SUPPLEMENTARY INFORMATION: These final regulations incorporate changes made to the HEA by the HEOA. These changes align the program regulations with the changes made to the programs by the HEOA, including revised program descriptions, eligibility criteria, and activities.

The following discussion describes each of the changes made to the regulations and the specific statutory change in the HEA on which the regulatory change is based.

General

Statute: The HEOA amended numerous sections of the HEA to refer to “consortia” of institutions of higher education rather than “combinations” of

institutions of higher education. Specifically, section 610 of the HEOA amended sections 603(a) and 604(a)(5) of the HEA by replacing the word “combination” with the word “consortium” each time it appears. Similarly, section 602(1) of the HEOA amended section 602(a)(1) of the HEA by replacing the word “combination” with the word “consortium.” Finally, section 604(1) of the HEOA amended section 604(a)(1) of the HEA by replacing references to the words “combination” and “combinations” with the words “consortium” and “consortia,” respectively.

Regulatory Change: To better reflect the language in the statute, we have revised the following regulatory sections to refer to “consortium” and “consortia” (as appropriate) rather than “combination” and “combinations”: 34 CFR 655.4(b), 34 CFR 656.1 and 656.2, 34 CFR 657.2, and 34 CFR 658.1, 658.2, 658.10, 658.30, 658.32, and 658.35.

International Education Programs—General Provisions

Statute: None.

Regulatory Change: We have corrected two errors in part 655. First, in § 655.4(b), we have replaced the words “definition applies” with the words “definitions apply” because that paragraph provides definitions for multiple terms. Second, we have corrected the language in § 655.10 to identify the appropriate subparts of 34 CFR parts 656, 657, 658, 660, 661 and 669 that describe the kinds of projects that the Secretary assists under the International Education Programs.

NRC Program

Statute: Section 602(1)(B)(iii) of the HEOA amended section 602(a)(2) of the HEA by expanding the types of activities for which grantees may use funds under the National Language and Area Centers and Programs authority. The Department operates the NRC Program under this authority.

Regulatory Change: In the NRC Program regulations, we have expanded § 656.3 to include the activities added to section 602(a)(2) of the HEA by the HEOA. As amended, § 656.3 now states that a comprehensive or undergraduate National Resource Center (i) supports instructors of the less commonly taught languages, and (ii) encourages projects that support students in the science, technology, engineering, and mathematics fields to achieve foreign language proficiency.

Statute: Section 602(1)(C) of the HEOA expanded section 602(a)(4) of the HEA, which describes the outreach and summer institute grants that the

Secretary may make to centers and programs under the NRC Program.

Regulatory Change: We have amended § 656.5 to incorporate the new activities that may be funded by an outreach or summer institute grant under section 602(a)(4) of the HEA. Consistent with the statutory changes made, we have added a new § 656.5(b)(3) to clarify that the Secretary may support a center for the purpose of linkage or outreach between or among postsecondary programs or departments in foreign language, area studies, or other international fields, and State educational agencies and local educational agencies.

Statute: Section 607(2) of the HEOA amended section 607(b) of the HEA to add two factors to be considered by the Secretary when awarding grants under section 602 of the HEA, governing the NRC and FLAS programs. Specifically, section 607(2) directs the Secretary to (1) take into account the degree to which activities of centers, programs, and fellowships at institutions of higher education address national needs, and generate information for and disseminate information to the public and (2) consider an applicant’s record of placing students into post-graduate employment, education, or training in areas of national need and an applicant’s stated efforts to increase the number of such students that go into such placements.

Regulatory Change: In the NRC Program regulations, we have added the two new selection criteria as paragraphs (3) and (4) in §§ 656.21(c) and 656.22(c). We have also added the two new criteria as paragraphs (3) and (4) in § 657.21(c) in the FLAS Program regulations.

FLAS Program

Statute: Section 602(2)(B) of the HEOA amended section 602(b)(2) of the HEA to provide that undergraduate students, in addition to graduate students, may be eligible for fellowships under the FLAS Program.

Regulatory Change: Consistent with the statutory changes made to section 602(b)(2) of the HEA, we have amended §§ 657.1(a), 657.3, and 657.21 to clarify that both graduate students and undergraduate students are eligible for fellowships under the FLAS Program. The changes made to § 657.3 (Who is eligible to receive a fellowship?) incorporate the statutory language reflected in section 602(b)(2) of the HEA and describe the respective activities in which an undergraduate student and graduate student must engage in order to be eligible for a FLAS fellowship.

Statute: Section 602(3) of the HEOA amended section 602(d) of the HEA,

which describes the allowances that may be included in a fellowship to an undergraduate or graduate student under the FLAS Program.

Regulatory Change: We have revised § 657.31(a)(4) to better align the regulatory language regarding allowances for stipends awarded to graduate level recipients with the statutory language describing these allowances. We also have added a new § 657.31(a)(5) to provide, consistent with section 602(d)(2) of the HEA, that a stipend awarded to an undergraduate level recipient may include an allowance for educational programs in the United States or educational programs abroad that meet certain criteria.

UISFL Program

Statute: Section 604(2) of the HEOA amended section 604(a)(2) of the HEA by adding a new allowed use of funds under the (UISFL) Program and by amending an existing allowed use of funds.

Regulatory Change: We have amended § 658.11 to reflect the additional activities for which funds may be used under the Undergraduate International Studies and Foreign Language Program. Specifically, we have revised the language in § 658.11(b)(5) to better align with the statutory language describing the pre-service teacher training and in-service teacher professional development that can be conducted under the program. Also, in new § 658.11(j), consistent with the additions made to section 604(a)(2) of the HEA, we have added as an allowable activity the provision of grants for educational programs abroad that are closely linked to the UISFL Program's goals and that promote foreign language fluency and knowledge of world regions.

Statute: Section 604(6) of the HEOA amended section 604 of the HEA by adding a new paragraph (c)(2) to specify that UISFL Program grantees may not use more than ten percent of the funds received under a UISFL Program grant for the purpose described in section 604(a)(2)(I) of the HEA (*i.e.*, providing grants for educational programs abroad that are closely linked to the UISFL Program's goals and that promote foreign language fluency and knowledge of world regions).

Regulatory Change: We have amended § 658.40 by adding a new paragraph (b) to incorporate this restriction on the use of funds.

Statute: Section 604(3) of the HEOA amended section 604(a)(4)(B) of the HEA to require institutions seeking a waiver or reduction of their non-Federal share to demonstrate, in their grant

applications, their need for a waiver or reduction.

Regulatory Change: We have revised § 658.41(d)(2) to clarify that the Secretary may waive or reduce a UISFL Program grantee's non-Federal share for the project, but that the grantee's application must demonstrate a need for a waiver or reduction.

IRS Program

Statute: Section 605 of the HEOA amended section 605(a) of the HEA by expanding the activities authorized under the IRS Program. Research and studies supported under the IRS Program now include: (i) Evaluations of the extent to which programs assisted under title VI of the HEA reflect diverse perspectives and a wide range of views and generate debate on world regions and international affairs, as described in the grantee's application; (ii) the systematic collection, analysis, and dissemination of data that contribute to achieving the purposes of title VI, part A of the HEA; and (iii) support for programs or activities to make data collected, analyzed, or disseminated under this part publicly available and easy to understand.

Regulatory Change: We have amended §§ 660.1 and 660.10 to include these newly authorized activities. The new activities are listed in paragraphs (j), (k), and (l) of § 660.1 (What is the International Research and Studies Program?) and in paragraphs (k), (l), and (m) of § 660.10 (What activities does the Secretary assist?).

BIE Program

Statute: Section 611(b) of the HEOA amended section 613(c) of the HEA to require applicants to provide an assurance that, where applicable, the activities funded by a grant made under the BIE Program will reflect diverse perspectives and a wide range of views on world regions and international affairs.

Regulatory Change: We have amended § 661.20 by adding a new paragraph (c) to require applicants to make this assurance in their applications for funding under the BIE Program.

Executive Order 12866

Under Executive Order 12866, the Secretary must determine whether this regulatory action is "significant" and therefore subject to the requirements of the Executive order and review by OMB. Section 3(f) of Executive Order 12866 defines a "significant regulatory action" as an action likely to result in a rule that may (1) have an annual effect on the economy of \$100 million or more, or adversely affect a sector of the economy,

productivity, competition, jobs, the environment, public health or safety, or State, local or tribal governments, or communities in a material way (also referred to as an "economically significant" rule); (2) create serious inconsistency or otherwise interfere with an action taken or planned by another agency; (3) materially alter the budgetary impacts of entitlement grants, user fees, or loan programs or the rights and obligations of recipients thereof; or (4) create novel legal or policy issues arising out of legal mandates, the President's priorities, or the principles set forth in the Executive order. The Secretary has determined that this regulatory action is not significant under the Executive order.

Potential Costs and Benefits

Under Executive Order 12866, we have assessed the potential costs and benefits of this regulatory action.

The potential costs associated with these final regulations are those resulting from statutory requirements for these discretionary grant programs. However, because the Secretary has chosen to regulate only to the extent necessary to reflect changes made to the HEA by the HEOA, the potential costs associated with the regulations are minimal. The benefits of these final regulations will be clarification of the requirements governing these programs that will facilitate future competitions for awards under these programs. In assessing these costs and benefits we have determined that the benefits justify the costs.

We also have determined that this regulatory action does not unduly interfere with State, local, and tribal governments in the exercise of their governmental functions.

Waiver of Proposed Rulemaking

Under the Administrative Procedure Act (APA) (5 U.S.C. 553), the Department is generally required to publish a notice of proposed rulemaking and provide the public with an opportunity to comment on proposed regulations prior to issuing final regulations. However, the APA provides that an agency is not required to conduct notice-and-comment rulemaking when the agency for good cause finds that notice and comment are impracticable, unnecessary or contrary to the public interest. These regulations reflect statutory changes made to the HEA by the HEOA that are already effective and do not establish or affect existing policy. Therefore, under 5 U.S.C. 553(b)(B), the Secretary has determined that a notice of proposed rulemaking is unnecessary and contrary

to the public interest and thus not required with regard to these regulations.

Regulatory Flexibility Act Certification

The Secretary certifies that these regulations will not have a significant economic impact on a substantial number of small entities. The regulations impose minimal requirements to ensure the proper expenditure of program funds.

Paperwork Reduction Act of 1995

These regulations do not contain any information collection requirements.

Intergovernmental Review

The National Resource Centers Program, Foreign Language and Area Studies Fellowships Program, Undergraduate International Studies and Foreign Language Program, and Business and International Education Program are subject to Executive Order 12372 and the regulations in 34 CFR part 79. One of the objectives of the Executive Order is to foster an intergovernmental partnership and a strengthened federalism. The Executive Order relies on processes developed by State and local governments for coordination and review of proposed Federal financial assistance.

Assessment of Educational Impact

In accordance with section 411 of the General Education Provisions Act, 20 U.S.C. 1221e-4, and based on our own review, we have determined that these regulations do not require transmission of information that any other agency or authority of the United States gathers or makes available.
