OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

[Docket No. USTR-2015-0016]

2015 Special 301 Out-of-Cycle Review of Notorious Markets: Request for Public Comments

AGENCY: Office of the United States Trade Representative.

ACTION: Notice of request for public comments.

SUMMARY: The Office of the United States Trade Representative (USTR) requests written comments from the public identifying Internet and physical markets based outside the United States that should be included in the 2015 Notorious Markets List. In 2010, USTR began publishing the Notorious Markets List separately from the annual Special 301 Report as an "Out-of-Cycle Review." The Notorious Markets List (List) identifies online and physical marketplaces that reportedly engage in and facilitate substantial copyright piracy and trademark counterfeiting.

DATES: The deadline for interested parties to submit written comments is 11:59 p.m. (EDT) on October 5, 2015. Interested parties who wish to provide rebuttal or other information to be considered during the review may do so through this docket until 11:59 p.m. (EDT) on October 12, 2015.

ADDRESSES: All written comments should be filed electronically via www.regulations.gov, Docket Number USTR-2015-0016, and be consistent with the requirements set forth below. When filing a submission, please include the phrase "2015 Out-of-Cycle Review of Notorious Markets" in the "Type Comment" field.

FOR FURTHER INFORMATION CONTACT: Christine Peterson, Director for Intellectual Property and Innovation, Office of the United States Trade Representative, at Special301@ustr.eop.gov. Information on the Special 301 Review, including the Notorious Markets List, is available at www.ustr.gov.

SUPPLEMENTARY INFORMATION:

1. Background

The United States is concerned with trademark counterfeiting and copyright piracy on a commercial scale because they cause significant financial losses for rights holders, legitimate businesses, and governments, undermine critical U.S. comparative advantages in innovation and creativity to the detriment of American workers, and potentially pose significant risks to consumer health and safety as well as

privacy and security. The List identifies select online and physical marketplaces that reportedly engage in or facilitate substantial copyright piracy and trademark counterfeiting.

Beginning in 2006, USTR identified notorious markets in the annual Special 301 Report. In 2010, pursuant to the Administration's 2010 Joint Strategic Plan on Intellectual Property Enforcement, USTR announced that it would begin publishing the List as an Out-of-Cycle Review, separately from the annual Special 301 Report. USTR published the first such List in February 2011. USTR develops the annual List based upon public comments solicited through the **Federal Register** and in consultation with other Federal agencies that serve on the Special 301 Subcommittee of the Trade Policy Staff Committee.

The United States encourages owners and operators of markets reportedly involved in piracy and counterfeiting to adopt business models that rely on the licensed distribution of legitimate content and products and to work with rights holders and enforcement officials to address infringement. We also encourage responsible government authorities to intensify their efforts to investigate reports of piracy and counterfeiting in such markets, and to pursue appropriate enforcement actions.

The List does not purport to reflect findings of legal violations, nor does it reflect the United States Government's analysis of the general intellectual property rights (IPR) protection and enforcement climate in the country or countries concerned. For an analysis of the IPR climate in particular countries, please refer to the annual Special 301 Report, published each spring no later than 30 days after USTR submits the National Trade Estimate to Congress.

2. Public Comments

a. Written Comments

USTR invites written comments from the public concerning examples of Internet and physical notorious markets, including foreign trade zones that allegedly facilitate substantial trademark counterfeiting and copyright piracy. Commenters are requested to support their nominations with the information listed in Section 2.b.

b. Requirements for Comments

To receive full consideration, written comments should be as detailed as possible. Comments must clearly identify the market and the reason or reasons why the commenter considers that the market should be included in the Notorious Markets List.
