AGENCY: Corporation for National and Community Service (CNCS).

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, CNCS is proposing a revised information collection.

DATES: Written comments must be submitted to the individual and office listed in the **ADDRESSES** section by January 29, 2021.

ADDRESSES: You may submit comments, identified by the title of the information collection activity, by any of the following methods:

(1) *By mail sent to:* Corporation for National and Community Service, Attention Kelly Daly, 250 E Street SW, Washington, DC 20525.

(2) By hand delivery or by courier to the CNCS mailroom at the mail address given in paragraph (1) above, between 9:00 a.m. and 4:00 p.m. Eastern Time, Monday through Friday, except federal holidays.

(3) Electronically through www.regulations.gov.

Comments submitted in response to this notice may be made available to the public through [regulations.gov](http://www.regulations.gov). For this reason, please do not include in your comments information of a confidential nature, such as sensitive personal information or proprietary information. If you send an email comment, your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the internet. Please note that responses to this public comment request containing any routine notice about the confidentiality of the communication will be treated as public comment that may be made available to the public, notwithstanding the inclusion of the routine notice.

FOR FURTHER INFORMATION CONTACT: Kelly Daly, 202–606–6849, or by email at kdaly@cns.gov.

SUPPLEMENTARY INFORMATION: *Title of Collection:* AmeriCorps VISTA Application and Reporting Forms.

OMB Control Number: 3045–0038.
Type of Review: Revision.

Respondents/Affected Public: Organizations and State, Local or Tribal Governments.

Total Estimated Number of Annual Responses: 850.

Total Estimated Number of Annual Burden Hours: 20,450.

Abstract: AmeriCorps VISTA is revising its application and reporting forms to remove duplicative questions, improve readability, and reflect changes in reporting requirements. The VISTA Progress Report and Progress Report Supplement allow sponsors to report on their programmatic and performance progress. CNCS also seeks to continue using the currently approved information collection until the new information collection is approved by OMB. The currently approved information collection is due to expire on March 31, 2021.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information; and to transmit or otherwise disclose the information. All written comments will be available for public inspection on [regulations.gov](http://www.regulations.gov).

Dated: November 20, 2020.

Desiree Tucker-Sorini,
Director, AmeriCorps VISTA.

FOR FURTHER INFORMATION CONTACT:

Amy Borgstrom, 202–606–6930, or by email at aborgstrom@cns.gov.

SUPPLEMENTARY INFORMATION:

Title of Collection: Generic Clearance for the Testing/Piloting of Survey Instruments.

OMB Control Number: 3045–0163.

Type of Review: Renewal.

Respondents/Affected Public:

Individuals and Households; Businesses and Organizations; State, Local or Tribal Governments.

Total Estimated Number of Annual Respondents: 350.

Total Estimated Annual Frequency: Annual.

Total Estimated Average Response Time per Response: 7,500 minutes for 50 respondents to respond to test or pilot surveys. 300 minutes for 50 participants to participate in five focus groups. 3,000 minutes for 50 participants to participate in individual interviews.

Total Estimated Number of Annual Burden Hours: 10,800.

Total Burden Cost (capital/startup): None.

Total Burden Cost (operating/maintenance): None.

Abstract: AmeriCorps seeks to renew this generic information collection in order to conduct focus groups and pilot test planned surveys. The information collection activity will enable pilot testing of survey instruments in an efficient, timely manner, in accordance with the Administration's commitment to improving service delivery. By pilot testing we mean information that provides useful insights on how respondents interact with the instrument but are not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide insights into customer or stakeholder perceptions, experiences, and expectations regarding prospective studies. It will also allow feedback to contribute directly to the improvement of research program management.

AmeriCorps will only submit a collection for approval under this generic clearance if it meets the following conditions:

- The collections are voluntary;
- The collections are low-burden for respondents (based on considerations of total burden hours, total number of respondents, or burden-hours per respondent) and are low-cost for both the respondents and the federal government;
- The collections are non-controversial and do not raise issues of concern to other Federal agencies;

- Any collection is targeted to the solicitation of opinions from respondents who have experience with the program or may have experience with the program in the near future;

- Personally identifiable information (PII) is collected only to the extent necessary and is not retained;

- Information gathered will be used only internally for general service improvement and program management purposes and is not intended for release outside of the agency;

- Information gathered will not be used for the purpose of substantially informing influential policy decisions; and

- Information gathered will yield qualitative information; the collections will not be designed or expected to yield statistically reliable results or used as though the results are generalizable to the population of study.

Feedback collected under this generic clearance provides useful information, but it does not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: The target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential non-response bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior to fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results.

As a general matter, information collections will not result in any new system of records containing privacy information and will not ask questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, or other matters that are commonly considered private.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the
