I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The CBOE proposes to make a change to its Fee Schedule to add a pass-through charge for electrician service pertaining to market maker hand held terminal tethering services on the floor. The text of the proposed rule change is available at the Office of the Secretary, the CBOE, and the Commission.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the CBOE included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The CBOE has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is submitting this rule filing to add to its Fee Schedule charges for electrician services connected to the installation and relocation of infrastructure related to the tethering of market maker hand held terminals ("MMHs") on the CBOE trading floor. These terminals, originally designed to be wireless, now have the option of being tethered, which can provide superior speed and reliability of data transmission. The Exchange proposes to charge \$350 for installation of the tethering, and \$200 for relocation. There will be no charge for termination of the tethered service. These fees represent a simple pass-through of the Exchange's costs to provide these services. The CBOE notes that this fee will be charged to Exchange members through their clearing firms, by way of the customary monthly billing that occurs shortly after the close of each trading month.

2. Statutory Basis

The Exchange believes that its proposal is consistent with section 6(b) of the Act,³ in general, and section 6(b)(4) of the Act,⁴ in particular, in that

it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among CBOE members.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing rule change establishes or changes a due, fee, or other charge imposed by the Exchange, it has become effective pursuant to section 19(b)(3)(A) of the Act⁵ and subparagraph (f)(2) of Rule 19b-4⁶ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549-0609. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying at the Commission's Public Reference Room. Copies of such filing also will be available for inspection and copying at

the principal office of the CBOE. All submissions should refer to File No. SR-CBOE-2002-43 and should be submitted by October 1, 2002.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.⁷

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Nasdaq included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

In order to control trading costs for low-priced stocks, Nasdaq proposes to establish a maximum SuperSoes execution fee of \$75.00 per trade and liquidity provider rebate cap of \$37.50 per trade for securities trading at \$1.00 or less per share.

Currently, Nasdaq assesses on parties entering orders into SuperSoes a \$0.002 per share charge for all resulting full or partial trade executions. This fee applies regardless of the price of the individual security traded and there is no maximum fee per individual trade. Nasdaq also rebates \$0.001 per share to market participants that provide liquidity to the market by having their quotes accessed by SuperSoes orders, when those quoting market participants do not themselves charge a separate fee for that access. When a market participant enters an order into SuperSoes that interacts with the quote of an access fee-charging Electronic Communications Network ("ECN"), Nasdaq likewise rebates \$0.001 per share to that entering party. Like the per

share SuperSoes execution fee, these rebates currently have no maximum dollar amount.

Nasdaq represents that recent market activity has caused the prices of many Nasdaq securities to fluctuate, and in some cases lose significant value. As the prices of these securities decline, market participants generally need to purchase or sell an increasing number of total shares to actively participate in the market for these issues. This increase in the size of individual transactions, when combined with SuperSoes' unlimited per share fee structure, raise execution costs to market participants. Similarly, large transactions involving low-priced securities also can result in disproportionate liquidity-provider rebates.

In response, Nasdaq has determined to establish per trade maximums for SuperSoes execution fees and liquidity provider rebates in low-priced (\$1.00 or less per share) securities. Under the proposal, Nasdaq would cap at \$75 the maximum execution fee it would impose on the entering party for a single SuperSoes trade where the price of the security traded was one dollar or less. For rebates, Nasdaq would cap at \$37.50 the amount it gives back to market participants for providing liquidity in low-priced securities or when their orders access the low-priced quotes of fee-charging ECNs. Nasdaq notes that the ratio between its low-priced maximum per trade fee and per trade rebate is the same as those that are applicable to higher-priced issues.

2. Statutory Basis

Nasdaq believes that the proposed rule change is with the provisions of section 15A of the Act,⁷ in general, and with section 15A(b)(5) of the Act,⁸ in particular, in that it provides for the equitable allocation of reasonable dues, fees, and other charges among members and issuers, and other persons using any facility or system which the association operates or controls.

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

⁵ 15 U.S.C. 78s(b)(3)(A)(ii).

⁶ Nasdaq also filed with the Commission a separate proposed rule change to apply the fee and rebate limits proposed here retroactive to July 1, 2002. See SR-NASD-2002-107.

⁷ 15 U.S.C. 78o-3.

⁸ 15 U.S.C. 78o-3(b)(5).

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to section 19(b)(3)(A)(ii) of the Act⁹ and Rule 19b-4(f)(2)¹⁰ thereunder because it establishes or changes a due, fee, or charge imposed by the self-regulatory organization. At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.¹¹

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change, as amended, is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW, Washington, DC 20549-0609. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of the filing will also be available for inspection and copying at the principal office of the Association. All submissions should refer to File No. SR-NASD-2002-106 and should be submitted by October 1, 2002.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹²
