

potential for sediment discharge and increased turbidity in the Strait of Juan de Fuca and Harbor, as well as degradation of water quality within marine waters and creeks that are currently listed under the Clean Water Act Section 303(d) for low dissolved oxygen and fecal coliform.

Rating EC2.

EIS No. 20070092, ERP No. DC-COE-E36167-FL, Central and Southern Florida Project, Tamiami Trail Modifications, Modified Water Deliveries to Everglades National Park, Acquisition of Real Estate Rights to Portions of Privately Owned Properties along the Tamiami Trail, Dade County, FL.

Summary: EPA continues to support the proposed partial bridging and elevation of Tamiami Trail as a component of Everglades restoration, and has no objection to the proposed project.

Rating LO.

Final EISs

EIS No. 20070029, ERP No. F-GSA-B40096-ME, Madawaska Border Station Project, Replacement of Existing Border Station in Madawaska, Selected the Build Alternative, International Border between United States and Canada, Aroostook County, ME

Summary: EPA does not object to the proposed project, and continues to encourage the GSA to further investigate an anti-idling program for the project.

Meeting of the National Drinking Water Advisory Council—Notice of Public Meeting

AGENCY: Environmental Protection Agency.

ACTION: Notice.

SUMMARY: Under Section 10(a)(2) of Public Law 92-423, "The Federal Advisory Committee Act," notice is hereby given of a meeting of the National Drinking Water Advisory Council (NDWAC), established under the Safe Drinking Water Act, as amended (42 U.S.C. 300f *et seq.*). The topics to be discussed and considered by the Council include EPA and utility activities to address emerging contaminants and climate change. EPA will consult with the Council on the Aircraft Drinking Water Rule and Lead and Copper Rule Revisions. The Council

will also be briefed on activities to improve waterborne disease outbreak surveillance; investigation and reporting; activities to advance sustainable infrastructure and water security; and activities related to developing a management framework for geosequestration of carbon dioxide. If time permits, the Council will also be updated on the status of other regulatory and implementation activities underway in the national drinking water protection program.

DATES: The Council meeting will be held on May 23, 2007 from 1 p.m. to 5:30 p.m., May 24, 2007 from 9 a.m. to 5:30 p.m., and May 25, 2007 from 8:30 a.m. to noon, Eastern time.

ADDRESSES: The meeting will be held at the Courtyard Marriott Hotel, which is located at 8506 Fenton Street, Silver Spring, Maryland 20910.

FOR FURTHER INFORMATION CONTACT: Members of the public who would like to attend the meeting, present an oral statement, or submit a written statement, should contact Daniel Malloy, by e-mail at malloy.daniel@epa.gov, by phone 202-564-1724, or by regular mail at the U.S. Environmental Protection Agency, Office of Ground Water and Drinking Water (MC 4601M), 1200 Pennsylvania Avenue, NW., Washington, DC 20460.

SUPPLEMENTARY INFORMATION: The meeting is open to the public. The Council encourages the public's input and will allocate one hour (4:45-5:45 p.m.) on May 24, 2007 for this purpose. Oral statements will be limited to five minutes. It is preferred that only one person present the statement on behalf of a group or organization. To ensure adequate time for public involvement, individuals or organizations interested in presenting an oral statement should notify Daniel Malloy by telephone at 202-564-1724, no later than May 15, 2007. Any person who wishes to file a written statement can do so before or after a Council meeting. Written statements received by May 15, 2007 will be distributed to all members of the Council before any final discussion or vote is completed. Any statements received by May 15, 2007 or after the meeting will become part of the permanent meeting file and will be forwarded to the Council members for their information.

Special Accommodations

For information on access or services for individuals with disabilities, please contact Dan Malloy at 202-564-1724 or by e-mail at malloy.daniel@epa.gov. To request accommodation of a disability, please contact Dan Malloy, preferably at

least 10 days prior to the meeting to give EPA as much time as possible to process your request.

Dated: May 1, 2007.

Pamela S. Barr,
Acting Director, Office of Ground Water and Drinking Water.

Guidance for Pesticide Registrants on Small-Scale Field Testing and Low-Level Presence in Food of Plant-Incorporated Protectants (PIPs); Notice of Availability

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Agency is announcing the availability of a Pesticide Registration Notice (PR Notice) titled "Guidance on Small-Scale Field Testing and Low-Level Presence in Food of Plant-Incorporated Protectants (PIPs)." PR Notices are issued by the Office of Pesticide Programs (OPP) to inform pesticide registrants and other interested persons about important policies, procedures, and registration related decisions, and serve to provide guidance to pesticide registrants and OPP personnel. The PR Notice provides guidance to the registrant concerning clarification on the process by which EPA reviews and ensures the safety of low-level residues of PIPs in food or feed, and the conditions under which a tolerance or exemption from the requirement of a tolerance would be required for field tests for biotechnology-derived food and feed crop plants containing PIPs.

FOR FURTHER INFORMATION CONTACT: Patricia Moe, Biopesticides and Pollution Prevention Division, Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (703) 305-0744; fax number: (703) 308-7026; e-mail address: moe.patricia@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general. Although this action may be of particular interest to those persons who are involved in plant breeding using PIPs including but not limited to academic researchers, seed companies,

and PIP registrants. Since other entities may also be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the information in this notice, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

II. What Guidance Does the PR Notice Provide?

The PR Notice provides guidance to the registrant concerning the policies described in the August 2, 2002 **Federal Register** (67 FR 50578) notice on "Proposed Federal Actions to Update Field Test Requirements for Biotechnology Derived Plants and to Establish Early Food Safety Assessments for New Proteins Produced by Such Plants" issued under the auspices of the Office of Science and Technology Policy (OSTP). The OSTP notice was issued to outline what measures federal agencies would take to prevent low levels of biotechnology derived genes and gene products from being found in commercial food and feed. The OSTP notice stated that EPA would rely on existing processes and publish guidance for individuals and organizations conducting field testing of PIPs. The PR Notice describes those existing rules along with the existing procedures related to them. Additionally, the PR Notice provides guidance on residue containment in small-scale field testing and the kinds of information that EPA has received to support the PIP tolerances issued thus far.

III. Do PR Notices Contain Binding Requirements?

The PR Notice discussed in this notice is intended to provide guidance to EPA personnel and decision makers and to pesticide registrants. While the requirements in the statutes and Agency regulations are binding on EPA and the applicants, the PR Notice is not binding on either EPA or pesticide registrants, and EPA may depart from the guidance where circumstances warrant and without prior notice. Likewise, pesticide registrants may assert that the guidance is not appropriate generally or not applicable to a specific pesticide or situation.

List of Subjects

Environmental protection, Administrative practice and procedure, Agricultural commodities, Pesticides and pests.
