

possessed by members of the subject worker group.

During the reconsideration investigation, the Department sought additional information regarding the workers' skills from the subject company.

Based on the new information, the Department has determined that the workers possess skills which are not easily transferable to other positions in the local area.

The initial investigation revealed that at least five percent of the workforce at the subject firm is at least fifty years of age. Conditions within the controls industry are adverse.

Conclusion

After careful review of the additional facts obtained on reconsideration, I conclude that the requirements of Section 246 of the Trade Act of 1974, as amended, have been met for workers of the subject firm.

In accordance with the provisions of the Act, I make the following certification:

"All workers of Johnson Controls, Inc., Controls SP Division, Goshen, Indiana, who became totally or partially separated from employment on or after April 6, 2004 through April 21, 2007, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974, and are also eligible to apply for alternative trade adjustment assistance under Section 246 of the Trade Act of 1974."

Signed in Washington, DC this 12th day of May 2005.
