Notice of Proposed Information Collection Requests

AGENCY: Department of Education.

SUMMARY: The IC Clearance Official, Regulatory Information Management Services, Office of Management, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before August 13, 2007.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The IC Clearance Official, Regulatory Information Management Services, Office of Management, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the

Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Dated: June 11, 2007.

Angela C. Arrington,

IC Clearance Official, Regulatory Information Management Services, Office of Management.

Title: Final Performance Report for the Jacob K. Javits Fellowship Program.

Frequency: Annually.

Affected Public: Not-for-profit institutions.

Reporting and Recordkeeping Hour Burden:

Responses: 20.

Burden Hours: 120.

Abstract: The purpose of the JKJ Fellowship Program is to award fellowships to eligible students of superior ability, selected on the basis of demonstrated achievement, financial need, and exceptional promise, to undertake graduate study in selected fields in the arts, humanities, and social sciences leading to a doctoral degree or to a master's degree in those fields in which the master's degree is the terminal highest degree awarded in the selected field of study at accredited institutions of higher education. Awards are made to institutions of higher education, who disburse funds to fellows. This Final Performance Report will be used by these institutions to report information on the fellowships administered during the four-year project period. Program staff have revised the Final Performance Report based on an analysis of respondent comments and an evaluation of the data provided by the report. Program staff believe that the revised report will improve the clarity of the document, reduce burden on respondents, and more effectively collect the data necessary to evaluate the projects' performance and address updated GPRA requirements.

[Docket No. CP07-388-000]

Columbia Gas Transmission Corporation; Notice of Request Under Blanket Authorization

June 4, 2007.

Take notice that on May 21, 2007, and supplemented on June 1, 2007, Columbia Gas Transmission Corporation (Columbia), 1700 MacCorkle Avenue, Charleston, West Virginia 25314, filed in Docket No. CP07-388-000, a prior notice request pursuant to sections 157.205 and 157.208 of the Federal Energy Regulatory Commission's regulations under the Natural Gas Act for authorization to increase the maximum allowable operating pressure (MAOP) of three of its existing transmission pipelines, located in Guernsey County, Ohio, all as more fully set forth in the application, which is on file with the Commission and open to public inspection. The filing may also be viewed on the web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (886) 208-3676 or TTY, (202) 502-8659.

Specifically, Columbia proposes to increase the MAOP on its Lines O-1582, consisting of 2.1 miles of 2- and 6-inch diameter pipeline, O-1441, consisting of 0.43 mile of 4- and 6-inch diameter pipeline, and a portion of O-323, consisting of 2.03 miles of 3-, 4-, and 8-

inch diameter pipeline, from the current MAOP of 50 psig to a new MAOP of 99 psig and to operate the subject pipelines at the higher pressure. Columbia states that the proposed uprate creates a capacity of 0.9 MMcf/d. Columbia asserts that the increase of the MAOP will allow Columbia to maintain current firm contractual obligations, as well as improve the efficient use of these facilities by increasing their capacity potential via the higher operating pressures. Columbia does not propose any pipeline construction or replacement as a result of the proposed uprate.

Any questions regarding the application should be directed to Victoria J. Hamilton, Certificate Lead, Columbia Gas Transmission Corporation, P.O. Box 1273, Charleston, West Virginia 25325-1273, or call at (304) 357-2297.

Any person or the Commission's Staff may, within 60 days after the issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and, pursuant to section 157.205 of the Commission's Regulations under the Natural Gas Act (NGA) (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefore, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the NGA.

The Commission strongly encourages electronic filings of comments, protests, and interventions via the Internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (<http://www.ferc.gov>) under the "e-Filing" link.
