Federal Energy Regulatory
Commission

[Docket No. RP02-47-000]

El Paso Natural Gas Company; Notice
of Proposed Changes in FERC Gas
Tariff

November 15, 2001.

Take notice that on November 13, 2001, El Paso Natural Gas Company (El Paso) tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1-A, the following tariff sheets, with an effective date of December 14, 2001:

Second Revised Sheet No. 287

Original Sheet No. 287A

Second Revised Sheet No. 288

First Revised Sheet No. 353

Original Sheet No. 353A

First Revised Sheet No. 354

El Paso states that tariff sheets are being filed to specify the procedures for changing primary delivery point rights and to provide flexibility to shippers desiring to change their primary delivery points.

El Paso states that copies of the filing upon all shippers on El Paso's system, and interested state regulatory commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the web at <http://www.ferc.gov> using the "RIMS" link, select "Docket#" and follow the instructions (call 202-208-2222 for assistance). Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site under the "e-Filing" link.

David P. Boergers,

Secretary.

[Docket No. CP02-19-000]

Panhandle Eastern Pipe Line
Company; Notice of Application

November 15, 2001.

Take notice that on November 5, 2001, Panhandle Eastern Pipe Line Company (Panhandle), P. O. Box 4967, Houston, Texas 77210-4967, filed in Docket No. CP02-19-000, an application pursuant to section 7(b) of the Natural Gas Act (NGA), as amended, and part 157 of the Federal Energy Regulatory Commission's Regulations (Commission), for authorization to abandon by transfer to CMS Field Services Company, Inc. (CMS Field Services), an affiliate of Panhandle, the Hickok Lateral located in Grant County, Kansas, and the Miles Lateral located in Kearny County, Kansas. Panhandle states that it also requests a finding that the facilities, upon abandonment, be declared as non-jurisdictional gathering facilities exempt from the Commission's jurisdiction under NGA section 1(b), all as more fully set forth in the application which is on file with the Commission and open to public inspection. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the web at <http://www.ferc.gov> using the "RIMS" link, select "Docket #" and follow the instructions (call 202-208-2222 for assistance).

Panhandle states that the Hickok and Miles Laterals, which Panhandle proposes to abandon, are wholly-owned by Panhandle. The facilities were constructed pursuant to budget-type blanket certificate authority issued January 23, 1973 and January 30, 1978, as amended, December 21, 1978, in Docket No. CP73-167-000, and Docket No. CP78-83-000, respectively.

Panhandle states that the Hickok Lateral, Line No. 16-03-123-58, is a 16-inch pipeline that extends approximately 6.4 miles from an interconnect with Mobil Exploration & Production Company's Hickok Gathering System and Vastar Resources, Inc.'s gathering facilities in Grant County, Kansas. According to Panhandle, there are no firm shippers which utilize the Hickok Lateral as a primary receipt point thus existing shippers will not be adversely affected by this application. Panhandle also states that there are no other wells or facilities connected to the 16-inch Hickok Lateral.

Panhandle states that the Miles Lateral, Line No. 43-03-039-01, is an 8-inch pipeline that extends approximately 16.7 miles from DEFS' Miles booster station to a point on Panhandle's 20-inch Lakin pipeline, which is adjacent to El Paso Field Services' processing plant in Kearny County, Kansas. The Miles pipeline was originally constructed to connect Panhandle's Miles and Hampton Gathering Systems to Panhandle's Lakin pipeline. Those gathering systems are now owned by DEFS. The only portion owned by Panhandle is the Miles Lateral. Currently, the only gas flowing through the Miles Lateral is under interruptible contracts. Panhandle states that there are no firm shippers using the Miles Lateral as a primary receipt point and that September 1998 was the last month that firm transportation service was provided, thus, existing shippers will not be adversely affected by this application. Panhandle also states that there are no other wells or facilities connected to the 8-inch Miles Lateral.

Panhandle states that with this application it is proposing to abandon by transfer to CMS Field Services the Hickok and Miles Laterals. While these laterals are currently classified as transmission, upon abandonment they will be performing a gathering function and thus should more properly be characterized as gathering facilities. Panhandle requests that the Commission determine that the Hickok and Miles Laterals serve a gathering function upon abandonment and transfer.

Panhandle states that as a transporter of natural gas, it no longer needs these facilities to purchase and gather gas for system supply, which was their original intended purpose. According to Panhandle, the proposed sale of these facilities will be beneficial from an operational standpoint in that their abandonment will allow Panhandle to cease the operation of those facilities no longer serving an interstate transmission system function and their sale will eliminate Panhandle's operating and maintenance expenses for them.

Any questions regarding this application should be directed to William W. Grygar, Vice President, Rates and Regulatory Affairs, Panhandle Eastern Pipe Line Company, 5444 Westheimer Road, Houston, Texas 77056-5306, at (713) 989-7000.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before December 6, 2001, file with the Federal Energy Regulatory
