

Management is now used as an approach for setting duck-hunting regulations in the United States and provides a framework for making objective decisions despite continued uncertainty about waterfowl population dynamics and regulatory impacts. The Alaska migratory bird subsistence regulations have been in existence since 2003. These developments and others make it desirable to supplement the preceding EIS documents and reexamine some of the issues associated with the issuance of annual regulations.

Issue Resolution and Environmental Review

We intend to develop a supplemental EIS on the "Issuance of Annual Regulations Permitting the Sport Hunting of Migratory Birds," beginning the process with this announcement. Federal and State agencies, private conservation organizations, and all other interested parties and individuals are invited to participate in the process by presenting their views on the subject. We seek suggestions and comments regarding the scope and substance of this supplemental EIS, particular issues to be addressed and why, and options or alternatives to be considered. In particular, in regard to the scope and substance of this supplemental EIS, we seek comments on the following:

(1) Harvest management alternatives for migratory game birds to be considered,

(2) Limiting the scope of the assessment to sport hunting (*i.e.*, exclusion of the Alaska migratory bird subsistence process), and

(3) Inclusion of basic regulations (methods and means).

Comments should be forwarded to the above address by the deadline indicated. We will conduct the development of this supplemental EIS in accordance with the requirements of the National Environmental Policy Act of 1969 as amended (42 U.S.C. 4371 et seq.), other appropriate federal regulations, and Service procedures for compliance with those regulations. We are furnishing this Notice in accordance with 40 CFR 1501.7, to obtain suggestions and information from other agencies, tribes, and the public on the scope of issues to be addressed in the supplemental EIS.

Public Scoping Meetings

A schedule of public scoping meeting dates, locations, and times is not available at this time. We will publish a notice of any such meetings in the **Federal Register**.

SUMMARY: The Secretary of the Interior is appointing tribal regional representatives to the Indian Reservation Roads (IRR) Program Coordinating Committee (Committee) as outlined under 25 CFR 170. The IRR final rules amending 25 CFR 170 include establishing a Committee to provide input and recommendations to the Bureau of Indian Affairs (BIA) and the Federal Highway Administration (FHWA) in developing IRR Program policies and procedures and to coordinate with and obtain input from tribes, BIA, and FHWA.

The Secretary announced on February 13, 2005, the request for nominations from tribal governments for representatives and alternates to serve on the Committee. Based on review of those nominations, the Secretary is announcing the representatives who will serve on the Committee in each of the 12 BIA regions.

FOR FURTHER INFORMATION CONTACT: Mr. LeRoy Gishi, Chief, Division of Transportation, Bureau of Indian Affairs, 1951 Constitution Avenue, NW., Mail Stop 20-SIB, Washington, DC 20240, Telephone 202-513-7711 or Fax 202-208-4696.

SUPPLEMENTARY INFORMATION: The IRR final rules amending 25 CFR 170, effective November 13, 2004, are the

result of negotiated rulemaking between tribal and Federal representatives under the Transportation Equity Act for the 21st Century (TEA-21). The IRR final rules include the negotiated rulemaking committee's recommendation that the Secretary of the Interior and the Secretary of Transportation establish an IRR Program Coordinating Committee to provide input and recommendations to BIA and FHWA in developing IRR Program policies and to coordinate with and obtain input from tribes, BIA, and FHWA. As recommended, the Committee will consist of 12 tribal regional representatives (one from each BIA region) and two non-voting Federal representatives (from BIA and FHWA). In addition to the 12 tribal regional representatives, the Committee will include one alternate from each BIA region who will attend Committee meetings in the absence of the tribal regional representative. Each tribal regional representative must be a tribal governmental official or employee with authority to act for the tribal government.

The Secretary must select regional tribal representatives and alternates from nominees officially proposed by the region's tribes. The Secretary will appoint the initial tribal regional representatives and alternates from each BIA region to either a 1-, 2- or 3-year appointment in order to establish a yearly, one-third change in tribal regional representatives. All appointments thereafter will be for 3-year terms. To the extent possible, the Secretary must make the selection so that there is representation from a broad

cross-section of large, medium, and small tribes. The Secretary of the Interior will provide guidance for the replacement of representatives.

The Secretary has selected 12 representatives from the regional nominees. In addition, 11 alternates have also been selected by the Secretary. No additional candidates were submitted by the Eastern Region tribes. The Secretary will entertain separate nominations from the tribes of Eastern Region. An orientation meeting for the primary and alternate committee members will be held at the BIA Southwest Regional Office, Conference Room #351, located at 1001 Indian School Road, NW, Albuquerque, NM, (505) 346-6834, on September 27-28, 2005.
