

purposes of the Act because Commodity-Based Trust Shares, like any other ETF, would have to satisfy the Exchange's initial listing standards to be eligible for options trading. Additionally, the proposed rule change would apply to all market participants in the same manner as options on Commodity-Based Trust Shares will be equally available to all market participants who wish to trade such options.

Intermarket Competition: The Exchange does not believe the proposal will impose any burden on inter-market competition that is not necessary or appropriate in furtherance of the purposes of the Act, as nothing prevents the other options exchanges from proposing similar rules to list and trade options on Commodity-Based Trust Shares. As noted herein, ISE has submitted a proposal to adopt an identical rule to allow ISE list and trade options on Commodity-Based Trust Shares without submitting a separate proposed rule change.³⁶

Furthermore, the Exchange notes that listing and trading options on a Commodity-Based Trust Share on the Exchange will subject such options to transparent exchange-based rules as well as price discovery and liquidity, as opposed to alternatively trading such options in the OTC market. The Exchange believes that the proposed rule change may relieve any burden on, or otherwise promote, competition as it is designed to increase competition for order flow on the Exchange in a manner that is beneficial to investors by providing them with a lower-cost option to hedge their investment portfolios in a timely manner.
