National Park Service

**Draft General Management Plan/
Wilderness Management Plan/Draft
Environmental Impact Statement,
Apostle Islands National Lakeshore, WI**

AGENCY: Department of the Interior,
National Park Service.

ACTION: Notice of availability of the
Draft General Management Plan/
Wilderness Management Plan/Draft
Environmental Impact Statement,
Apostle Islands National Lakeshore, WI.

SUMMARY: Pursuant to Section 102(2)(C)
of the National Environmental Policy
Act of 1969 (42 U.S.C. 4332(2)(C)), the

National Park Service (NPS) announces
the availability of the Draft General
Management Plan (GMP)/Wilderness
Management Plan (WMP)/
Environmental Impact Statement (EIS)
for Apostle Islands National Lakeshore,
Wisconsin.

This document provides a framework
for management of Apostle Islands
National Lakeshore and the Gaylord
Nelson Wilderness, including its
resources, visitors, and facilities, for the
next 15–20 years. The document
describes four alternatives for
management of the park, including a no-
action alternative, and analyzes the
environmental impacts of those
alternatives.

The NPS preferred alternative would
focus on providing opportunities for
more people to have an island
experience. Additional transportation
opportunities would be sought to
encourage visitors to come to Sand,

Basswood, and Oak Islands. Some
additional visitor facilities would be
developed on these islands. There
would be no change in the number of
public docks in the park, but some
docks would be relocated, improved, or
expanded. The Bayfield Visitor Center
would be moved closer to the water to
improve contact with visitors and to be
located with an operations center. The
Little Sand Bay Visitor Center would be
replaced with a visitor contact station.
A new ranger station and accessible
beach ramp would be developed at
Meyers Beach. Two light stations would
be restored or rehabilitated, similar to
the Raspberry Island light station. The
wilderness area would continue to be
managed as it is now, with the
exception of the Oak Island group
campsite being removed and the site
restored.

DATES: There will be a 60-day public review period for comments on this document. Comments on the GMP/WMP/EIS must be received no later than 60 days after the Environmental Protection Agency publishes its notice of availability in the **Federal Register**. Public open houses will be held at Bayfield and Madison, Wisconsin, and in Duluth and the Twin Cities, Minnesota. Specific dates, times, and locations will be announced in the local media, on the Internet at <http://www.nps.gov/apis>, and will also be available by contacting the park's headquarters at 715-779-3398, extension 102.

ADDRESSES: Copies of the GMP/WMP/EIS will be available for public inspection online at <http://parkplanning.nps.gov/apis>, by e-mail message at apis_comments@nps.gov, or by request by writing to Mr. Jim Nepstad, Chief of Planning and Resource Management, Apostle Islands National Lakeshore, Route 1, Box 4, Bayfield, WI 54814; telephone: 715-779-3398, extension 102.
