Civil Penalties Inflation Adjustments; Annual Adjustments

AGENCY: Bureau of Indian Affairs,
Interior.

ACTION: Final rule.

SUMMARY: This rule provides for annual adjustments to the level of civil monetary penalties contained in Bureau of Indian Affairs (Bureau) regulations to

account for inflation under the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 and Office of Management and Budget (OMB) guidance.

DATES: This rule is effective on January 28, 2021.

I. Background

On November 2, 2015, the President signed into law the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 (Sec. 701 of Pub. L. 114-74) (“the Act”). The Act requires Federal agencies to adjust the level of civil monetary penalties with an initial “catch-up” adjustment through rulemaking and then make subsequent annual adjustments for inflation. The

purpose of these adjustments is to maintain the deterrent effect of civil penalties and to further the policy goals of the underlying statutes.

The Office of Management and Budget (OMB) issued guidance for Federal agencies on calculating the catch-up adjustment. See February 24, 2016, Memorandum for the Heads of Executive Departments and Agencies, from Shaun Donovan, Director, Office of Management and Budget, re: *Implementation of the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015* (M–16–06). Under the guidance, the Department identified applicable civil monetary penalties and calculated the catch-up adjustment. A civil monetary penalty is any assessment with a dollar amount that is levied for a violation of a Federal civil statute or regulation, and is assessed or enforceable through a civil action in Federal court or an administrative proceeding. A civil monetary penalty does not include a penalty levied for violation of a criminal statute, or fees for services, licenses, permits, or other regulatory review. The calculated catch-up adjustment is based on the percent change between the Consumer Price Index for all Urban Consumers (CPI-U) for the month of October in the year of the previous

adjustment (or in the year of establishment, if no adjustment has been made) and the October 2015 CPI-U.

The Bureau issued an interim final rule providing for calculated catch-up adjustments on June 30, 2016 (81 FR 42478) with an effective date of August 1, 2016, and requesting comments post-promulgation. The Bureau issued a final rule affirming the catch-up adjustments set forth in the interim final rule on December 2, 2016 (81 FR 86953). The Bureau then issued a final rule making the next scheduled annual inflation adjustment for 2017 on January 23, 2017 (82 FR 7649), for 2018 on February 6, 2018 (83 FR 5192), for 2019 on April 15, 2019 (84 FR 15098), and for 2020 on February 19, 2020 (85 FR 9366).

II. Calculation of 2021 Annual Adjustments

OMB recently issued guidance to assist Federal agencies in implementing the annual adjustments required by the Act, which agencies must complete by January 15, 2021. See December 23, 2020, Memorandum for the Heads of Executive Departments and Agencies, from Russell T. Vought, Director, Office of Management and Budget, re: *Implementation of Penalty Inflation Adjustments for 2021, Pursuant to the Federal Civil Penalties Inflation*

Adjustment Act Improvements Act of 2015 (M–21–10). The guidance states that the cost-of-living adjustment multiplier for 2021, based on the Consumer Price Index (CPI-U) for the month of October 2020, not seasonally adjusted, is 1.01182. (The annual inflation adjustments are based on the percent change between the October CPI-U preceding the date of the adjustment, and the prior year's October CPI-U. For 2021, OMB explains, October 2020 CPI-U (260.388)/October 2019 CPI-U (257.346) = 1.01182.) The guidance instructs agencies to complete the 2021 annual adjustment by multiplying each applicable penalty by the multiplier, 1.01182, and rounding to the nearest dollar. Further, agencies should apply the multiplier to the most recent penalty amount that includes the initial catch-up adjustment required by the Act.

The annual adjustment applies to all civil monetary penalties with a dollar amount that are subject to the Act. This final rule adjusts the following civil monetary penalties contained in the Bureau's regulations for 2021 by multiplying 1.01182 (*i.e.*, the cost-of-living adjustment multiplier for 2021) by each penalty amount as updated by the adjustment made in the prior year (2020):

25 CFR 249.6(b)	Penalty for fishing in violation of regulations at part 249 (Off-Reservation Treaty Fishing).	1,352	1.01182	1,368

Consistent with the Act, the adjusted penalty levels for 2021 will take effect immediately upon the effective date of the adjustment. The adjusted penalty levels for 2021 will apply to penalties assessed after that date including, if consistent with agency policy, assessments associated with violations that occurred on or after November 2, 2015 (the date of the Act). The Act does not, however, change previously assessed penalties that the Bureau is collecting or has collected. Nor does the Act change an agency's existing statutory authorities to adjust penalties.

III. Procedural Requirements

A. Regulatory Planning and Review (E.O. 12866 and 13563)

Executive Order 12866 provides that the Office of Information and Regulatory Affairs in the Office of Management and Budget will review all significant rules. The Office of Information and Regulatory Affairs has determined that this rule is not significant.

Executive Order 13563 reaffirms the principles of E.O. 12866 while calling for improvements in the nation's regulatory system to promote predictability, to reduce uncertainty, and to use the best, most innovative, and least burdensome tools for achieving regulatory ends. The executive order directs agencies to consider regulatory approaches that reduce burdens and maintain flexibility and freedom of choice for the public where these approaches are relevant, feasible, and consistent with regulatory objectives. E.O. 13563 emphasizes further that regulations must be based on the best available science and that the rulemaking process must allow for public participation and an open exchange of ideas. We have developed this rule in a manner consistent with these requirements.

B. Reducing Regulation and Controlling Regulatory Costs (Executive Order 13771)

This rule is not an E.O. 13771 regulatory action because this rule is not significant under Executive Order 12866.

C. Regulatory Flexibility Act

This rule will not have a significant economic effect on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) because the rule makes adjustments for inflation.

D. Small Business Regulatory Enforcement Fairness Act

This rule is not a major rule under 5 U.S.C. 804(2), the Small Business Regulatory Enforcement Fairness Act. This rule:

(a) Does not have an annual effect on the economy of \$100 million or more.

(b) Will not cause a major increase in costs or prices for consumers, individual industries, Federal, State, or local government agencies, or geographic regions.

(c) Does not have significant adverse effects on competition, employment, investment, productivity, innovation, or the ability of U.S.-based enterprises to compete with foreign-based enterprises.

E. Unfunded Mandates Reform Act

This rule does not impose an unfunded mandate on State, local, or tribal governments, or the private sector of more than \$100 million per year. The rule does not have a significant or unique effect on State, local, or tribal governments or the private sector. A statement containing the information required by the Unfunded Mandates Reform Act (2 U.S.C. 1531 *et seq.*) is not required.

F. Takings (E.O. 12630)

This rule does not affect a taking of private property or otherwise have taking implications under Executive

Order 12630. A takings implication assessment is not required.

G. Federalism (E.O. 13132)

Under the criteria in section 1 of Executive Order 13132, this rule does not have sufficient federalism implications to warrant the preparation of a federalism summary impact statement. A federalism summary impact statement is not required.

H. Civil Justice Reform (E.O. 12988)

This rule complies with the requirements of Executive Order 12988. Specifically, this rule: (a) Meets the criteria of section 3(a) requiring that all regulations be reviewed to eliminate errors and ambiguity and be written to minimize litigation; and (b) meets the criteria of section 3(b)(2) requiring that all regulations be written in clear language and contain clear legal standards.

I. Consultation With Indian Tribes (E.O. 13175 and Departmental policy)

The Department of the Interior strives to strengthen its government-to-government relationship with Indian tribes through a commitment to consultation with Indian Tribes and recognition of their right to self-governance and Tribal sovereignty. We have evaluated this rule under the Department's consultation policy and under the criteria in Executive Order 13175 and have determined that it has no substantial direct effects on federally recognized Indian Tribes and that consultation under the Department's Tribal consultation policy is not required.

J. Paperwork Reduction Act

This rule does not contain information collection requirements, and a submission to the Office of Management and Budget under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*) is not required. We may not conduct or sponsor, and you are not required to respond to, a collection of

information unless it displays a currently valid OMB control number.

K. National Environmental Policy Act

This rule does not constitute a major Federal action significantly affecting the quality of the human environment. A detailed statement under the National Environmental Policy Act of 1969 (NEPA) is not required because the rule is covered by a categorical exclusion. This rule is excluded from the requirement to prepare a detailed statement because it is a regulation of an administrative nature. (For further information see 43 CFR 46.210(i)). We have also determined that the rule does not involve any of the extraordinary circumstances listed in 43 CFR 46.215 that would require further analysis under NEPA.

L. Effects on the Energy Supply (E.O. 13211)

This rule is not a significant energy action under the definition in Executive Order 13211. A Statement of Energy Effects is not required.

M. Administrative Procedure Act

The Act requires agencies to publish annual inflation adjustments by no later than January 15, of each year, notwithstanding section 553 of the Administrative Procedure Act (APA) (5 U.S.C. 553). OMB has interpreted this direction to mean that the usual APA public procedure for rulemaking—which includes public notice of a proposed rule, an opportunity for public comment, and a delay in the effective date of a final rule—is not required when agencies issue regulations to implement the annual adjustments to civil penalties that the Act requires. Accordingly, we are issuing the annual adjustments as a final rule without prior notice or an opportunity for comment and with an effective date immediately upon publication in the **Federal Register**.

Section 553(b) of the Administrative Procedure Act (APA) provides that, when an agency for good cause finds that “notice and public procedure . . . are impracticable, unnecessary, or contrary to the public interest,” the agency may issue a rule without providing notice and an opportunity for prior public comment. Under section 553(b), the Bureau finds that there is good cause to promulgate this rule without first providing for public comment. It would not be possible to meet the deadlines imposed by the Act if we were to first publish a proposed rule, allow the public sufficient time to submit comments, analyze the comments, and publish a final rule.

Also, the Bureau is promulgating this final rule to implement the statutory directive in the Act, which requires agencies to publish a final rule and to update the civil penalty amounts by applying a specified formula. The Bureau has no discretion to vary the amount of the adjustment to reflect any views or suggestions provided by commenters. Accordingly, it would serve no purpose to provide an opportunity for public comment on this rule prior to promulgation. Thus, providing for notice and public comment is impracticable and unnecessary.

Furthermore, the Bureau finds under section 553(d)(3) of the APA that good cause exists to make this final rule effective immediately upon publication in the **Federal Register**. In the Act, Congress expressly required Federal agencies to publish annual inflation adjustments to civil penalties in the **Federal Register** by January 15 of each year, notwithstanding section 553 of the APA. Under the statutory framework and OMB guidance, the new penalty levels take effect immediately upon the effective date of the adjustment. The statutory deadline does not allow time to delay this rule’s effective date beyond publication. Moreover, an effective date after January 15 would delay application of the new penalty levels, contrary to Congress’s intent.

BILLING CODE 4337–15–P

DEPARTMENT OF THE TREASURY

Financial Crimes Enforcement Network

31 CFR Part 1010

Financial Crimes Enforcement Network; Inflation Adjustment of Civil Monetary Penalties

AGENCY: Financial Crimes Enforcement Network (“FinCEN”), Treasury.

ACTION: Final rule.

SUMMARY: FinCEN publishes this final rule to reflect inflation adjustments to its civil monetary penalties (“CMPs”) as mandated by the Federal Civil Penalties Inflation Adjustment Act of 1990, as amended. This rule adjusts certain CMPs within the jurisdiction of FinCEN to the maximum amount required by that act.

DATES: Effective January 28, 2021.

FOR FURTHER INFORMATION CONTACT: The FinCEN Regulatory Support Section at 1–800–767–2825, or electronically at frc@fincen.gov.

SUPPLEMENTARY INFORMATION:

I. Background

In order to improve the effectiveness of civil monetary penalties (“CMPs”) and to maintain their deterrent effect,

the Federal Civil Penalties Inflation Adjustment Act of 1990, as amended, 28 U.S.C. 2461 note (the “Act”), requires Federal agencies to adjust each CMP provided by law within the jurisdiction of the agency. The Act requires agencies to adjust the level of CMPs with an initial “catch-up” adjustment through an interim final rulemaking and to make subsequent annual adjustments for inflation, without needing to provide notice and the opportunity for public comment otherwise required by 5 U.S.C. 553. The Act provides that any increase in a CMP shall apply to CMPs that are assessed after the date the increase takes effect, regardless of whether the underlying violation predated such increase.¹

II. Method of Calculation

The method of calculating CMP adjustments applied in this final rule is required by the Act. Under the Act and the Office of Management and Budget (“OMB”) guidance required by the Act, annual inflation adjustments subsequent to the initial catch-up adjustment are to be based on the percent change between the Consumer Price Index for all Urban Consumers (“CPI-U”) for the October preceding the date of the adjustment and the prior year’s October CPI-U. As set forth in OMB Memorandum M–21–10 of December 23, 2020, the adjustment multiplier for 2021 is 1.01182. In order to complete the 2021 annual adjustment, each current CMP is multiplied by the 2021 adjustment multiplier. Under the Act, any increase in CMP must be rounded to the nearest multiple of \$1.²

Procedural Matters

1. Administrative Procedure Act

Section 4(b) of the Act requires agencies, beginning in 2017, to make annual adjustments for inflation to CMPs without needing to provide notice and the opportunity for public comment required by 5 U.S.C. 553. Additionally, the methodology used for adjusting CMPs for inflation, effective 2017, is

¹ The increased CMPs, however, apply only with respect to underlying violations occurring after November 2, 2015 the date of enactment of the most recent amendment to the Act.

² FinCEN has previously described that it applied a catch-up adjustment for each penalty subject to the Act, based on the year and corresponding amount(s) for which the maximum penalty or range of minimum and maximum penalties was established or last adjusted, whichever is later. See Civil Monetary Penalty Adjustment and Table, 81 FR 42503, 42504 (June 30, 2016). Because the year varies for different penalties, penalties that were originally of the same size when promulgated can have different values today pursuant to the application of the Act.
