B.I and B.II data) and Rule 11.26(b)(3)(C) (regarding Appendix B.IV data) to provide that data required to be made available on the Exchange's Web site be published within 120 calendar days following month end. The Exchange also proposes to add a provision to Rule 11.26(b)(5) to state that the Exchange shall make data collected under Appendix B.III publicly available on the Exchange's Web site within 120 calendar days following

month end at no charge.<sup>16</sup> In addition, the proposed amendments to Rule 11.26, Interpretations and Policies .08 would provide that, notwithstanding the provisions of paragraphs (b)(2)(B), (b)(3)(C), and (b)(5), the Exchange or the DEA shall make data for the Pre-Pilot period publicly available on the Exchange's or the DEA's Web site pursuant to Appendix B and C to the Plan by February 28, 2017.<sup>17</sup> The purpose of delaying the publication of the Web site data is to address confidentiality concerns by providing for the passage of additional time between the market information reflected in the data and the public availability of such information.<sup>18</sup>

## 2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act<sup>19</sup> in general, and furthers the objectives of Section 6(b)(5) of the Act<sup>20</sup> in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest.

The Exchange believes that this proposal is consistent with the Act because it is designed to assist the Participants in meeting their regulatory obligations pursuant to the Plan and is

<sup>16</sup> The Exchange notes that it does not currently have any Market Makers and, therefore, does not currently collect Market Maker registration statistics.

<sup>17</sup> With respect to data for the Pilot Period, the requirement that the Exchange or the DEA make data publicly available on the Exchange's or the DEA's Web site pursuant to Appendix B and C to the Plan shall continue to commence at the beginning of the Pilot Period. Thus, the first Web site publication date for Pilot Period data (covering October 2016) would be published on the Exchange's or the DEA's Web site by February 28, 2017, which is 120 days following the end of October 2016.

<sup>18</sup> On November 30, 2016, the Commission granted each Participant a limited exemption from the requirement to publish certain Pilot data on a monthly basis. For each Participants that is the DEA of a Market Maker, the Commission granted a limited exemption to allow FINRA to aggregate and publish certain data on the FINRA Web site, rather than each Participant that is a DEA of a Market Maker publishing such data on its respective Web site. The exemptions were granted to the Participants so long as each Participant submits proposed rule changes to reflect the exemptions. See Letter dated November 30, 2016 from David S. in furtherance of the objectives of the Plan, as identified by the SEC. The Exchange further believes that the instant proposal is consistent with the Act in that it is designed to address confidentiality concerns by permitting the Exchange to delay Web site publication to provide for passage of additional time between the market information reflected in the data and the public availability of such information.

#### *B. Self-Regulatory Organization's Statement on Burden on Competition*

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange notes that the proposed rule change implements the provisions of the Plan, and is designed to assist the Participants in meeting their regulatory obligations pursuant to the Plan.

The proposal is intended to address confidentiality concerns that may adversely impact competition by permitting the Exchange to delay Web site publication to provide for passage of additional time between the market information reflected in the data and the public availability of such information. The proposal also does not alter the information required to be submitted to the Commission.

#### *C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From ETP Holders, Participants or Others*

The Exchange has neither solicited nor received comments on the proposed rule change.

### **III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) <sup>21</sup> of the Exchange Act and Rule 19b-4(f)(6) thereunder. <sup>22</sup>

A proposed rule change filed under paragraph (f)(6) of Rule 19b-4 <sup>23</sup> normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii), <sup>24</sup> the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange filed the proposed rule change for immediate effectiveness and has requested that the Commission waive the requirement that the proposed rule change not become operative for 30 days after the date of the filing so that it may become operative immediately.

The Exchange notes that the proposed rule change implements the provisions of the Plan, and is designed to assist the Participants in meeting their regulatory obligations pursuant to the Plan. The proposal is intended to address confidentiality concerns by permitting the Exchange to delay Web site publication to provide for passage of additional time between the market information reflected in the data and the public availability of such information. The proposal does not alter the information required to be submitted to the SEC.

The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because it will allow the Exchange to implement proposed changes that are intended to address confidentiality concerns. Therefore, the Commission hereby waives the 30-day operative delay and designates the proposed rule change to be operative as of 6 January, 2017. <sup>25</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: necessary or appropriate in the public interest, for the protection of investors, otherwise in furtherance of the purposes of the Act. <sup>26</sup> If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

<sup>23</sup> 17 CFR 240.19b-4(f)(6)(iii).

<sup>24</sup> 17 CFR 240.19b-4(f)(6)(iii).

<sup>25</sup> For purposes of only waiving the operative delay for this rule proposal, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

<sup>26</sup> 15 U.S.C. 78s(b)(3)(C).

### **IV. Solicitation of Comments**

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

#### *Electronic Comments*

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to [rule-comments@sec.gov](mailto:rule-comments@sec.gov). Please include File Number SR-NSX-2017-01 on the subject line.

#### *Paper Comments*

- Send paper comments in triplicate to Brent J. Fields, Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090.

All submissions should refer to File No. SR-NSX-2017-01. This file number should be included in the subject line if email is used. To help the Commission process and review comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of the filing will also be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions.

You should submit only information that you wish to make available publicly. All submissions should refer to file number SR-NSX-2017-01 and should be submitted on or before February 14, 2017.

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-79808; File No. SR-CBOE-2017-004]

### Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend the Fees Schedule

January 17, 2017.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on January 3, 2017, Chicago Board Options Exchange, Incorporated (the “Exchange” or “CBOE”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The text of the proposed rule change is available on the Exchange's Web site (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

#### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

#### A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

##### 1. Purpose

The Exchange proposes to amend its Fees Schedule. The Exchange is adding fees for functionality related to its PULSe workstation. The fees herein will be effective on January 3, 2017.

By way of background, the PULSe workstation is a front-end order entry system designed for use with respect to orders that may be sent to the trading systems of the Exchange. Exchange Trading Permit Holders (“TPHs”) may also make workstations available to their customers, which may include TPHs, non-broker dealer public customers and non-TPH broker dealers.

##### Drop Copies

Financial Information eXchange (“FIX”) language-based connectivity, upon request, provides customers (both TPH and non-TPH) of TPHs that are brokers and PULSe users (“PULSe brokers”) with the ability to receive “drop-copy” order fill messages from their PULSe brokers. These fill messages allow customers to update positions, risk calculations and streamline back-office functions.

The Exchange is proposing a monthly fee to be assessed on TPHs who are either receiving or sending drop copies via a PULSe workstation. This fee will allow for the recoupment of costs of maintaining and supporting drop copy functionality. Whether the drop copy sender or receiver is assessed the fee is dependent upon whether the customer receiving the drop copies is a TPH or non-TPH.

If a customer receiving drop copies is a TPH, that TPH customer (the receiving TPH) will be charged a fee of \$1000 per month, per PULSe broker from whom it receives drop copies via PULSe. For example, if TPH customer A receives drop copies from each of PULSe broker A, PULSe broker B, and PULSe broker C (all of which are TPHs), TPH A (the receiving TPH) will be charged a fee of \$3000 per month for receiving drop copies via PULSe from PULSe brokers A, B and C (the sending TPHs).

If a customer receiving drop copies is a non-TPH, the PULSe broker (the sending TPH) who sends drop copies via PULSe to that customer will be charged a fee of \$500 per month. If that PULSe broker sends drop copies via PULSe to multiple non-TPH customers, the PULSe broker will be charged the fee for each customer. For example, if PULSe broker A sends drop copies via its PULSe workstation to each of non-

TPH customer A, non-TPH customer B and non-TPH customer C, PULSe broker A (the sending TPH) will be charged a fee of \$1500 per month for drop copies it sends via PULSe to non-TPH customers A, B and C (the receiving non-TPHs).

##### Non-PULSe-to-PULSe Routing

Upon request, the Exchange provides customers, both TPH and non-TPH, of PULSe brokers with the ability to transmit orders electronically to PULSe brokers' PULSe workstations using order management systems other than PULSe (*i.e.*, non-PULSe-to-PULSe).<sup>3</sup> These customers utilize the existing infrastructure of such systems to send orders to their PULSe brokers electronically.

The Exchange is proposing a monthly fee payable by TPH customers who request non-PULSe-to-PULSe functionality. This fee will allow for the recoupment of costs of maintaining and supporting non-PULSe-to-PULSe routing functionality. A TPH customer sending orders electronically to PULSe brokers through these non-PULSe systems will be charged a fee of \$500 a month per PULSe broker to which the customer sends orders. For example, if TPH customer A transmits orders electronically through a non-PULSe order management terminal to PULSe workstations of each of PULSe broker A, PULSe broker B, and PULSe broker C, TPH customer A (the sending TPH) will be charged a fee of \$1500 per month for the ability to send orders electronically to the PULSe workstations of PULSe brokers A, B and C.<sup>4</sup> The Exchange does not assess any fee, to the PULSe broker or otherwise, for a non-TPH customer electing to use non-PULSe-to-PULSe routing functionality.

##### FIX Integration Drop Copy Start-Up/ Cancellation Fees

The Exchange is proposing fees for both the start-up and cancellation of the FIX integration needed to send and receive drop copies from PULSe workstations. The Exchange is proposing a one-time fee of \$500 to recoup the costs required to connect a new drop copy customer to workstations of its PULSe broker(s) and add the drop copy functionality for that customer. Additionally, the Exchange is

<sup>3</sup> Non-PULSe-to-PULSe routing is an “add-on” feature to drop copy connectivity. If a TPH or non-TPH customer of a PULSe brokers elects to send orders through its third-party order management system to its broker's PULSe workstations, it must also elect to have the drop copy connectivity.

<sup>4</sup> In Addition, the TPH customer would be charged \$3,000/month for receiving drop copies from the three PULSe brokers, as discussed above.
