**DEPARTMENT OF THE INTERIOR****National Park Service****Notice of Inventory Completion for  
Native American Human Remains and  
Associated Funerary Objects in the  
Possession of the American Museum  
of Natural History, New York, NY**

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice.

Notice is hereby given in accordance with provisions of the Native American

Graves Protection and Repatriation Act (NAGPRA), 43 CFR 10.9, of the completion of an inventory of human remains and associated funerary objects in the possession of the American Museum of Natural History, New York, NY.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 43 CFR 10.2 (c). The determinations within this notice are the sole responsibility of the museum, institution, or Federal agency that has control of these Native American human remains and associated funerary objects. The National Park Service is not responsible for the determinations within this notice.

A detailed assessment of the human remains was made by the American Museum of Natural History professional staff in consultation with representatives of the Citizen Potawatomi Nation, Oklahoma; Forest County Potawatomi Community of Wisconsin Potawatomi Indians, Wisconsin; Hannahville Indian Community of Wisconsin Potawatomi Indians of Michigan; Huron Potawatomi, Inc., Michigan; Pokagon Band of Potawatomi Indians of Michigan; and Prairie Band of Potawatomi Indians, Kansas.

At an unknown date, human remains representing a minimum of two individuals from the vicinity of Peru, La Salle County, IL, were obtained by the Giffort brothers. The American Museum of Natural History has no information regarding who collected these remains or their collection date. The American Museum of Natural History acquired these remains as a purchase from the Giffort brothers in 1896. No known individuals were identified. No associated funerary objects are present.

These individuals have been identified as Native American based on the American Museum of Natural History's catalog description, which refers to the remains as "Pottawatomie," and on cranial morphology. The remains originate from within the postcontact territory of the Potawatomi Indians.

Based on the above-mentioned information, officials of the American Museum of Natural History have determined that, pursuant to 43 CFR 10.2 (d)(1), the human remains listed above represent the physical remains of a minimum of two individuals of Native American ancestry. Officials of the American Museum of Natural History also have determined that, pursuant to 43 CFR 10.2 (e), there is a relationship of shared group identity that can be reasonably traced between these Native

American human remains and the Citizen Potawatomi Nation, Oklahoma; Forest County Potawatomi Community of Wisconsin Potawatomi Indians, Wisconsin; Hannahville Indian Community of Wisconsin Potawatomi Indians of Michigan; Huron Potawatomi, Inc., Michigan; Pokagon Band of Potawatomi Indians of Michigan; and Prairie Band of Potawatomi Indians, Kansas.

This notice has been sent to officials of the Citizen Potawatomi Nation, Oklahoma; Forest County Potawatomi Community of Wisconsin Potawatomi Indians, Wisconsin; Hannahville Indian Community of Wisconsin Potawatomi Indians of Michigan; Huron Potawatomi, Inc., Michigan; Pokagon Band of Potawatomi Indians of Michigan; and Prairie Band of Potawatomi Indians, Kansas. Representatives of any other Indian tribe that believes itself to be culturally affiliated with these human remains should contact Martha Graham, Director of Cultural Resources, American Museum of Natural History, Central Park West at 79th Street, New York, NY 10024-5192, telephone (212) 769-5846, before August 1, 2001. Repatriation of the human remains to the Citizen Potawatomi Nation, Oklahoma; Forest County Potawatomi Community of Wisconsin Potawatomi Indians, Wisconsin; Hannahville Indian Community of Wisconsin Potawatomi Indians of Michigan; Huron Potawatomi, Inc., Michigan; Pokagon Band of Potawatomi Indians of Michigan; and Prairie Band of Potawatomi Indians, Kansas may begin after that date if no additional claimants come forward.

Dated: June 8, 2001.

## DEPARTMENT OF THE INTERIOR

### National Park Service

#### **Notice of Inventory Completion for Native American Human Remains and Associated Funerary Objects in the Possession of the University of Denver Department of Anthropology and Museum of Anthropology, Denver, CO**

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice.

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act

(NAGPRA), 43 CFR 10.9, of the completion of an inventory of human remains and associated funerary objects in the possession of the University of Denver Department of Anthropology and Museum of Anthropology, Denver, CO.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 43 CFR 10.2 (c). The determinations within this notice are the sole responsibility of the museum, institution, or Federal agency that has control of these Native American human remains and associated funerary objects. The National Park Service is not responsible for the determinations within this notice.

A detailed assessment of the human remains was made by the University of Denver Department of Anthropology and Museum of Anthropology professional staff in consultation with representatives of the Apache Tribe of Oklahoma; Arapahoe Tribe of the Wind River Reservation, Wyoming; Cheyenne-Arapaho Tribes of Oklahoma; Comanche Indian Tribe, Oklahoma; Fort Sill Apache Tribe of Oklahoma; Jicarilla Apache Tribe of the Jicarilla Apache Indian Reservation, New Mexico; and Kiowa Indian Tribe of Oklahoma.

Some time between the 1920s and the 1950s, human remains representing two individuals were recovered from Mitchell County, TX, by N.J. Vaughn, who subsequently deposited them in the University of Denver Museum of Anthropology. No known individuals were identified. No associated funerary objects are present.

The physical anthropological characteristics of these remains and the manner of collection indicate that these remains are Native American. Collections documentation is nonexistent concerning possible dates, cultural affiliation(s), or the precise circumstances under which these Native American human remains were found.

The "Indian Land Areas Judicially Established 1978 Map" indicates the legal claim to land based upon traditional use for the Eastern Apache, Kiowa, and Comanche. The "Early Indian Tribes, Culture Areas, and Linguistic Stocks Map" establishes the presence of the Comanche, Kiowa, and Wichita. Representatives of the Arapahoe Tribe of the Wind River Reservation, Wyoming; Cheyenne-Arapaho Tribes of Oklahoma; Fort Sill Apache; and Jicarilla Apache presented oral testimony that confirmed their presence in Mitchell County, TX.

Based on the above-mentioned information, officials of the University of Denver Department of Anthropology
