[Project No. 2361–056]

Allete, Inc.; Notice of Intent To Prepare an Environmental Assessment

On December 20, 2021, Allete, Inc. filed a relicense application for the 1.1-megawatt Prairie River Project No. 2361 (project). The project is located On the Prairie River, near the Township of Arbo in Itasca County, Minnesota. The project does not occupy Federal land.

In accordance with the Commission's regulations, on October 28, 2022, Commission staff issued a notice that the project was ready for environmental analysis (REA notice). Based on the information in the record, staff does not anticipate that licensing the project would constitute a major Federal action significantly affecting the quality of the human environment. Therefore, staff intends to prepare an Environmental Assessment (EA) on the application to relicense the project.

The EA will be issued and circulated for review by all interested parties. All comments filed on the EA will be analyzed by staff and considered in the Commission's final licensing decision.

The application will be processed according to the following schedule. Revisions to the schedule may be made as appropriate.

| Milestone | Target date |
|----------------------------|---------------------------|
| Commission issues EA | August 2023. ¹ |
| Comments on EA | September 2023. |
