

IAM argues that the new bond requirement is “geared toward commercial consumer protection” and therefore it is unnecessary to require freight forwarders in the DOD HHG program to obtain a \$75,000 bond. It believes that the bond is an additional cost of doing business that is being mandated by FMCSA and that this cost is being passed on to DOD with no benefit to the DOD. IAM explains that DOD freight forwarders will be forced to add this cost to the rates they provide DOD.

IAM argues there is a precedent for providing an exemption for transportation service providers for the DOD. It cites the Federal Maritime Commission (FMC) regulation at 46 CFR 515.4(e), exempting entities exclusively involved in the movement of Federal military and civilian household goods from certain FMC licensing requirements.

Institution of Proceeding and Request for Comments

Pursuant to 49 U.S.C. 13541(b), FMCSA is instituting a proceeding to consider whether domestic freight forwarders operating solely within the DOD HHG program should be exempt from the new \$75,000 financial security requirements at 49 U.S.C. 13906(c) and 49 CFR 387.403(c). FMCSA requests public comment, and comment from DOD and FMC, on the IAM exemption application. Specifically, FMCSA requests comments on whether the Agency should grant or deny the application, in whole or in part. The Agency also requests comments on how it should apply 49 U.S.C. 13541(a)(1–3) to IAM’s request. Additionally, FMCSA seeks comment on whether section 13541(e)(1)’s reference to “cargo loss and damage” and/or “insurance” bars FMCSA from granting the requested exemption as a matter of law and without application of the 3-part statutory test under section 13541(a). Commenters are encouraged to provide data or information concerning the impact of the new bond requirements and/or the impact of granting this exemption request on carriers, brokers, freight forwarders and shippers.

SUPPLEMENTARY INFORMATION:

Legal Basis

Section 13541 of title 49 of the United States Code (49 U.S.C. 13541) requires the Secretary of Transportation (Secretary) to exempt a person, class of persons, or a transaction or service from the application, in whole or in part, of a provision of 49 U.S.C. Part B (Chapters 131-149), or to use the exemption authority to modify the application of a provision of 49 U.S.C. Part B (Chapters 131-149) as it applies to such person, class, transaction, or service when the Secretary finds that the application of the provision:

- Is not necessary to carry out the transportation policy of 49 U.S.C. 13101
- Is not needed to protect shippers from the abuse of market power or that the transaction or service is of limited scope; and
- Is in the public interest.

Further, the exemption authority provided by section 13541 “may not be used to relieve a person from the application of, and compliance with, any law, rule, regulation, standard, or order pertaining to cargo loss and damage [or] insurance . . .” 49 U.S.C. 13541(e)(1).

AIPBA seeks an exemption from the \$75,000 financial security requirements for brokers and freight forwarders at 49 U.S.C. 13906 (b) & (c). Section 13906 is located in 49 U.S.C. Part B (chapter 139) and therefore may be considered within the general scope of the exemption authority provided by section 13541. The Secretary may begin a section 13541 exemption proceeding on the application of an interested party. 49 U.S.C. 13541(b). *See, e.g., Motor Carrier Financial Information Reporting Requirements-Request for Public*

Comments, 68 FR 48987 (Aug. 15, 2003). The Secretary may “specify the period of time during which an exemption” is effective and may revoke the exemption “to the extent specified, on finding that application of a provision of [49 U.S.C. Chapters 131-149] to the person, class, or transportation is necessary to carry out the transportation policy of [49 U.S.C.] section 13101.” 49 U.S.C. 13541(c), (d).

The Administrator of FMCSA has been delegated authority under 49 CFR 1.87 to carry out the functions vested in the Secretary by 49 U.S.C. 13541.

Background

On July 6, 2012, the President signed MAP-21 into law, which included a number of mandatory, non-discretionary changes to FMCSA programs. Some of these changes amended the financial security requirements applicable to property brokers and freight forwarders operating under FMCSA’s jurisdiction. P.L. 112-141, § 32918, 126 Stat. 405 (codified at 49 U.S.C. § 13906(b) & (c)). More specifically, 49 U.S.C. § 13906(b) and (c) requires brokers and freight forwarders to provide evidence of minimum financial security in the amount of \$75,000.

On September 5, 2013, FMCSA published guidance (78 FR 54720) “concerning the implementation of certain provisions of . . . (MAP-21) concerning persons acting as a broker or a freight forwarder.” On October 1, 2013, FMCSA issued regulations requiring brokers and freight forwarders to have a \$75,000 surety bond or trust fund in effect. 49 CFR §§ 387.307(a), 387.403(c). 78 FR 60226, 60233.

On November 14, 2013, after initially filing and dismissing in district court, AIPBA filed a petition for review in the U.S. Court of Appeals for the 11th Circuit. *Association of Independent Property Brokers and Agents, Inc. v. Foxx*, No. 13-15238-D (11th Cir.). The petition alleges the Agency’s October 1 final rule was improperly issued without notice and comment.

AIPBA Exemption Application

In an August 14, 2013 letter to the Secretary, AIPBA, through its counsel, requests that the Department “permanently exempt all property brokers and freight forwarders from the \$75,000 broker bond provision of MAP-21 . . .” AIPBA argues that the “\$75,000 broker surety bond amount is not necessary to carry out the transportation policy of section 13101, [or] . . . to protect shippers from the abuse of market power . . . and . . . is not in the public interest.” AIPBA seeks a categorical exemption “so that

property brokers and forwarders can continue to do business under the existing bond regulations.” A copy of the exemption application is included in the docket referenced at the beginning of this notice.

First, AIPBA believes that the \$75,000 bond requirement is contrary to the transportation policy of 49 U.S.C. 13101 because it violates the federal government’s policy of “encourage[ing] fair competition, and reasonable rates for transportation by motor carriers of property” and “allow[ing] a variety of quality and price options to meet changing market demands and the diverse requirements of the shipping and traveling public. . . .” 49 U.S.C. 13101(a)(2)(A),(D).

AIPBA also argues that the \$75,000 broker bond requirement “is not necessary to protect shippers from the abuse of market power.” According to AIPBA, “[t]he unnecessarily high \$75,000 broker bond requirement will cause the majority of property brokers to leave the marketplace, which will expose shippers to abuses of market power by the few large property brokers able to stay in business.”

With regard to the public interest, AIPBA believes the new bond requirement will “cause a significant increase in consumer prices once the supply of property brokers is drastically reduced.” AIPBA indicated that a lack of competition will require shippers to pay more for transportation services. In addition to predicting that small and mid-sized brokers will be forced out of the market place due to the new higher bond requirement, AIPBA believes the new requirement will serve as a barrier to entry into the market place for other property brokers.

Finally, while AIPBA acknowledges that “there are certain regulations from which [the Secretary] cannot issue exemptions,” it believes that “the broker bond does not fall into one of the listed categories. Specifically, AIPBA argues that the bond is a financial security rather than a type of required insurance, a distinction emphasized in 49 U.S.C. 13906 by the choice of a bond or insurance as well as MAP-21’s amendment to 49 U.S.C. 13906, which still requires the broker bond but deletes all reference to insurance.”

Request for Comments

FMCSA requests public comment on the AIPBA exemption application. Specifically, FMCSA requests comments on whether the Agency should grant or deny the application, in whole or in part. The Agency also requests comments on how it should apply 49 U.S.C. 13541(a)(1-3) to AIPBA’s request.

Additionally, FMCSA seeks comment on whether the reference to “cargo loss and damage” and/or “insurance” in section 13541(e)(1) bars FMCSA from granting the requested exemption as a matter of law and without application of the three-part statutory test under section 13541(a). Commenters are encouraged to provide data or information concerning the impact of the new bond requirements and/or the impact of granting this exemption request on carriers, brokers, freight forwarders and shippers.

SUPPLEMENTARY INFORMATION:

I. Background

On July 6, 2012, the President signed MAP–21 into law. The new law included certain requirements concerning the registration of motor carriers (property, passenger, and household goods (HHG)), freight forwarders and brokers. Section 32101 of MAP–21 includes requirements for a written proficiency examination to assess motor carrier registration applicants’ knowledge of applicable safety regulations, standards, and orders of the Federal government. Section 32916 includes requirements that applicants for freight forwarder and broker registration authority employ, as an officer, an individual with 3 years of relevant experience who “provides the Secretary with satisfactory evidence of the individuals’ knowledge of related rules, regulations, and industry practices.”

In consideration of the MAP–21 requirements, the Agency believes it would be helpful to conduct a series of public listening sessions to provide all interested parties the opportunity to share their views on the subject prior to the initiation of a rulemaking. The Agency will publish a notice or notices in the **Federal Register** to announce the dates and locations of future listening sessions on this topic.

The Agency requests information concerning: Potential test topics (e.g., regulations and industry best practices); the relationship between the knowledge testing requirement and the Agency’s August 23, 2013, Unified Registration System (URS) final rule (78 FR 52608);¹

¹ The final rule amends FMCSA’s regulations to require interstate motor carriers, freight forwarders, brokers, intermodal equipment providers, hazardous materials safety permit applicants, and
