

wireless communication towers at or below 199 feet with no guy wires that require less than 1 acre (0.4 hectare) of ground disturbance, and where another Federal agency would not require an EA or EIS for its acquisition, installation, operations, or maintenance.

C-8 Changes to existing transmission lines or aerial fiber optic cable that involve less than 20 percent pole replacement, only where either the same or substantially equivalent support structures at the approximate existing support structure locations are used. Changes to existing transmission lines that require 20 percent or greater pole replacement will be considered the same as new construction.

C-9 Acquisition, installation, reconstruction, repair by replacement, and operation of utility (e.g., water, sewer, electrical), communication (e.g., fiber optic cable, data processing cable and similar electronic equipment), and security systems that use existing rights-of-way, easements, grants of license, distribution systems, facilities, or similar arrangements.

Extraordinary Circumstances

Extraordinary Circumstances that may preclude the use of a CE include:

1. Reasonable likelihood that the proposed action occurs within an environmentally sensitive or unique¹³ geographic area of notable recreational, ecological, scientific, cultural, scenic, or aesthetic importance.

2. Reasonable likelihood that the proposed action impacts species listed or proposed to be listed as Endangered or Threatened Species or have adverse effects on designated Critical Habitat for these species.

3. Reasonable likelihood that the proposed action impacts migratory birds or their habitats.

4. Reasonable likelihood that the proposed action adversely affects historic, archeological, or cultural sites, including Native American Traditional Cultural Properties, properties listed or

eligible for listing on the National Register of Historic Places, or land identified by archeologists as having high potential to contain archeological resources.

5. Reasonable likelihood that the proposed action restricts access to and ceremonial use of Indian sacred sites by Indian practitioners or adversely affect the physical integrity of such religious sacred sites.

6. Reasonable likelihood that the proposed action adversely impacts waterbodies, wetlands, floodplains, water quality, sole source aquifers, public water supply systems, or state, local, or tribal water quality standards established under the Clean Water Act or the Safe Drinking Water Act.

7. Reasonable likelihood that the proposed action has a disproportionately high and adverse effect on low-income populations or minority populations.

8. Reasonable likelihood that the proposed action involves construction on or near an active, inactive, or abandoned contaminated or hazardous waste site, or involve generation, transportation, treatment, storage, or disposal of substances hazardous to human health or the environment.

9. Reasonable likelihood that the proposed action involves the generation of ionizing or non-ionizing radiation or use of any radiation in excess of the Federal Communications Commission's established Maximum Permissible Exposure limits for human exposure to Radiofrequency Electromagnetic Energy fields.

10. Reasonable likelihood that the proposed action is controversial because of the introduction or employment of unproven technology, highly scientifically uncertain or unique environmental effects, substantial disagreement over the possible size, nature, or effect on the environment, or likelihood of degrading already existing poor environmental conditions.

11. Reasonable likelihood that the proposed action violates a Federal, Tribal, state, or local law, regulation, policy, or requirement imposed for the protection of the environment.

12. Reasonable likelihood that the proposed action is of a greater size or scope than is normal for an action of its type.

13. Reasonable likelihood that the proposed action has any other impacts

on human health or the environment that have not been otherwise addressed.

SUPPLEMENTARY INFORMATION:

Title of Collection: Current Population Survey Civic Engagement and Volunteering Supplement.

OMB Control Number: 3045–0139.

Type of Review: Renewal.

Respondents/Affected Public: Individuals and Households.

Total Estimated Number of Annual Responses: 60,000.

Total Estimated Number of Annual Burden Hours: 6,670.

Abstract: AmeriCorps is mandated by the Serve America Act of 2009 to produce an annual Civic Health Assessment in partnership with the National Conference on Citizenship. Volunteering and Civic Life reports, tables and data are made public on the AmeriCorps VCLA website and specialized tables are made available upon request.

The proposed survey will be the only source of nationally representative data on the number of Americans who are active in their communities through volunteering, social interactions, and civic behaviors. These measures include formal volunteering in an organization; a person's interactions with family, friends and neighbors; participation in community events; informal interactions; communication with one another on issues of public concern; and interactions with public and private institutions.

AmeriCorps has partnered with the US Census and the Bureau of Labor Statistics to collect data and produced annual volunteering reports since 2002. Currently, AmeriCorps is soliciting comments concerning its proposed renewal of the Current Population Survey Volunteering and Civic Engagement Supplement. AmeriCorps is directed by Congress to collect data and produce reports on the Nation's civic health and volunteering activity (Authority: 42 U.S.C. 12639(a); 13 U.S.C. 8(b); 29 U.S.C. 1). AmeriCorps also seeks to continue using the currently approved information collection until the revised information collection is approved by OMB. The currently approved information collection is due to expire on 11/20/2023.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. Comments are invited on: (a) Whether the collection of information is

necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information; and to transmit or otherwise disclose the information. All written comments will be available for public inspection on [regulations.gov](https://www.regulations.gov).

Defense Acquisition Regulations System

[Docket Number DARS–2023–0013; OMB Control Number 0704–0477]

Information Collection Requirement; Organizational Conflicts of Interest in Major Defense Acquisition Programs

AGENCY: Defense Acquisition Regulations System; Department of Defense (DoD).

ACTION: Notice and request for comments regarding a proposed extension of an approved information collection requirement.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, DoD announces the proposed extension of a public information collection requirement and seeks public comment on the provisions thereof. DoD invites

comments on: whether the proposed collection of information is necessary for the proper performance of the functions of DoD, including whether the information will have practical utility; the accuracy of DoD's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology. The Office of Management and Budget (OMB) has approved this information collection for use under Control Number 0704–0477 through July 31, 2023. DoD proposes that OMB approve an extension of the information collection requirement, to expire three years after the approval date.

DATES: DoD will consider all comments received by May 30, 2023.

ADDRESSES: You may submit comments, identified by OMB Control Number 0704–0477, using any of the following methods:

○ *Federal eRulemaking Portal:* <https://www.regulations.gov>. Follow the instructions for submitting comments.

○ *Email:* osd.dfars@mail.mil. Include OMB Control Number 0704–0477 in the subject line of the message.

Comments received generally will be posted without change to <https://www.regulations.gov>, including any personal information provided.
