**ENVIRONMENTAL PROTECTION  
AGENCY****40 CFR Part 52**[EPA-R06-OAR-2020-0437; FRL-8698-02-  
R6]**Air Plan Approval; Oklahoma; Volatile  
Organic Compound Emissions in  
Nonattainment Areas and Former  
Nonattainment Areas**AGENCY: Environmental Protection  
Agency (EPA).

ACTION: Final rule.

**SUMMARY:** Pursuant to the Federal Clean Air Act (CAA or the Act), the Environmental Protection Agency (EPA) is approving revisions to the State Implementation Plan (SIP) for Oklahoma submitted by the State of Oklahoma designee with a letter dated May 7, 2020. The submittal covers updates to the Oklahoma SIP, as contained in the State's 2019 annual SIP update. Specifically, this action addresses revisions to Oklahoma Administrative Code (OAC) Title 252 Chapter 100 Subchapter 39, Emission of Volatile Organic Compounds (VOCs) in Nonattainment Areas and Former Nonattainment Areas. There are two Oklahoma counties affected by this action: Tulsa County and Oklahoma County.

**DATES:** This rule is effective on August 29, 2022.

**ADDRESSES:** The EPA has established a docket for this action under Docket ID No. EPA-R06-OAR-2020-0437. All documents in the docket are listed on the <https://www.regulations.gov> website. Although listed in the index, some information is not publicly available, e.g., Confidential Business Information or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet. Publicly available docket

materials are available electronically through <https://www.regulations.gov>.

**FOR FURTHER INFORMATION CONTACT:** Clovis Steib, EPA Region 6 Office, Infrastructure and Ozone Section, 214-665-7566, [steib.clovis@epa.gov](mailto:steib.clovis@epa.gov). Out of an abundance of caution for members of the public and our staff, the EPA Region 6 office may be closed to the public to reduce the risk of transmitting COVID-19. Please call or email the contact listed above if you need alternative access to material indexed but not provided in the docket.

**SUPPLEMENTARY INFORMATION:**

Throughout this document “we,” “us,” and “our” means the EPA.

**I. Background**

The background for this action is discussed in detail in our July 22, 2021, proposal (86 FR 38627). In that document we proposed to approve revisions to the SIP for Oklahoma submitted by the State of Oklahoma with a letter dated May 7, 2020. Specifically, the action addressed revisions to OAC Title 252 Chapter 100 Subchapter 39, Sections 4, 16, 40, and 41. The revisions corrected errors and made these sections of the Oklahoma SIP consistent with EPA's rules. The two areas in Oklahoma affected by this action are Tulsa County and Oklahoma County.

We received comments on our proposal from one commenter. Our response to the comments follows.

**II. Response to Comments**

*Comment:* One commenter stated that it is important for citizens to stay informed and be kept up to date on Federal government revisions and regulations, such as this proposed approval action on the Oklahoma SIP.

*Response:* Public comment is just one part of an extensive rulemaking process. It is an invaluable gateway to plug in to the regulatory process because it is required of all agencies, across statutes, for any new regulation. Under the Administrative Procedures Act (1946), Federal agencies like the EPA, are required to request comments on new regulation proposals by all members of the public. We thank the commenter for their interest and taking the time to submit their response; as well as encouraging their fellow citizens to engage in the public comment process. No changes to the proposal were made in response to the comment.

**III. Impact on Areas of Indian Country**

As stated in the proposed action, following the U.S. Supreme Court decision in *McGirt v. Oklahoma*, 140 S.Ct. 2452 (2020), the Governor of the

State of Oklahoma requested approval under Section 10211(a) of the Safe, Accountable, Flexible, Efficient Transportation Equity Act of 2005: A Legacy for Users, Public Law 109-59, 119 Stat. 1144, 1937 (August 10, 2005) (“SAFETEA”), to administer in certain areas of Indian country (as defined at 18 U.S.C. 1151) the State's environmental regulatory programs that were previously approved by the EPA outside of Indian country.<sup>1</sup> The State's request excluded certain areas of Indian country further described below. In addition, the State only sought approval to the extent that such approval is necessary for the State to administer a program in light of *Oklahoma Dept. of Environmental Quality v. EPA*, 740 F.3d 185 (D.C. Cir. 2014).<sup>2</sup>

On October 1, 2020, the EPA approved Oklahoma's SAFETEA request to administer all of the State's EPA-approved environmental regulatory programs, including the Oklahoma SIP, in the requested areas of Indian country.<sup>3</sup> As requested by Oklahoma, the EPA's approval under SAFETEA does not include Indian country lands, including rights-of-way running through the same, that: (1) qualify as Indian allotments, the Indian titles to which have not been extinguished, under 18 U.S.C. 1151(c); (2) are held in trust by the United States on behalf of an individual Indian or Tribe; or (3) are owned in fee by a Tribe, if the Tribe (a) acquired that fee title to such land, or an area that included such land, in accordance with a treaty with the United States to which such Tribe was a party, and (b) never allotted the land to a member or citizen of the Tribe (collectively “excluded Indian country lands”).

EPA's approval under SAFETEA expressly provided that to the extent EPA's prior approvals of Oklahoma's environmental programs excluded

<sup>1</sup> A copy of the Governor's July 22, 2020, request can be found in the docket for this rulemaking on the <https://www.regulations.gov> website. See Docket ID No. EPA-R06-OAR-2020-0437.

<sup>2</sup> In *ODEQ v. EPA*, the D.C. Circuit held that under the CAA, a state has the authority to implement a SIP in non-reservation areas of Indian country in the state, where there has been no demonstration of tribal jurisdiction. Under the D.C. Circuit's decision, the CAA does not provide authority to states to implement SIPs in Indian reservations. *ODEQ* did not, however, substantively address the separate authority in Indian country provided specifically to Oklahoma under SAFETEA. That separate authority was not invoked until the State submitted its request under SAFETEA, and was not approved until EPA's decision, described in this section, on October 1, 2020.

<sup>3</sup> A copy of EPA's October 1, 2020, approval can be found in the docket for this rulemaking on the <https://www.regulations.gov> website. See Docket ID No. EPA-R06-OAR-2020-0437.
