

6. The Council is considering amending the Shrimp FMP with the following two actions:

a. Investigate ways to reduce turtle mortality in the South Atlantic EEZ as a result of shrimp trawling (i.e., prohibition of shrimping during the night-time and gear adjustments); and

b. Implement a limited-entry program for the penaeid shrimp fishery.

7. In order to maintain the optimum size, age, and genetic structure of slow growing, long-lived, deepwater snapper and grouper species (e.g., snowy grouper, speckled hind, and yellowedge grouper) the Council is considering the use of marine protected areas (MPAs) in the South Atlantic EEZ. A total of nine proposed sites are currently being considered.

8. Any other actions that the Council feels are necessary to implement ecosystem-based fishery management in the South Atlantic following the scoping process.

In an effort to use the technical expertise in the region to develop the FEP, the Council has conducted a series of technical workshops during 2003 and 2004, while more are planned for 2005. In addition, the Council has been accepting public input on ecosystem-based fisheries management at each of its Advisory Panel and Council meetings.

Following publication of this Notice of Intent, the Council will conduct a public scoping period that will end on June 30, 2005, where comments will be accepted through electronic mail, mail, or fax. A scoping meeting to determine the scope of significant issues to be addressed in the DEIS will be conducted on June 13, 2005. The meeting will begin at 6 p.m. Following consideration of public comments, the Council plans to prepare and distribute the draft FEP Comprehensive Amendment/DEIS in late 2005. A comment period on the DEIS is planned, which will include public hearings to receive comments. Availability of the DEIS, the dates of the public comment period, and information about the public hearings will be announced in the **Federal Register** and in local news media.

I. Abstract

In order for a person to obtain a license in a Government-owned invention, certain information is required. As required by 35 U.S.C. 209(f) and 37 CFR 404.5(a)(1), a plan for development or marketing the invention must be submitted to the Federal agency. Additional information is required by 37 CFR 404.8 relating to the potential licensee and its particular development and marketing plan. The plan is used to determine if a license should be granted to the applicant and on what terms. Also, 35 U.S.C. 209(d)(2) and 37 CFR 404.5(b)(6) requires that any licensee report periodically on its utilization efforts of the licensed invention. The development and marketing plan of the application is protected from FOIA under 35 U.S.C. 209(f). If an application for a license has been denied, it may be

appealed under 37 CFR 404.11(a). The utilization report is usually required by the license to be submitted annually until practical application has been achieved. The report is protected from FOIA under 35 U.S.C. 209(d)(2).
