#### Agency Information Collection Activities; Submission to OMB for Review and Approval; Public Comment Request

**AGENCY:** Office of the Secretary, HHS.

**ACTION:** Notice.

**SUMMARY:** In compliance with section 3507(a)(1)(D) of the Paperwork

Reduction Act of 1995, the Office of the Secretary (OS), Department of Health and Human Services, has submitted an Information Collection Request (ICR), described below, to the Office of Management and Budget (OMB) for review and approval. The ICR is for a new collection. Comments submitted during the first public review of this ICR will be provided to OMB. OMB will accept further comments from the public on this ICR during the review and approval period.

**DATES:** Comments on the ICR must be received on or before July 18, 2014.

**ADDRESSES:** Submit your comments to *OIRA\_submission@omb.eop.gov* or via facsimile to (202) 395-5806.

**FOR FURTHER INFORMATION CONTACT:** Information Collection Clearance Officer, *Sherrette.funn@hhs.gov* or (202) 690-6162.

**SUPPLEMENTARY INFORMATION:** When submitting comments or requesting information, please include the Information Collection Request Title and document identifier HHS-OS-0990-new-30D for reference.

**Information Collection Request Title:** Education and Training of Healthcare Providers as a Coordinated Public Health Response to Violence Against Women Project.

**Abstract:** The Office on Women's Health (OWH) is seeking a new clearance to conduct a one year data collection associated with the pilot and evaluation of an eLearning course developed as part of the "Education and Training of Healthcare Providers as a Coordinated Public Health Response to Violence Against Women Project". The purpose of this data collection is to gather data from healthcare providers who have volunteered to participate in the pilot and evaluation of an e-learning course designed to educate and train healthcare providers on how to respond to intimate partner violence (IPV) against women. Information obtained from this data collection will be used to identify areas of improvement and measure the effectiveness of the e-learning course in educating healthcare providers about IPV, addressing attitudinal barriers to IPV screening, and increasing IPV screening in clinical practice. This data will also help identify any problems in the navigation and functioning of the e-learning course. The results of this evaluation will assist

OWH in making revisions to the course and subsequently coordinating a national launch, making the e-learning course available to healthcare providers across the U.S. All data collection forms and activities will be used within a year time frame.

**Need and Proposed Use of the Information:** The piloting and evaluation of this eLearning course supports the DHHS and OWH's overall mission and strategic plan. It supports the DHHS objective of implementing "prevention policies, programming, and interventions to prevent and respond to individuals, families, and communities impacted by domestic violence". It also enhances OWH's capacity to provide healthcare providers with accurate, evidence-based information and identify innovative educational strategies. Furthermore, the results will also aid in the planning and development of future OWH and other public and private sector initiatives to promote IPV awareness and screening in the healthcare setting. Knowledge gained from the evaluation will inform federal, public, and private sector on how IPV knowledge, attitude, and practices may differ between healthcare providers and healthcare settings.

**Likely Respondents:** The respondents for this pilot and evaluation are healthcare providers (physicians, nurses, and social workers) who are members of professional associations and who provide services in Nevada, Oklahoma, and South Carolina.

**Burden Statement:** Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions, to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information, to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information, and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

## TOTAL ESTIMATED ANNUALIZED BURDEN—HOURS

Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total burden hours
Pre-Assessment .....	1600	1	25/60	667
Post-Assessment .....	1600	1	25/60	667
Follow-up Assessment .....	1600	1	25/60	667
Total .....	.....	.....	.....	2001

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Agency Information Collection Activities: Proposed Collection; Comment Request; Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery

**AGENCY:** U.S. Department of Health and Human Services.

**ACTION:** 30-Day notice of submission of information collection approval from the Office of Management and Budget and request for comments.

**SUMMARY:** As part of a Federal Government-wide effort to streamline the process to seek feedback from the public on service delivery, U.S. Department of Health and Human Services has submitted a Generic Information Collection Request (Generic ICR): “Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery” to OMB for approval under the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 et. seq.).

**DATES:** Comments on the ICR must be received on or before July 18, 2014.

**ADDRESSES:** Submit your comments to [OIRA\\_submission@omb.eop.gov](mailto:OIRA_submission@omb.eop.gov) or via facsimile to (202) 395–5806.

**FOR FURTHER INFORMATION CONTACT:** Report Clearance Officer, [Sherrette.Funn@HHS.GOV](mailto:Sherrette.Funn@HHS.GOV) or (202) 690–6162.

#### SUPPLEMENTARY INFORMATION:

*Title:* Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery

*Abstract:* The information collection activity will garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Administration’s commitment to improving service delivery. By qualitative feedback we mean information that provides useful

insights on perceptions and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative and actionable communications between the Agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

Feedback collected under this generic clearance will provide useful information, but it will not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: the target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential non-response bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior to fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results.

The Agency received no comments in response to the 60-day notice published in the **Federal Register** of April 3, 2014 (79 FR 18692).

Below we provide U.S. Department of Health and Human Services projected

average estimates for the next three years:<sup>1</sup>

*Current Actions:* Extension of approval for a collection of information.

*Type of Review:* Extension

*Affected Public:* Individuals and households, businesses and organizations.

*Average Expected Annual Number of activities:* 15

*Respondents:* 200,000 per activity

*Annual responses:* 3,000,000 annually

*Frequency of Response:* Once per request

*Average minutes per response:* 10

*Burden hours:* 500,000 hours annually

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid Office of Management and Budget control number.
